BAVARIA IGNORES VISIT OF CHANCELLOR STRESEMANN

Statesman Is Given Cold Shoulder on Political Tour in Stronghold of Monarchism

(BY CABLE-EXCLUSIVE DISPATCH)

MUNICH, Aug. 25.—Despite repeated warnings that his life would not be worth a paper mark if he came to Bavaria, Chancellor Stresemann entered the "confederate" stronghold today. He got the cold shoulder. On arriving at the railroad station, the new Chancellor, who went to investigate, personally, continued reports of the Bavarian dissatisfaction and the possibilities of Bavaria establishing an independent dictatorship under monarchist control, found no one to meet him except a few railroad workers, who respectfully lifted their hats. Chancellor Stresemann lifted his also.

HEAT WAVE HITS REGION OF BAY CITY

Other California Towns Also Feel Depression of High Temperatures

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, Aug. 25.—San Francisco ran about of a weather today which caused her population to seek the beachside and the green leafy parks. The Weather Bureau reported the highest temperature for the day here was 82 and the lowest of last night was 62 degrees. Not alone did San Francisco suffer with the heat, but mingled in with it was a depressing humidity—an atmospheric condition which seldom exists here.

The heat wave, however, appeared to have been general. Red Bluff, located in the foothill region of Northern California, encountered hotter weather than did San Francisco. The temperature here was 84 degrees while Yuma's was 86 degrees. The heat wave, however, appeared to have been general. FARMER NOT FORGOTTEN

Special Session Inexpedient

Coolidge in Letter to Idaho Senator Outlines Views on Relief Problem

No Plan to be Considered if It Lacks Constructive Suggestions

(EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 25.—Congressional action to aid the farmer does not seem expedient, President Coolidge declared in a letter to Senator Gooding, Republican, Idaho, made public today.

Senator Gooding, a member of the Senate agricultural bloc, had called on the President urging him to call an extra session of Congress to aid the farmer.

Further, when the President declined the request, Senator Gooding declared in a letter to the President that the farmer was not forgotten.

Washington, Aug. 25.—The President's letter to Senator Gooding, dated the 14th inst., follows:

"Your telegram relative to the agricultural and coal situation has been received. The Congress has already had before it the coal problem and has authorized the investigation and the report of the commission which has been and is actively engaged in the investigation of the coal situation.

HOPE TO END COAL CRISIS

New Conference Agreed to

Government Experts Start for Harrisburg to Aid Gov. Pinchot

Operators and Miners Will Attend Session, but Get Ready to Strike

(EXCLUSIVE DISPATCH)

WASHINGTON, Aug. 25.—In accordance with President Coolidge's promise of complete co-operation between the Federal and the Pennsylvania State authorities to bring about a settlement of the anthracite controversy, experts of the United States Coal Commission left today for Harrisburg to assist Gov. Pinchot in the negotiations which will open with the miners and operators Monday.

They carried with them statistics and data gathered by the coal commission since its creation by Congress last year. This data which was largely upon labor and production of anthracite in the industry, may prove helpful to Gov. Pinchot, it is believed, if he undertakes to propose a basis of agreement for the settlement of the anthracite controversy.

KLANSMAN IS KILLED IN BATTLE OVER PARADE

Many Persons Injured When Crowd Blocks Marchers in Pittsburgh Suburb; Deputies Called

(BY A. P. NIGHT WIRE)

PITTSBURG (Pa.) Aug. 25.—A force of deputy sheriffs was rushed to Carnegie, a suburb, late tonight when a crowd of about 500 persons blocked a street and stopped a parade of Ku Klux Klansmen. The parade was led by an automobile, but the klansmen on foot were reported to extend back for more than a mile.

After a momentary pause the parade broke through the crowd and continued through the town singing "Onward, Christian Soldiers."

A number of shots were fired and one man, dressed in white robes, is known to have been killed. He died in a physician's office, shot through the head.

Many persons were injured in the fighting which was in progress more than an hour after the first outbreak. The force of deputy sheriffs was reinforced by all available uniformed Pittsburgh policemen and Allegheny county detectives.

THIRTY-EIGHT SAVED IN WRECK OF SUBMARINE

Dramatic Rescue of Men Off Coast of Alaska Told on Arrival of Mine Sweeper Here

First details of one of the most dramatic sea rescues in the history of the United States Navy were learned at Los Angeles Harbor yesterday with the return from Alaskan waters of the submarine tender Beaver, the minesweeper Ortolan and the plant submarines S-31, S-32, S-33 and S-38.

The Ortolan is back at her home base after rescuing the submarine S-33 and saving her crew of thirty-eight officers and men from death in seventeen fathoms of ice-choked water, under the shadow of the Arctic Circle. The story of the rescue, told yesterday by officers of the fleet, presents one of the most dramatic examples of seamanship and courage in the history of the service.

The S-33 was one of the four submarines that departed this port June 9, last, under convoy of the U.S.S. Beaver and the minesweeper Ortolan and a Canadian minesweeper, the expedition in the Bering Sea and along the Alaskan coast. The expedition, in command of Capt. Amos Brown, Jr., fought its way northward against northwesterly gales and mountainous seas without mishap until the Canadian ran aground in the storm and was totally wrecked.

On July 19, while driving against heavy seas in Chirikof Strait, the entire crew was torn off one of the S-33's valves. The sea rushed into her motor room, amidships, at such a rate that her entire crew, with the exception of three men on deck, was trapped in the after compartments. Distress signals were dispatched immediately by the men on deck to the Ortolan, cruising several hundred yards offshore.

The giant underwater craft, forced down by the weight of fifty-seven tons of water in her amidships compartment, settled immediately by the stern. The Ortolan, rushing to the scene at top speed, secured a line to the bow of the sinking craft just before it would have gone beneath the surface. This line saved the crew of the S-33 from certain death, declare her officers.

IN DEEP WATER
The accident occurred in 192 feet of water; the S-33 has a length of 218 feet. Her stern settled until it rested on the floor of the sea, the bow being held above the surface by the line attached to the Ortolan. The crew of the submarine, trapped beyond the water-filled compartment, was helpless in the after section of the craft. Divers, however, were sent down from the Ortolan immediately in the ice-cold water and within four hours had cut a hole in the submarine's hull and attached two air hoses. Air was then pumped in from the minesweeper and fourteen hours later the S-33 came to the surface by her own buoyancy.

Every member of the trapped crew was still conscious when rescue parties reached the after section of the vessel, although practically every man was in a serious condition from lack of proper air. The S-33 was later beached.

HIRAM CALLED A "HAS-BEEN"

(Continued from First Page)

solemn of our monuments, speaks of Hiram Johnson's "menacing silence." Isn't it probable that the silence of the man who has been called a "has-been" is only a temporary respite? Diving boldly into the boundless sea of the Congressional Record, a statistician has brought out the discovery that in the Congress the "Progressives" in spite of the paucity of their numbers, talk twenty-five times as much as the "regulars." Somber thoughts must, indeed, through the majestic brain chambers of that son of the Golden West, Senator Moses, a Wood man in 1920, tore himself suddenly from his support of the Republican party. He came into sight. Senator Borah recognized the obvious political situation. If Mr. Coolidge's administration is to be a success, it must be nominated by the Republicans. If his leadership fails, if he does not lead the "Progressives" to victory, if the old wrangles and divisions are renewed or increased the nomination will be empty, whoever gets it.

SURVEY WORK DONE
The entire Alaska and Unalakleet, as well as the Aleutian and Pribilof Islands, were surveyed and charted completely by navy topographic experts accompanying the expedition. All harbors, bays and inlets were also sounded and charted for future use as American naval bases, according to members of the expedition.

Mother Tells Authorities of Boy Acquaintances

(BY A. P. NIGHT WIRE)
COLORADO SPRINGS (Colo.) Aug. 25.—Police this afternoon began a questioning of R. H. Suttle, Jr., husband of the 17-year-old girl who was slain in her bed here Thursday morning, and Mr. and Mrs. R. H. Suttle, Sr., who have been under the names of Delmas, Miller and Williams.

LETTERS FOUND
A search of Fernandez's room, according to the police, disclosed a large number of letters. According to officers, the handwriting in the letters was said to bear a close resemblance to that of the girl. When Elsie returned recently from a visit to Denver she continued to live, and they had a slight argument over that desire, the young husband said today. It was also learned that young Suttle, upon becoming suspicious that some one had been prowling around the home at night, had taken a shotgun to have on hand, but that he later discovered that the shot from the shotgun had been fired.

MOTHER QUESTIONED
Questioning of Mrs. E. C. Lowe, mother of the murdered girl, and also the stepfather, continued today. Mrs. Lowe is a widow and lives in a small house on the corner of Broadway and Broadway. She is a native of Colorado and has been married to her present husband for several years. She is a native of Colorado and has been married to her present husband for several years. ONE ARRESTED
Less than a week later, Granville Blair was arrested in an apartment at 321 West Twenty-seventh street, where he was found nearly dead from a bullet wound in his neck, and was identified by Antik as one of the four that had held him up. More than \$1000 was recovered from Blair, who was removed to the General Hospital, where he recovered and since then has been held to answer for the robbery. His wife, who was found in the apartment at the time of his arrest, was also arrested but later released.

Spence declared that the anguish and suffering he underwent while his wife threatened him were more than he could stand.

RUM RATIONS, CLAIM TO FAME

General Who Gave English Troops Their Grog, Is Dead

(Special Foreign Correspondent's LONDON, Aug. 25.—)

Lieut.-Gen. Edward Hutton has died at the age of 75. He was a noted soldier in the India, Zulu, Boer and Egyptian campaigns and the great war. But his greatest claim to fame rests upon his vigorous public advocacy of rum rations for British troops on active service, which he won for them, and which they have to this day.

OTHERS SOUGHT
The hunt for the other three bandits that took part in the San Diego robbery was continued last night. Their names are known to the police as Abe Frank, William West and Harry Brown. They also believed to have been wounded by the bullets from Antik's gun.

Dowdy's age is given by the police as 31 years, but Dowdy, himself, says he is only 28. When arrested, he was wearing a dark suit and a white shirt. He was also wearing a dark tie and a dark jacket. He was also wearing a dark hat and a dark coat. He was also wearing a dark pair of shoes and a dark pair of socks.

MUCH HARD COAL ALREADY IN BINS

(BY A. P. NIGHT WIRE)
NEW YORK, Aug. 25.—Thirty-two million tons of hard coal in domestic bins will be in the bins of the consuming states waiting distribution by September 1, the date of the threatened suspension of mining, the Anthracite Bureau of Information estimated today. This figure represents roughly 45 per cent of the 70,000,000 tons of fresh mined anthracite consumed by the United States, Canada and Mexico each year. It represents 35 per cent of a total annual production of 90,000,000 tons including coal used by the mines sold to the government or to railroads or mined by the Hudson Coal Company, which does not publish data on its business.

ORGANIZE STATE VOTERS' LEAGUE

Senator Jones Sponsor of "Progressive" Body

Albert E. Boynton is Named Vice-President

Pledged to Save Certain Threatened Laws

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Aug. 25.—

The Progressive Voters' League of California was formed here today "to restore, maintain and promote a progressive State government." State Senator Herbert C. Jones, San Jose, was elected president.

Senator Jones announced to those who had come to form the organization that they were organized together to "defend the principles of progressivism from destruction at the hands of the reactionaries." He said "The time has come for progressives to act and defend what they have so dearly won."

The organization pledged itself to "save certain of the present laws that are threatened."

Other officers chosen are Mrs. Aaron Schless, Berkeley; Charles L. Neumann, Stockton, and Albert E. Boynton, Orville, vice-president. Three Southern California vice-presidents will be named later. The platform adopted follows in part:

"We believe that the progressive activities and institutions of California are now being endangered through the attempted domination of our State government by the same type of reactionary special interests which oppose them from the beginning to the end of the last twelve years in California."

"We believe that the apparent policies of the present State administration as demonstrated by an obstinate refusal to give a fair measure of support to these progressive, educational and humanitarian activities and institutions, are now threatening to nullify the splendid governmental accomplishments of the last twelve years in California."

"We believe that a deliberate attempt has been and is being made to nullify the progressive activities and institutions of California by meaningless promises that withdrawal of adequate support from these progressive activities and institutions will mean lower taxes for the people whereas taxes throughout the State are actually being increased, and unnecessary governmental functions are being curtailed or abandoned."

"We believe that when once this situation is placed in its true light before the men and women of California, an aroused public sentiment will speedily demand the safeguarding of California's wise constructive legislation of the last twelve years and the restoration and maintenance of her progressive State government. To this end and this end only, we dedicate the present Progressive Voters' League."

FOOD CONFERENCE

(BY CABLE-EXCLUSIVE DISPATCH)
BERLIN, Aug. 25.—Great significance is attached to the invitation from the inter-Allied Rhineland commission to the Prussian, Bavarian and British Premiers to send delegates to sit with the Allies in solving the Rhineland food situation. For the first time the German will sit with the Allied officials. Herbert Hoover's agents also are investigating the Rhineland food dangers.

BALDWIN IN FRANCE

PARIS, Aug. 25.—Prime Minister Baldwin arrived in Paris at 8:30 o'clock tonight. He did not sleep in his special car. He was due to leave for Aix Les Bains at 8 p.m. He saw no member of the French government while in Paris and it is considered probable that he will not take place until he has finished his stay at the French health resort.

MUCH HARD COAL ALREADY IN BINS

(BY A. P. NIGHT WIRE)
NEW YORK, Aug. 25.—Thirty-two million tons of hard coal in domestic bins will be in the bins of the consuming states waiting distribution by September 1, the date of the threatened suspension of mining, the Anthracite Bureau of Information estimated today. This figure represents roughly 45 per cent of the 70,000,000 tons of fresh mined anthracite consumed by the United States, Canada and Mexico each year. It represents 35 per cent of a total annual production of 90,000,000 tons including coal used by the mines sold to the government or to railroads or mined by the Hudson Coal Company, which does not publish data on its business.

TO GIVE STOCK EXHIBIT PRIZES

Chamber of Commerce is
Raising Fund

Plan to Foster Growing of
Farm Animals

Residents Consume Outside
Meat Products

In order to build up the live-
stock industry of Southern Califor-
nia, the Los Angeles Chamber of
Commerce has begun the creation
of a fund to be apportioned in pre-
miums for live-stock exhibits at the
fair and live-stock shows of this
section of the State.

A committee of three, of which
I. Dabney Day, president of the
Citizens National Bank, is chair-
man, has been formed. The other
members are Pierre E. Jones of
the Farm and Ranch Market Jour-
nal, and Howard A. Miller, man-
ager of the agricultural depart-
ment of the Chamber of Commerce,
who will attend to the correspond-
ence.

It is the expectation of the com-
mittee, Chairman Day stated yester-
day, that several thousand dol-
lars will be available for distribu-
tion as premiums to the winning
live-stock herds which will be in-
duced to come to Southern Califor-
nia from as far north as Washing-
ton and as far east as Colorado.

OBJECTS OUTLINED
The objects of the committee
are outlined in a statement, which
says in part:

"Los Angeles city and Southern
California have expanded most rap-
idly in population, commercial and
industrial growth, until at this time
Los Angeles is no longer a pueblo
town, but the great metropolis of
the Southwest, the market for the
products raised in the seven South-
western States, and the producer
of a large amount of the supplies

needed by the populace of these
States.
"It is the mecca of a few people
from almost every village and
hamlet throughout the country,
and further, it is being given more
and more consideration as an in-
dustrial city. New plants are be-
ing established almost at the rate
of two a day, and new armies of
men are coming in with these
plants to engage in industrial en-
terprises. A direct debt falls upon
those already established and those
who come to establish industries in
supplying an adequate amount of
good food for those people.

LEADS IN FRUIT

"Southern California, the world
recognizes, is a leading section in
fruit production and the growing of
vegetables and specialty crops. Our
general farming also has kept pace
with expansion in other lines; only
in live stock, and more particularly
in animal products, have we failed
to keep pace with our needs. A
critical situation now presents it-
self, in that we go outside our State
for between 80 and 85 per cent of
our pork consumption, about 60
per cent of our beef requirements
and more than 80 per cent of our
mutton and lamb.

"The Los Angeles Chamber of
Commerce has considered this situ-
ation so critical that it has made
it one of their major projects and
is giving every effort possible to
the accomplishment of the end in
view, namely, that of building up
a great live-stock industry in this
Southwestern country that shall
bring prosperity to our agricultur-
alists and supply our urban popu-
lation with a good and adequate
supply of quality meats. A great
amount of consideration has been
given the subject, and the conclu-
sion has been reached that one
method whereby the interest in
live-stock husbandry may be in-
creased and more attention be
brought to it, is the encouragement
of exhibits at our county and other
agricultural fairs.

CHICAGO IS CITED

"The great growth of Chicago
into the second city of our nation
has been largely due to its develop-
ment as the greatest live-stock
market in the world. In times
past it has given great considera-
tion to the building up of the live-
stock industry throughout the
Middle West, with the result that
the agricultural districts of the
Mississippi and Missouri Valleys

have a definite contact with Chi-
cago as their market center. The
merchants and manufacturers of
that city have given substantial aid
in the development of live-stock
shows. It was felt that the mer-
chants and manufacturers of Los
Angeles can help put this city in
the same relation to our Pacific
Southwest as Chicago is to our
Middle Western country.

"A committee therefore, has
been designated to receive a fund
subscribed directly by the mer-
chants and manufacturers of Los
Angeles. This fund is to be utilized
in the giving of awards to win-
ners in our live-stock shows, there-
by encouraging the better breed-
ing of live stock, and more par-
ticularly the better feeding and
finishing of the stock they raise.

No show is to be singled out as
sole recipient of the money sub-
scribed, but the plan is for the
committee to thoroughly investi-
gate those who are making an ef-
fort to encourage the live-stock in-
dustry and to apportion the monies
to the places which, in their judg-
ment, will make the best use of
them."

WOMAN WILL MAKE UNIQUE ADDRESS

MARY E. McDOWELL TO BE
CONVOCATION ORATOR
AT UNIVERSITY

(EXCLUSIVE DISPATCH)

CHICAGO, Aug. 25.—The next
convocation orator at the Univer-
sity of Chicago, Miss Mary E. Mc-
Dowell, head resident of the Uni-
versity Settlement in the stock-
yards district, will be the first
American woman to give such an
address at the University. The
only other woman to speak at a
convocation was the Countess of
Aberdeen during the early history
of the university.

Miss McDowell, who is one of the
leading social workers of the coun-
try and now Commissioner of Pub-
lic Welfare for the city of Chicago,
has held numerous positions of
honor and responsibility, and re-
cently made a study of social prob-
lems in Europe. The subject of her convocation
address next Friday will be "Social
Service in Chicago."

Teeth Knocked Out, Wife Says; Obtains Decree

When the landlady sweeps up
a wife's teeth, which her husband
has knocked out, there is sufficient
reason for granting a divorce.

At least that is what Judge
Wood thought yesterday when he
heard the testimony of Mabel C.
Watkins against her husband, E.
H. Watkins.

According to the testimony of
Mrs. Watkins and her landlady,
her husband abused her every
time he came into the house,
which was regularly at meal time.

They had been separated five
times in two years, and each
time she had taken him back.
Mrs. Watkins testified, but after
he had deprived her of her teeth
she was through.

NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery
Makes Truss or Operation
Unnecessary.

Kansas City, Mo.—(Special)—A
new discovery which, experts agree,
has no equal for curative effects in
all rupture cases, is the latest accom-
plishment of Dr. Andrews, the well-
known hernia specialist of the city.
The extraordinary success of this
new method proves that it holds and
heals a rupture. It weighs only a
few ounces. Has no hard roughing
pads, no elastic belt, no leg straps, no
steel bands, and is as comfortable as
a light garment. It has enabled hun-
dreds of persons to throw away
trusses and declare their rupture ab-
solutely healed. Many of these had
serious double ruptures, from which
they had suffered for years. It is Dr.
Andrews' ambition to have every rup-
tured person enjoy the quick relief,
comfort and healing power of his dis-
covery, and he will send it on free
trial to any reader of the Times who
writes him at his office, 1311 Koch
Bldg., Kansas City, Mo. He wants
one person in each neighborhood to
whom he can refer. If you wish to
be rid of rupture for good, without
an operation, take advantage of the
doctor's free offer. Write him today.

SYNOD SCORES COUNCIL'S ACTS

Refusal to Permit Japanese Church Denounced

Presbyterians Insist Upon Reconsideration

Constitutional Rights Are Referred To

By a "Times" Staff Correspondent
LONG BEACH, Aug. 25.—Action of the City Council several weeks ago in refusing to permit the erection of a Japanese mission and church at Fourteenth street and Locust avenue has come in for condemnation at the hands of the Presbyterian Synod of California in a resolution adopted by the synod.

The communication was forwarded by L. A. McFee, moderator of the synod, which met at Astoria on the 22nd inst.

It states: "The synod of California of the Presbyterian Church of the United States has heard with great and profound regret of the action of the City Council of Long Beach in refusing to permit the erection of a Japanese mission and church at Fourteenth street and Locust avenue on a lot purchased on Locust avenue near Fourteenth street.

"It is our firm conviction, that such an act discarding Americanization and Christianization work is un-American and a violation of the constitutional rights of the citizens of this country. The first amendment of the Constitution of the United States denies to Congress the power of enacting laws respecting the establishment of religion or forbidding the free exercise thereof.

"The action of the City Council of Long Beach appears to forbid the free exercise of religion.

"Therefore, we insist that in the interest of fairness, in the interest of good citizenship and Christianity, for the sake of the good name of the city of Long Beach, we call upon the City Council of that city to reconsider this unjustifiable action and remove the obstacle in the way of building the proposed church edifice."

Whether the City Council will again open the matter of the Japanese mission could not be learned.

Car Leaps Curb and Hits Store; Two Are Hurt

SANTA BARBARA, Aug. 25.—A machine driven by Miss Helen Webb, returning with her parents, Mr. and Mrs. George V. Webb of 441 West Forty-fourth Drive, Los Angeles, from a trip to Berkeley, leaped a curb at the intersection of Mission and De La Vina streets this afternoon and ploughed its way through a grocery on the corner. Webb sustained a broken nose, his daughter a contusion on the right temple and his wife is suffering with a severe shaking up.

The machine was bowling into town at fair speed when the intersection was reached. The girl, swinging her wheel to make the turn but instead the car jumped the curb.

"Canned goods were thrown helter-skelter as the car went through the frame wall of the building, breaking showcases and doing other damage. The front end was wrecked from the impact.

The corner in the car, many motorists having come to grief there. Efforts have been made to have all traffic continued past the intersection and brought on to the main business street a block below.

OBJECT TO ZONING LAW

Complaints Filed at South Pasadena Meeting

SOUTH PASADENA, Aug. 25.—A long and acrimonious discussion took place last night at the open meeting of the City Planning Commission which more than one hundred citizens attended with various axes to grind. Many objections to the present zoning ordinance were filed, such as objecting to setback lines as laid against particular property or differing with the zoning-law requirements as to income property. The board took all objections under advisement and will make report to the City Council at Monday's meeting.

"Playing horse" with the zoning law has been a favorite pastime with certain points of this city for a long time. A previous law was so hotly opposed that an election was called, and it was defeated.

TAIL LIGHTS FOR BOVINE ROAD RANGERS URGED BY VICTIM OF NIGHT DISASTER

TAFT, Aug. 25.—Robert J. Poncet of Bakersfield feels that cows traveling upon the highways of the county should at least wear tail lights. If not headlights. A husky Hereford horned into Poncet's side of the road and caused serious damage to his car.

Poncet, with three friends, was returning last night from Feltows when the bovine suddenly appeared from the side of the highway and headed straight for the motor car. Before the driver could stop the machine or even swerve it to one side the cow had collided full force with the radiator. Poncet and his friends were badly shaken up but suffered only minor bruises as result of the accident.

The cow made good its escape without rendering aid to the stricken motorists.

HERO BODY TO HEAR OF BOY'S ACTS

Sacrifice of Ronald Huber in Riverside Drownings to Go Before Carnegie Fund

RIVERSIDE, Aug. 25.—The heroic efforts of Ronald Huber, 13 years of age, to save the lives of three persons at Mockingbird Lake, as a result of which he lost his own life Thursday, will be brought to the attention of the Carnegie Hero Fund Commission at New York City.

This was decided upon today by leading Riverside residents. Young Huber sacrificed his life Thursday afternoon in an attempt to save Mary Roberts, 12, and Mrs. Robert Burton, 17, both of Rialto, from drowning in Mockingbird Lake. He already had saved the life of Mrs. Burton's 7-month-old baby, which had been swept down an irrigation flume into the lake.

The youth's funeral services will be conducted on Monday afternoon at 2 o'clock from the Chapel of Amatus Glenn and Preston, with Rev. Capeland, teacher of the lad at La Sierra Heights Academy, officiating. Burial will be in Olivewood Cemetery. Arrangements for the funeral of the young woman have not yet been completed, but the services, it is expected, will take place in Rialto.

The three bodies are at the undertaking parlors of Amatus, Glen and Preston, where a coroner's inquest was conducted yesterday.

At the inquest, the account of the heroic efforts of Ronald Huber and 9-year-old Edna Howard of Los Angeles was told graphically by Robert Burton, husband of Mrs. Burton.

Girl's Marriage to Los Angeles Man Questioned

FRESNO, Aug. 25.—Steven S. Starr, alias Stevenson, was arrested here yesterday on a detained vagrancy charge, pending an investigation by the local police of his marriage at Visalia ten days ago to Mabel Creason, 17 years of age.

According to information given the police, Starr had a wife in Los Angeles at the time of the Visalia marriage.

Miss Creason met Starr while he was working on a power project in the mountains near here and she was visiting friends at Huntington Lake. Several days after her marriage the girl wrote her parents, Mr. and Mrs. D. G. Creason of Birmingham, Ala., that she was satisfied, according to the police.

The parents traced her and found her living in Fresno. Detective Sergeant E. A. Nichol investigated the affair and arrested Starr.

The latter's mother, the police say, is Mrs. G. E. Edmonson, 431 West Seventy-eight street, Los Angeles. An effort is being made through her to check Starr's statement that he was married once before and obtained an annulment.

Official records at Visalia show "man" married to Mabel Creason on the 13th inst.

Wobblies Can Sell Wares in Fresno Freely

FRESNO, Aug. 25.—Bare were let down for wholesale peddling of I.W.W. literature here by failure of officials today to agree on any course to stop Wobbly vendors of papers and magazines.

John Beady, who says he is employed by the State organization of the I.W.W. to make such sales, was arrested yesterday when he peddled his wares on the steps of the County Courthouse. 7 after he was released. Chief of Police Truax said he could not prosecute the man for vagrancy because he is drawing a salary of \$4 a day from the I.W.W. and Agent Atty. Lovejoy said he would not charge the man with violation of the syndicalism law because it would not be possible to obtain a conviction.

This afternoon Beady again was selling his Red literature on the steps of the Courthouse. A day agreement resulted last spring at an I.W.W. trial in the court of Superior Judge Strother. Because of rulings on admittance of evidence at that time, Lovejoy said he could not hope for a conviction should he bring Beady before the court. Judge Strother ruled out various exhibits of the State and documentary evidence and testimony that the prosecutor said were highly important to his case.

SAILORS DISAPPEAR

Nine Mysterious Cases Baffle San Luis Obispo Sheriff

SAN LUIS OBISPO, Aug. 25.—Nine sailors have disappeared from boats of the Union Oil Company at Port San Luis in the last three weeks. It was disclosed today when Late Todd, manager of the Producers Pipe Line, asked the Sheriff's office to make an investigation. In many cases the men have left money and valuables behind. It is declared.

The ninth mysterious case occurred yesterday when Fritz Johnson, sailor on La Roche, was found with a broom back beneath a trestle over which the sailors have a walk to reach the wharf. He is in a serious condition. Theories advanced are that the men become intoxicated while on shore leave and either fall overboard or drown or wander away.

WEALTHY RANCHER IS SUED

W. S. Summers, Los Angeles Attorney, Seeks \$300,000 Damages for Asserted Injury to Practice

SANTA ANA, Aug. 25.—Seeking reparation for alleged loss of clients through publicity regarding criminal charges filed against him, William S. Summers, Los Angeles attorney, today filed suit for \$300,000 damages against Louis Henning, wealthy rancher of Anaheim.

Attorneys Jud Rush of Los Angeles and Ames and McFadden of Anaheim prepared the complaint which sets forth that Henning charged Summers with grand larceny, alleging the theft of \$250,000 and that Summers was in the Los Angeles jail from Aug. 25 to Aug. 29, 1922, when he was provided \$2500 bail. The complaint was finally dismissed Dec. 22, 1922, Summers said.

The grand jury was said to have charged obtaining money under false pretenses after Henning swore before the two criminal charges and the various court procedures caused Summers to lose his clients, the complaint alleges.

It is also set forth that the charges brought by Henning were false and that Summers is authorized to practice law in California and is a member of the Southern California Bar Association.

Spreading of information concerning the two criminal charges and the various court procedures caused Summers to lose his clients, the complaint alleges.

It is also set forth that the charges brought by Henning were false and that Summers is authorized to practice law in California and is a member of the Southern California Bar Association.

A big parade, with 400 entries, several bands of music and with elaborately decorated floats, ushered in the carnival week, leaving the corner of Raymond and Main streets at 1 o'clock, and proceeding over a two-mile course to the grounds. In the parade, occupying a place of honor, were the three young ladies who are in the queen of the carnival contest.

The winner of which will not be known until Wednesday when the final vote is cast. These girls, one of whom will be named queen, are Aileen Crown, Carla Jenkins and Lyndall Gitt.

Exhibitors at this Alhambra's fourth annual carnival, have spared no expense in equipping booths with unique and artistic effects. West L. Moulder is the business manager for the carnival, which is being conducted under the auspices of the Business Men's Association.

Edison Company Highliners Meet in Annual Picnic

REDLANDS, Aug. 25.—Employees of the Southern California Edison Company gathered today at Sylvan Park in this city for the annual picnic of the Pomona, San Bernardino and Redlands districts, three of the largest in the South.

There were about 600 highliners present. "Uncle Ben" Pearson who started his work with the company more than thirty years ago in Redlands and W. L. Jack Frost, for so many years the manager of the district here, were the guests of honor and they had a great time renewing acquaintanceships.

The program included swimming and an inspection of the campus of the University of Redlands. Then there were ball games between the teams of each city and the rivalry was keen.

The races included some swimming events, fifty-yard and 100-yard dash, and novelty races. There was contests for children. Supper was served at six o'clock, followed by an entertainment. San Bernardino presented a skit, "Partners in Operation." Pomona Club then presented a vaudeville attraction and C. O. Kennedy presented "The Man in the Street."

Then came a Scotch impersonation, the skit, "The Burklars," Baby Caruso and another skit, "The Edison Tree."

Following this evening was spent in dancing at the Edison clubrooms.

CRYSTAL GAZER PLEADS GUILTY

Seer at Pasadena Will Get Sentence Later

Shows Court Certificate of Ordination

Scores Had Visited Her for Glimpse of Future

By a "Times" Staff Correspondent
PASADENA, Aug. 25.—Mme. Alice Barker, fortune teller and crystal gazer, who was arrested recently while doing a rushing business in the Crown City, today pleaded guilty to violating the city ordinance. Mme. Barker declared that her breaking of the law was unintentional and that she had no international fame at prophesying. Judge Dunham, delayed passing sentence until the 29th inst.

It was brought out in the trial that scores of Pasadena men and women had frequented her quarters at 405 South Hudson avenue, and had obtained information concerning the future, for a sum of \$5. Mme. Barker, through her attorney, J. Morin, presented a certificate of ordination from a Los Angeles Temple of Truth. The certificate declared that she had proved by signs and other work that she was capable of carrying out the work of the Master. It was signed by a number of officers of the temple.

Officer Seal, who made the arrest testified that when he was obtaining a reading from Mme. Barker, she told him that he would return in quest of something. He returned the next day and fulfilled the prophecy by arresting her. Two large crystals and a silver sofa pillow were offered as evidence. Mme. Barker was released until June for her sentence by the payment of \$100 bail.

Long Beach Realtor, in Ill Health, Attempts Suicide

By a "Times" Staff Correspondent
LONG BEACH, Aug. 25.—Despondent because of ill health, Jesse L. Leigh, prominent real estate dealer and property owner here, attempted to take his life in a garage at the rear of his home, 1244 East First street, this morning. Leigh fired two bullets from a .32 caliber revolver into his body just above the heart. Surgeons at Seaside Hospital say he may live. According to statements made to police by his wife following the attempted suicide, Leigh appeared in good spirits at breakfast this morning, and after completing his meal went to his garage to work on his automobile. A short time later J. J. Hastings, one of Leigh's tenants, heard two revolver shots. Hastings found Leigh lying in a corner of his garage bleeding profusely from the bullet wounds he had inflicted. Police and Motell's ambulance were called and the injured man was rushed to the hospital. Leigh is 39 years of age.

LARGE STILL FOUND
HANFORD, Aug. 25.—A large still was uncovered by Under Sheriff Walker and Constable Dalby yesterday in the bottom of Summit Lake, a dry lake west of this city. The fifty-gallon still was located among willows and showed signs of recent use. Beside it were three barrels of mash. A well-traveled road showed the still was well patronized.

WRECK IS DECLARED ACCIDENT

Coroner's Jury Returns Verdict in Woman's Death Near Bakersfield

Verdict of accidental death was returned this morning by a Coroner's jury in the investigation of death late yesterday of Remedios Beltran a Mexican woman, who was killed when the truck in which a number of her country people were riding left the highway near Grapevine.

Two children, Refugio Martinez, 4 years of age, and those remaining one man, Luviana Chazotte, were severely injured. The party was on its way from Riverside to Clovis to pick grapes. According to Emilio Tapia, driver of a new truck which had just been purchased in Riverside for the trip, the brakes on the machine failed to hold and it speeded up, beyond his control, plunging over the bank of the last curve. Most of the occupants were thrown from the car in its plunge down the hill and those remaining auto and rushed to the Bakersfield Emergency Hospital. The body of the dead woman was taken to the Doughty Morton funeral home to await funeral arrangements.

Fifty persons, five of them children, were in the car at the time of the accident.

Returns For Teeth; Fined in Wet Case

RIVERSIDE, Aug. 25.—J. C. Stein will serve seven months in the County Jail and pay a fine of \$100 for his boozing activities. That was the punishment assessed by Judge Ellis of the county Superior Court this morning.

Stein was arrested with James J. Shannon at Murietta several weeks ago where they were conducting a whiskey factory. Shannon pleaded guilty and got off light in comparison with Stein, who held out to the last that he was an astronomer and that he "had happened to be" in that neighborhood a time the Sheriff and his posse swooped down on the place. At the time Stein made his escape but Sheriff Ryan watched for him to come back and get his value for which he had left in his night.

PONY EXPRESS DAYS RECALLED

Founder of Overland Stages Had Great Reputation

Son Tells of Time When His Father Made Name

Rich, National Figure, Yet Passed Away Poor

BY R. B. HARGROVE

Although it has been more than half a century since Ben Holladay, one time owner of the Overland Mail stages to California, made his last effort to establish a record along the primitive prairie and mountain trails west of Platte City, Mo., the recollection of the exploits of the Pony Express rider this fall will serve as a commemoration of his achievements as well as those of the hardy riders who carried mail from "the end of stage" westward.

To Holladay fell the task of upholding the traditions of the pony express, wiped out by the invention of the telegraph instrument. He tackled his task with such eagerness that the overland stage coaches became the great attraction for all traveling the plains. There was nothing on the road that could equal it.

FIRST IN WEST

The accomplishment was the supreme triumph of the man who became the first master of transportation in the West, and who, by his outstanding personality became one of the most picturesque characters, not only in the West but in the entire country. He died July 9, 1887, broken in health and fortune, after once being rated as a "New York millionaire."

From the records of Ben Holladay, II, who is now a resident of Los Angeles, and from those in possession of Ben Holladay Dorsey, a retired army colonel and son-in-law of the famed stage coach owner, who is also a resident of this city, many of the incidents in the life of Holladay are recalled.

It was the restless spirit of Ben Holladay that resulted in the development of the overland, in the formation of the Pacific Coast Steamship Company, in the building of the Oregon and California Railroad and in his downfall. Through his manifold activities, which included the part of a newspaper publisher, he having bought the Portland Mirror in the 60s to use as a weapon to fight the group of Prussian capitalists who sought control of his railway, Holladay became the first great empire builder on the West Coast.

But it was in his exploits with the Overland Mail that brought him the greatest fame. Traveling over practically the same general routes as used by the Pony Express riders, Holladay's coaches at one time served virtually the entire country west of the Mississippi. Through the purchase of the routes and equipment of Masters and Waddell, the Pony Express owners, and the Butterfield interests, Holladay came into possession of the greatest transportation system of the day.

A demon for speed, Holladay was an admirer of the Pony Express riders. During his younger years, in the 30's and 40's, Holladay had some experience as a driver himself when he resided in Western Missouri. He was known as "one of the best" and nearly all of the drivers had a warm and friendly feeling for him. This feeling was increased when he endeavored to find employment for the former Pony Express riders as stage drivers in his company.

MADE FAST TRIP

With the aid of skillful drivers, Holladay made the name Overland Mail synonymous with speed. At one time, it is said, Holladay was in Salt Lake City when he decided to make a hurried trip to Washington, D. C., to get an increased subsidy for carrying the overland mail to California. The schedule

MOUSE STARTS BURGLAR SIREN

Alarm Sounds Until Police Arrive at Scene and Cut Wires

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 25.—Detectives and police reserves from the Poplar-street station decided that a mouse caused the burglar alarm siren in the building at 205-209 Montague street, Brooklyn, to start screaming, advancing the theory that the rodent must have stepped on the wire operating the siren. It kept screaming until the detectives cut the wires.

The building is occupied by the American Trust Company and the New York Title and Mortgage Company. It is near Borough Hall, and the siren made so much noise that a large crowd gathered. The detectives searched the building and found nothing, but one of them did see a mouse—hence the theory that the mouse started the alarm.

FIRST IN WEST

time from Atchison, Kan., to Salt Lake was eleven days. In order to convince the postoffice department that the schedule could be considerably reduced in case he was better paid and at the same time make a fast trip, Holladay planned to make the highest possible speed in one of his Concord coaches.

Everything had been arranged in advance with division superintendents, and Holladay left Salt Lake in his special coach, was carried on extra-fast time over the Wasatch Range and the Rockies, across the plains and prairies to Atchison, a distance of 1200 miles, in eight days and six hours. The result was unparalleled in the history of staging and was telegraphed over the entire country.

When he reached Washington, Holladay had no trouble whatever in convincing the Postoffice Department that he should be given more money for carrying the mails.

The Salt Lake-Atchison trip was one of many made by the millionaire stage-coach man. It was in his fast trips that Holladay achieved his greatest reputation and marked him as one of the picturesque figures of the day.

Mark Twain, writing of his experiences abroad, relates an incident that shows the widespread fame of Holladay. The humorist tells of a Methodist minister whose greatest bore to his fellow travelers was his constant lecturing on biblical topics. The minister had just finished telling the story of Moses and of the 300-mile wandering from the wilderness which covered a period of forty years, when one of the listeners suddenly ejaculated, "If he'd let Ben Holladay carry him he would have covered the 300 miles in thirty-six hours."

The life of Ben Holladay reads almost like a fable. He was without much education, but all of those who have added anything to his biography have never failed to mention that he was brave, strong, aggressive, talented and generous.

In his earliest days, Holladay and office on Wall street and resided on Fifth avenue. He founded the famous "Ophir Farm" on the Hudson and built himself an elegant mansion in Washington, opposite Franklin Square, on K Street. The Washington home of Holladay was occupied but a short period each year during the sessions of Congress. He had vast interests at stake in the west and often needed important legislation, especially since he held so many important government contracts.

Once or twice a year, Holladay would make a trip in his special coach over the stage lines to inspect the stations, equipment and get acquainted with his men. He was usually accompanied by his general superintendent, George K. Oils of New York, and traveled in

California Transportation Pioneers

Helped Make State Famous

The success of Holladay was typical of the western pioneer. When 23 years of age, he made his first financial gain, entering Salt Lake valley with fifty loads of merchandise. He was endorsed by Brigham Young as being worthy of confidence of the faithful, and this brought him five-calls buyers.

When he was 38, Holladay was the head of the greatest stage line in the world. At 45 he was sole owner of sixteen Pacific Ocean steamers, carrying trade and passengers to the Orient as well as to intercoastal points. He then confined his efforts to railroad building, which he ultimately proved his downfall.

But to Ben Holladay goes the credit of being one of the first western pioneers with a vision of the future. California owes much to his enterprise, for it was he who set the poles of enterprise in motion on the Pacific Coast.

Chute the Chutes first appeared in Chicago in 1892.

In the center: Ben Holladay, president of the Pacific Coast Steamship Company and the Overland Mail. The lower oval shows the directors of the Overland Mail. Although the picture contains the faces of several men who in after life became financial leaders of the nation, none has been identified in these particular groups. The picture, more than half a century old, is the property of Ben Holladay II, 4018 Budlong avenue, son of the famous stage coach driver and owner. The cup shown below was presented to Ben Holladay in the early 60s by a group of his drivers who, although fond at times to make hazardous trips at the bidding of their employer, were, nevertheless, a great admirer of the man.

EMPLOYEES HOLD PICNIC AT REDONDO

Pacific Electric Workers and Families Enjoy Annual Festival

Fifteen thousand persons, all employees of the Pacific Electric Railway Company, their families or their friends, attended the annual picnic and reunion arranged for them by the company at Redondo Beach yesterday.

The program embraced numerous features: merry-go-round tickets, buckets and shovels, candy, ice cream and souvenirs were provided for the children; coffee, lemonade, dancing and bathing were free to all, and cash prizes were awarded to the winners of the various contests.

In amusements baseball games, trap shooting, dancing and band concerts led the list of features.

Other organizations and firms held picnics yesterday or will enjoy them tomorrow. The P.E.O. Society will be held at Sycamore Grove next Wednesday, according to announcement made yesterday by Mrs. Thomas J. Hill, chairman of the picnic committee. More than 2000 members are expected to attend.

THE P.E.O. SOCIETY PICNIC

The annual picnic of the Southern California branch of the P.E.O. Society will be held at Sycamore Grove next Wednesday, according to announcement made yesterday by Mrs. Thomas J. Hill, chairman of the picnic committee. More than 2000 members are expected to attend.

The P.E.O. Sisterhood is a secret society of women which originated in Iowa in 1878 and which now has a membership of more than 25,000 in the United States. The president of the California organization is Mrs. Ollie Cramer, Mrs. Elia Brown being president of the Los Angeles chapter.

Aside from its social activities, one of the principal purposes of the Sisterhood is to provide educational endowment funds for young girls who otherwise would be deprived of proper schooling.

MARIHUANA TREE FOUND BY OFFICERS

Drug Plant Confiscated is Latest of Several Discovered in Los Angeles

A tree that would have meant several hundred dollars a year for its owner and perhaps destruction for a few residents of Los Angeles' "Little Mexico" was confiscated yesterday by Detectives Lieutenants Jones, Littlejohn and Stevens of the narcotic squad. The tree was the producer of marihuana, a powerful drug.

The tree was found growing in a lot adjoining 225 1-2 North Utah street. Residents in the vicinity disclaimed ownership or knowledge of the tree which was approximately fifteen feet high.

According to Lieutenant Jones, the tree is the largest that has ever been discovered in Los Angeles. It is against the law to grow marihuana trees here and during the past few years, through the efforts of the narcotic squad, numbers of the trees have been destroyed. Recently a six-foot tree was found growing in a public school yard on Utah street, not far from where the officers yesterday located the large tree. It is estimated that the tree taken yesterday had been planted more than three years ago.

Unusual Plea Is Made in Behalf of Accused Man

An effort to obtain the freedom of Thomas Geere, alias Fred Williams, held in the County Jail on a charge of grand larceny of \$17,000 from John F. Herr in 1920, yesterday Judge Reeve took under consideration a motion of dismissal.

Geere's attorneys argued that their client had been living openly in the city during the three years since the offense is asserted to have been committed, and that no attempt has been made to arrest him.

Dep. Dist. Atty. Stafford denied the truth of this assertion and put Deputy Sheriff Wilson on the stand to testify that Geere could not be found until recently. Pictures of Geere in various jails, where he is accused of several terms under different aliases, were offered in evidence.

Judge Reeve continued the case until next Saturday and set Geere's bond at \$25,000.

WOMEN'S NEW HATS MILLINERY TRIUMPH

DESIGNERS APPEAR TO HAVE GIVEN PROBLEM MORE THAN USUAL CARE

To no part of feminine adornment has the designer of 1922 given more care or thought to develop that which gives added grace and character to womanhood, than in the actually beautiful head-dresses for fall and winter.

Miss Helen Campbell, of the firm of Helen and Martha, in the Auditorium Hotel Building, West Fifth street, has just returned from New York, where she had where a special study of materials and shapes was made.

Miss Campbell says that in almost all designs the Chinese or oriental influence will be seen to a very great extent; that while the large hat has not altogether disappeared, in the fall showings, the smaller shapes hold the center of fashion's stage.

In both Paris and domestic models, the small turban and side-roll hats have been developed in color schemes of browns, dark green and black. In fact, the woman who desires to be strictly correct, so far as millinery is concerned, will necessarily confine herself to one or a combination of these three colors. The roll-off trimmings of brilliants and in some cases ribbons of lighter hue makes an attractive setting on the background of darker basic materials.

By September 1 the fall designs and advance showings will be in evidence in the millinery departments, for like wearing apparel in gowns, suits and dresses, the opening fall season of 1922-23 will, to all indications and conditions, be earlier than usual.

Already the merchants are presenting to the readers of the Sunday and Daily Times, in their advertisements, a message of information to the woman who will want to know where and what to select for her fall wardrobe.

The woman who fortifies herself with advance information, will be spared many hours of discomfort in her shopping, and it should be remembered the merchant depends on what he writes for his advertising space to supply his clients time-saving and advance style news.

GLENDALE THEATER PLANNED

Legitimate Showhouse to be One of Largest and Best on Coast

Plans have been virtually completed for the erection of a large legitimate theater on North Brand Boulevard, Glendale, involving a sum in excess of \$1,250,000. It was announced yesterday by Dr. Jesse A. Russell, Glendale real estate operator. When the showhouse has been completed, sometime the first of next year, it will be leased to the West Coast Theaters, Inc., for a period of twenty years.

This fact was made public following the acquisition of a ninety-nine-year lease on the property at a cost of \$412,800 as reported exclusively in The Times. Negotiations also have been under way for several months for the purchase of land adjoining the leased ground.

Architects Charles L. Selkirk and Arthur G. Lindley of Los Angeles have been commissioned to prepare the drawings within thirty days and to have actual building operations commenced by that time. It is the intention of the managers of the project to build one of the most expensive showhouses in Southern California which will be devoted exclusively to the presentation of stage productions.

Architecture such as that used in the construction of Grauman's Egyptian Theater in Hollywood will predominate in the design of the Glendale theater. A beautiful court will be located in front of the main entrance with stores and specialty shops on both sides of the thoroughfare. More than 2100 seats will be provided in the auditorium.

The property is located on the east side of Brand Boulevard between Wilson avenue and Broadway, is 100 feet wide and extends 150 feet to an alley on the east. The entire transaction was handled by Dr. Russell and William McMillan, who secured a long-term lease on one of the lots from Arthur Kase and Dollie D. Kase.

SPAIN NOW USING MISSOURI MULES

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 25.—American contractors say that the demand for American horses and mules—especially Missouri mules—for use by the Spanish Army in its operations against the Moroccan tribesmen, has grown so that the largest movement of these animals since 1917 to 1919 is reported from Norfolk, Va. More than 1600 horses and mules will leave Norfolk next week for Cadix, according to information received in stock markets here yesterday. The steamship Sinsinawa will carry 250; the Ormond 700 and the Dunstafanas 700.

JEW TO REPUDIATE BOOTLEGGING RABBI

(EXCLUSIVE DISPATCH)

ST. LOUIS, Aug. 25.—The nineteen orthodox Jewish congregations of St. Louis have been asked to elect three delegates each to a conference to be held next week for the purpose of repudiating Rabbi Jacob Grodzky, now under bond on a Federal charge of selling ritual wine to a bootlegger. The move is intended to bring about his removal from the rabbinate.

MENNONITES MIGRATE

Ten Thousand of Peculiar Sect Cast Lot in Mexico on Promise of Freedom From Call to Arms

BY C. N. THOMAS

About 100 families, belonging to the Mennonite persuasion, are planning to leave this country and settle on the west coast of Mexico. These people have selected a small delegation to inspect various properties that have been offered them with intention of colonization. It is interesting to know that these people are part of the Mennonites of the United States and Canada and Russia, as well as Germany, all of them looking forward to Mexico as their new and future home.

About eighteen months ago the first group of these Mennonites that settled in Mexico came from Western Canada and located in the State of Chihuahua, about twenty-five miles west of the city of Chihuahua, at San Antonio, where they purchased 250,000 acres of mesa land, which they are gradually developing.

This particular group of Mennonites are descendants of Mennonites who over 100 years ago migrated into Russia, securing a charter from the Czar of Russia, guaranteeing them freedom of worship, as their conscience dictated, and to have their own schools and to select their own teachers. The language of their ancestors, low German, was to be permitted in their homes and schools. They were to have the right to practice their religion and to teach their own religion. They were to be free from military service and they were at no time to be compelled to become citizens of the country.

The Canadian Mennonites had from that government the same charter, but this charter was revoked during the World War, due to public pressure; their sons were drafted and some were imprisoned for declining to serve in the war; their grain and cattle was sold; they declined to buy bonds and with these funds, bonds were bought and given to them in order to carry forward their migration to Mexico is the result of the revocation of their charter. Since the close of the war the bitterness toward them among the Canadians has not diminished.

LEADERS SELECT LAND

A small group of the Mennonite leaders visited many parts of Mexico and finally selected as most attractive to them two tracts of land in the State of Chihuahua, bordering on the Northwestern Mexican Railway.

One tract comprising 250,000 acres that adjoined the town of San Antonio was purchased at the beginning of last year for \$2,000,000. Of this amount they have paid in cash \$1,750,000, and at the

present time owe \$1 per acre, or \$250,000. The other tract comprising 20,000 acres, situated fifty miles from the nearest railroad, and for this they paid \$120,000, and still owe \$60,000.

This prairie land is all on a plateau or mesa, 1000 feet elevation. It is surrounded by hills that are well timbered, and after an abundance of rain grass grows several feet high and a profusion of flowers mingle with the green. The climate is fine in summer and moderate in winter. The soil is fertile. In this vast valley one could plow a straight furrow for ten miles without even cutting a tree or bush, or striking a rock. The soil shows a depth of ten feet in the arroyos, and is of marvelous richness. It is therefore not surprising with such a beautiful tract and splendid climate their leaders were enthusiastic to migrate and were willing to start a new home where they could raise the same products they did in Russia and Canada, grain, corn, oats and stock, possibly specializing in fine horses. The optimistic report of this original committee was adopted by the Mennonites in Canada as a whole.

Immediately this committee, as well as hundreds of others, sacrificed their highly developed Canadian farms with their large barns

and houses for one-fourth of their real value; hundreds brought loads of farm implements, including fifty tractors, up-to-date farm machinery, horses and grain in bonded cars from Canada, through the United States to Mexico. Strange, however, not one of them owns an automobile, the consensus of their religious leaders being that the wealthier ones would have fine automobiles and the poorer ones none, and it might cause envy and class distinction among their people. The transportation expense was enormous, the average car costing \$700, and railroad after railroad arrived until today there is a population of over 3500 near San Antonio and 600 in the Santa Clara Valley. The day of my arrival in San Antonio, June 22, 1923, thirteen families had arrived on the preceding train, bringing with them twenty carloads of goods from Canada.

MIGRATION OF PEOPLE

The first group arrived in March, 1922, and since then about one-third of all the Mennonites in Manitoba have settled in Mexico; another third has planned to follow as soon as they could sell their property, and the balance later as soon as the first settlers would be well settled and found conditions favorable to receive them. These first arrivals lived in tents and many of the late arrivals are doing so today; they, however, soon commenced to build hundreds of plain homes of lumber. Many of their outbuildings are made of adobe. The policy is to live in small groups of from twenty to forty families, calling their distinct villages by the name of some town in Holland, or designating their town by some religious name, such as Peacetown, Grace Village, while some are named Summerland, Rosewood, etc. Connected with each house is a garden spot of about two acres, well fenced, and these tracts almost invariably have been plowed. Their farming land is outside of the villages, and some of the farmers own forty to four hundred acres. There are approximately thirty such colonies at San Antonio, from two to four miles apart, and five at Santa Clara. The land was purchased as community property but each secured his own particular tract by casting lots.

I visited twenty-five of the thirty-five groups; my first call was to the village of Neuenberg. The leading citizen was Mr. Hilderbrand, who was living in a good-sized stone house, the only one in the colony; his family consisted of ten sons and eight daughters; the interior of the home was spotless, the furniture meager and simple but substantial. He was cordial in his greetings, his intelligence above the average. He told me that he had owned in Canada 2000 acres of highly improved land and had sacrificed it for less than the cost of building a new home. He added that they had not had enough rain on their newly acquired Mexican property to produce any crops, but under no circumstances would they ever return to Canada; that

with patience and thrift all would work out well in Mexico.

The second village I called at was the home of Bishop Frim, the only bishop of the sect in the colony. Here also is located the only church and school erected so far. This man's home is a simple one; there was not a newspaper or a book visible except a large Bible on the table. He, like the rest of his people, is a farmer and receives no compensation for his services. In appearance he is vigorous in body and seemed to be mentally alert in his conversation he showed a quaint humor and the twinkle from his kindly blue eyes seemed to indicate that he had a fine, likable personality. In his talk he quoted occasionally from the Bible, showing that he was saturated with a knowledge of that book. He said they had not had rain sufficient to permit them to plow the soil or plant the crops, but they were not discouraged for their forefathers had the same experience in Russia and in Canada. The first settlers here two or three dry seasons, but if they were true to themselves and their God, the rain would come and crops would follow; that they would not be true to themselves if they failed there and went back to Canada. There were here a few houses, but the Bishop's wife told me they were not their own but orphan children which they had adopted. He modestly declined to have his picture taken.

WAITING FOR THE RAIN

At the third village, we met a group of six men, from 20 to 25 years of age, all of whom in appearance, not one gloomy or despairing, but resolute and determined never to return to Canada, and hopeful that rain would come so they could plant their crops. On account of the abnormally dry seasons, these farmers found the virgin soil so hard they could not plow it, and there was not, in the combined colonies, 1000 acres under cultivation. Where grain had been planted, it was lying dormant in the ground; their well cultivated gardens show no signs of life, and where shade trees had been planted, they had died; of the many tractors, I only saw one in operation, and of the hundreds of drills, I only saw one in use, sowing oats. Many women were working in the gardens but there were no green vegetables visible anywhere.

Amid such surroundings, it is amazing that despair and defeat are not written on every face. There is a child-like trust, a simple faith, a deep note of religious conviction in an overruling Providence, who has not deserted them in the past under unfavorable conditions, nor will He forget them at present. These people are born

TREASURES HID
IN EL MOLINO?Tradition Tells of Buried
Wealth of PadresOnce Mill, Residence, Now
Realty OfficeLure of Gold Lends Zest to
Realtors' Project

BY J. L. MEARS

Much dirt has been turned up by spades seeking Capt. Kidd's treasure along the Atlantic Coast; credulous folks along the Gulf Coast have hunted in sandy wastes for hidden gold left by Jean Lafitte, but nowhere has a legend of buried treasure of gleaming wealth persisted as it has in Pasadena. In fact, many persons in Pasadena will assure you that the hidden gold is not a myth. And periodical attempts to uncover the treasure testify their belief.

Legend of history, whenever you choose to believe, says that many thousands of dollars in pure gold is waiting for some one in the vicinity of El Molino.

El Molino, Spanish for mill, is what is left of what is said to be the first water-driven grist mill in California. It is located at the foot of a hill in the Oak Knoll district of Pasadena, and is now used as a tract office for a real estate company.

El Molino, according to what is believed to be reliable history, was built in 1810-1811 under the administration of Padre Salvia, then in charge of the mission at San Gabriel. The mill was built because of the enormous production of grain under the leadership of Padre Salvia, whose wife developed the rich soil in that section brought abundant crops of grain, fruits, olives and other products.

As the remains of the solidly built old structure show, it was designed both as a mill and as a fortress. The three-foot walls of solid masonry, the massive buttresses at the four corners and the tortoise design are said to have been designed to the uncertainties of that day, chiefly regarding the conduct of the "unconverted" Indians, who occasionally rebelled against the rule of the missionaries. The mill, however, was built for labor.

Although the mill, history tells us, was abandoned in 1821, owing to dampness in the grain bins caused by overwatering of the water from the water wheel, it was during its short life as a mill that the supposedly buried treasure was said to have been interred.

UNOFFICIAL BANKER
The padre-miller, a mission father in charge of the mill, whose name is not even mentioned in history, was a man of honesty to whom the Indians trusted their gold for safekeeping. It is said that quite a large quantity of gold was kept by the padre in the mill, and that the Indians, who were living in the vicinity of the mill, part of the gold was the price of expert tools, such as axes, hammers, and other products in exchange for goods and services.

At any rate, we are told, the gold was unharmed.

One night a century ago, following a particularly anxious day in which the muttering of Indians and the sound of the mill were heard, the padre heard a noise at the door of the mill. Fearful for his life, yet brave in the face of danger, he answered the knock. But the strain had been too much on heart disease.

In this way, the legend runs, died the secret of the buried treasure.

TREASURE HUNT ON
Fifty years later an old Mexican woman, who is said to have recently died in Pasadena at an age exceeding 100, armed with a "witch stick" that was supposed to have been possessed by an ancestor, and would shake violently when the gold was near, headed a party that searched for the gold.

The "witch stick" responded to a mysterious urge at a certain spot near the mill, where due to a pit and to the horror of the Indians who assisted, a cauldron was brought forth, so it is asserted in the legend. In the cauldron was an old padre, clad in a richly-embroidered cassock, one hand clutching tightly a number of gold coins.

Here the legend slips a notch or two. The discovery so frightened the Indians that they covered the body reverently and fearfully reinterred the padre, gold and all.

So again the secret of the treasure was kept from unfaithful hands and the trace lost. It is believed, to all whose identity is known now.

Since the asserted discovery fifty years ago that there was gold in the ground, many attempts have been made to dig treasure about the mill. Clandestine attempts and searching parties with the sanction of the owners of the land have alike failed.

The most recent attempt to revive the fever for treasure-hunting was about four years ago, when it is reported, guests from the Huntington Hotel, satisfied with the amenities of polite society, sought to solve the mystery of the padre's gold. A private searching party, armed with equipment, poked a few holes around the mill and explored in the section with the inevitable result—nothing.

GOLD MINE LOST
Belief in the possibility of there being some truth in the old tale is reported now to be increasing.

Historic Mill Not Revealed by Time

El Molino, place of romance and mystery

due to the fact that a real estate company is subdividing what was formerly Wilson Lake, the reservoir into which the water is said to have flowed from the mill.

Some may gamble on the chance of it being on their lot.

El Molino, built by the Indians, was a study of the supposed location of the buried treasure. He says that he may dig around a bit before long and find out whether or not the treasure is a myth or the real deal.

According to Mr. Hall, the supposition that there is some treasure near the mill is not far-fetched. He says it is based on tales told by Mrs. W. T. Marvin, daughter of Col. E. J. G. Kewan, a soldier in the Mexican War and a former Attorney-General of California, who bought the old mill in 1859 and after making extensive additions to the property lived there until 1879.

Mrs. Marvin, who resides in South Pasadena at the present time, is said to place complete faith in the existence of the buried gold of the old padre.

Not only in the treasure legend in El Molino worthy of taking its place among the historic spots in Southern California. There is said to be an old tunnel from the mill to the San Gabriel Mission, through which to escape to the hills in case of attack by hostile Indians. Some persons will tell you that the tunnel runs from the mill to San Gabriel Mission, nearly three miles distant, and that it was used for an underground passage through which to carry grain and supplies from the mill to the mission in time of attacks by Indians.

That the tunnel extended from the mill to the mission is believed to be almost impossible. The length it would have to extend and the great weight of the small tunnel that may be found on the hill overlooking the mill precludes this having been a reality, it is declared.

War on Grade Crossings Commended in Letter From Rail Commissioner

Appreciation for the part which the Los Angeles Chamber of Commerce and the Automobile Club of Southern California have taken in waging war on grade crossings is expressed in a letter from Harley V. Brundige, railroad commissioner.

The letter is in reply to one accompanying a copy of resolutions enacted by the Chamber of Commerce. In addition to expressing the appreciation of the Railroad Commission the letter sets forth the legal requirements which govern the activities of this body.

The letter also says that no new grade crossings may be constructed without the permission of the commission, and that the commission may order the installation of safety devices at crossings; that the crossings may be abolished by the commission according to a plan deemed equitable to both the railroad and the municipality as both are required to pay proportionate costs.

RECEPTION TO CONSUL ANNOUNCED
Overseas League Will Give Public Chance to Meet New British Envoy

Honoring Hon. Godfrey A. Fisher, the new British consul to Los Angeles, and at the same time celebrating the eighteenth anniversary of his birth, the British Overseas League of Southern California will give a reception at Forrester Hall, 555 South Olive street, tomorrow night at 8 o'clock. The league was founded by Lord Northcliffe, August 27, 1905.

The reception will enable all British subjects of the city to meet the new consul, who took charge of his office here on the 1st inst., and will be followed by a concert and dance at which refreshments will be served.

Even the United Kingdom has been forced to acknowledge the growth and importance of Los Angeles, by the establishment here of a regular consular post, instead of having only a vice-consul under the San Francisco office as in the past; and the consul finds his time more than occupied with the demands of British shipping here.

Secy. Treas. S. A. Melbourne of the league are making preparations for an elaborate affair Monday night. Miss Ruby Miller, owner of the Garrick Theater of London, will be on the program, and Miss Peggy Clark, the dancer of the Belcher School of Dancing is scheduled for a number.

Built in 1810 by Indians under Padres

Heved that the failure of the one water wheel to function properly because of throwing a spray of water into the grain bins, led to abandonment of the plan to add a second wheel.

It is thought that there was a vertical shaft from the horizontal water wheel, extending to the upper story, in which the grinding stone was placed. This grinding stone, said to have been a piece of volcanic rock, is reported to have been preserved, and is now the property of some unidentified resident of Pasadena.

After its abandonment as a mill, El Molino was used as a place of dwelling, being improved by addition of a number of rooms. Through several ownerships it progressed until it was converted several years ago into a club room for the guests of the Huntington Hotel, who used a golf course that lay in the valley below the mill. At one time, when Pasadena was under local prohibition laws and San Marino was wet, the mill was reported to have been used as a bar.

This use is not this use, extraordinary because of the excellent opportunity the damp and dark interior story would offer for a wine cellar.

Practically the only evidence that would lead one to believe the present mill is a historic spot is an inscription over the door on the south side, placed there in 1910 by the Martin-Beverage chapter of Pasadena of the Daughters of the American Revolution.

ALL-YEAR CLUB DRAWS CROWDS

More Than 500 Families
Come to Southland

Organization Has Accurate
Check on Work

Many More Doubtless Won
by Advertisements

The All-Year Club of Southern California announced yesterday that, in addition to the increase of many thousands in the volume of summer tourist traffic to the Southland, due to its advertising, its records definitely disclosed that at least 562 families have already come here to live this summer through its efforts. The club can actually check on, said C. G. Milham, executive secretary of the All-Year Club, "How many more families the All-Year Club's advertising has influenced to come here to live, we do not definitely know, but it could probably be safely estimated at several times the number given. These 562 families have written us about moving here and their letters are on file."

"When it is remembered that the All-Year Club can check up on its work only in part, the figure mentioned takes on added importance. It has been generally recognized by the club's executive committee that all the community benefits won by the club's extensive advertising campaign on behalf of Southern California would never be known, and could only be approximated. This, therefore, is only a part of what the advertising campaign has done this year in inducing people to come here to live."

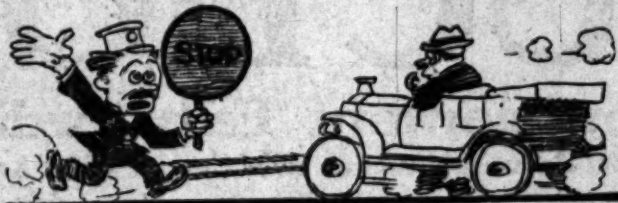

"Visitors have been flocking here in tremendous numbers this summer in response to the All-Year Club's telling the world of the delightfulness of the Southland at this season. Practically every line of business here has felt the stimulus of the money spent by summer visitors. The addition to the permanent population is 'revelat'."

"A rather considerable percentage of them have come or are coming to take up farming in the Southland. In every instance the assurance is definite that the writers either are coming here to live in response to the All-Year Club's appeal, or are on their way, or will arrive at an early date."

WON'T BELIEVE IN SIGNS

Crossing Watchman Registers Protest on Heedless
Drivers Who Risk Lives of Selves and Others

Some people in positions as guardians of the public safety often, because of the general indifference to their good intentions, become lax in the performance of their whole duty. Not so with L. F. Laubies, watchman at the Pacific Electric crossing at Blauvelt and Long Beach avenues, whose ever-present sense of responsibility weighs heavily on his conscience night and day and, at times, drives him near distraction. He hopes to see the time when drivers will regard danger signals with

the proper reverence. That is what brought him tumbling into the editorial rooms today, waving his hands, shrugging his shoulders and punctuating his broken but expressive English with dubious shakes of the head and sighing "ahs" in the true temperamental Gallic fashion.

"I want people to know," he said, "that I all the time on the job at that crossing like a wide-awake owl. I make big noise with whistle. I hold up big white disc with big black 'STOP' across his face. Yes, sometime I cuss too. But do they stop? Yes, they stop. Monsieur! Monsieur! For-quit they keep me for watch? It is enough to make me eat hooch!"

"I have guard this crossing for one and half year. N'est-ce pas? He grew more excited and less clear as he got deeper into his subject and saw that he had an attentive listener for once. "Every day 150 trains pass me and 12,000 automobiles. No-body pay me mind like I was scare-crow, perhaps. Plenty of time the train he miss automobile. I just one cat whisker. He passed, to smile as he delivered the period of Yankee slang, but reverted immediately to the serious, vein. "Sometimes it is indifference but most time they just asleep."

"Oon, la, la," he shivered. "I don't want accident and have policeman and railway company and ever one on my neck who think maybe I all time sleep. Just the other day," his voice softened with feeling, "nearly one whole family is kill on crossing and leave alone one poor orphan garson."

"Have you no way of enforcing obedience to your signals?" he was asked. "No, Monsieur," he turned up his palms expressively. "I tried one day to stop some peoples and—oh, monsieur, I am an old man and have many small children."

As he disappeared into the elevator his last word was: "Oh, why won't people believe in signs no more!"

Dishthrower Loses Spouse Through Suit

Judge Wood granted a divorce to Annie L. Williams yesterday, after she had testified that Alfred Williams swore at her, choked her and threatened her life on many and diverse occasions. He struck her, she averred, when they quarrelled over going to a theater.

"Once he got mad and threw all the dishes against the wall, one after another," she added.

Skittles, the English game, resembles our bowls, and was introduced into England from France in the fourteenth century.

FINISH WORK ON GREAT PAGEANT

(Continued from First Page)

ing made thus far by the leading "Angels" of Los Angeles has convinced Director Lynch that our local talent is as praiseworthy as any he encountered in other cities where he directed "The Wayfarer."

A. R. Kachel, who plays the title role, has made a decided impression upon those who have heard him. His voice is powerful and his many years as a dramatics coach have provided the experience and knowledge of stage technique which is so necessary to one who attempts so difficult a role as this in a great outdoor theater. Mr. Kachel in his rehearsals has done so well that both director Lynch and Dr. Crowther, author of the play, have agreed that he is the best Wayfarer who has ever appeared in the pageant.

Miss Katherine Rodkin, who is rehearsing for the part of Understanding, the famine lead, is also possessed of a good voice for outdoor work. She is an English actress of considerable experience. Miss Helena Benedict Collamore, playing the Angel, is gifted with a voice of strong caliber and also brings much dramatic experience to the part, having played many "leads" in this country and in Europe. She received some valuable training in her recent engagement with Margaret Anglin in the Greek Theater production of "Hippolytus."

UNDERSTUDIES PROVIDED
"As Mary Magdalene, Miss Kathleen Terry will make a very favorable impression. I am sure her work will be almost entirely pantomime and she has had many years of training in this and in classic dancing. For several years she has appeared in religious plays, which have trained her to put her whole heart and soul into a spiritual play such as the 'Wayfarer' is."

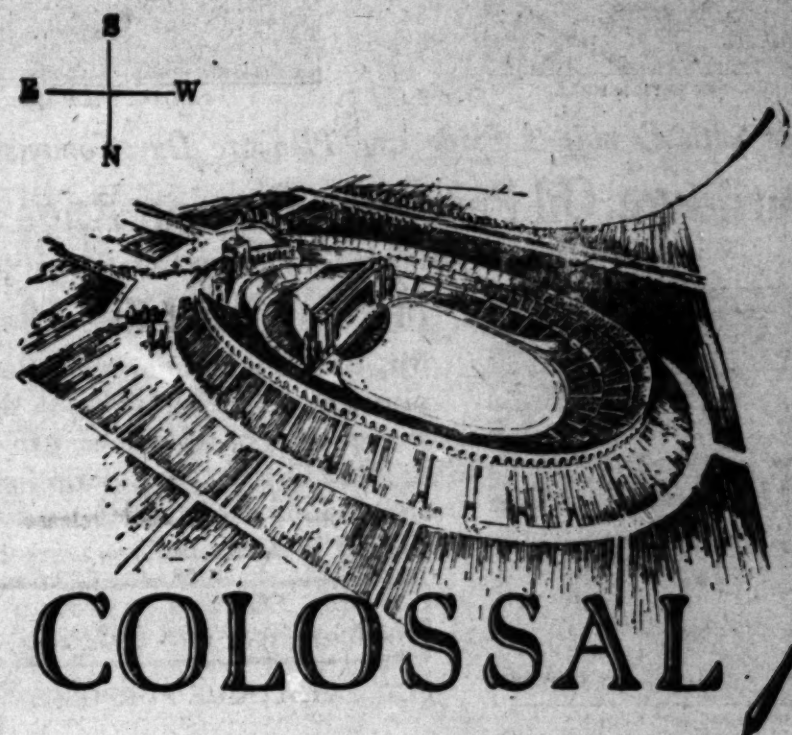

"Understudies have been selected for each of these leading roles, and in case of the illness of any one player an able substitute will be ready."

**GREETING TO
BE PROVIDED
BY CHAMBER**

Delegation of 100 From
Northeastern Section of
State Coming Next Month

Entertainment for 100 representatives of the State Chamber of Commerce, coming to Los Angeles by special train on September 5, is being planned by the convention department of the chamber. The party will be made up of residents of the northeastern section of the State who are on a tour through Canada and the northwestern and southwestern parts of the United States.

It has been arranged that a meeting will be conducted in Los Angeles in order that those in the party may have an opportunity to meet local shippers, exporters and foreign trade officials. Women in the party, it is thought, will be entertained by women's clubs. It is expected that a dinner will be given the party in addition to a number of other features. The party will arrive here from San Francisco, on the Southern Pacific. They will bring a token for the chamber here in the form of a bronze replica of the seal of the Maine body mounted on oak.

THE cast and the chorus of "The

Wayfarer," the most colossal undertaking of its kind ever attempted, is

now practically complete. The chorus

can use a few more altos. Performers

are entirely recruited for the great

scenes on the stage. BUT WE CAN

STILL USE MORE INDIVIDUALS

AND ORGANIZATIONS WITH UNI-

FORMS FOR THE GREAT FINAL

SCENE. Everything about "The Way-

farer" pageant is on a colossal scale.

The Coliseum itself is the largest in the

world, as is the great stage now under

construction. Dressing rooms are being

provided for the cast of 7000. The

chorus is the largest ensemble known

in the West, as is the orchestral band.

The largest scenery ever constructed, 7

carloads of it, is here for the produc-

tion. The electrical equipment would

light a city of 60,000. Naval search-

lights are used. The contingents of

Nationals and uniformed organizations

already assure that the great March of

the Nations in the final scene will be

one of the most stirring episodes ever

witnessed. If you have a uniform, or

if you belong to an organization with

uniforms or regalia of any kind, inter-

est them in participating and make this

final scene simply overwhelming in size

and magnificence. Get in touch with

"The Wayfarer" headquarters, 410

West 9th Street, or phone Merle Armi-

tage, Business Manager, at 877-211.

is receiving an un-

Notice—To All Phonograph Owners

Brunswick Supplants Old-Time Monthly and "Special" Record Releases

Now—always something new on Brunswick Records
A continuous offering at all Brunswick dealers

No more waiting for the old once-a-month or "special" release.

Today, tomorrow—any day—you can obtain NEW records at any Brunswick dealer's.

And records as you have never heard before. Every note crystal clear. Every word of a song, in vocal selections, clearly understandable. The saxophone's wail, the flute's soft trill, the piano's rhythmic thrum, in dance music—made to live as only a Brunswick Record can make them live.

Multiplies the value of your phonograph

Thus the entertainment value of your phonograph is multiplied.

The amazing clarity of any Brunswick record you obtain, will bring out beauties in reproduction of which you scarcely believe your instrument capable.

New records, any time you want them, keep up your musical interest.

Brunswick Records are beautiful, played on any make of phonograph. But—for the superlative in musical art,

Hear a Brunswick Record on a Brunswick

There you will find phonographic music brought into the realms of highest artistic expression.

By means of exclusive methods of Recording and Reproduction, Brunswick has attained heights heretofore unreachd.

The Brunswick Method of Reproduction, embodying the Oval Tone Amplifier of wood (like a fine old violin) and the famed Ultona, achieves perfect rendition of the so-called "difficult tones"—outside the reach of the ordinary phonograph.

The New Brunswick Method of Recording achieves a record 100% clearer than old-time records—a difference so great as to be amazing. The world's truest reproductions.

Hear—and compare!

Program of Appealing Melodies Will be Broadcast by KHJ

KHJ IS SETTING DISTANCE MARK

Programs From "Times" Are Heard in New Zealand

Tenor and Soprano Feature of Noon Broadcast

Scientist to Lecture Soon on Total Eclipse

BY BEN A. MARKSON

Exceptional distance for this season of the year is being achieved by KHJ. The Times' broadcasting station. Letters, telegrams and cablegrams during the past few days attest that KHJ has been heard from Georgia to New Zealand, a remarkable record in view of the hot weather. Hastings, N. Z., heard KHJ on the night of the 23rd inst., according to Paul Barham.

Honolulu has been receiving the night programs regularly and KHJ, The Honolulu Advertiser, is re-broadcasting the songs and music throughout Hawaii. Responses have been received from Pennsylvania, Iowa, Nebraska, and women other States. During the cooler months, of course, KHJ reaches points much more distant, being heard by ships on the Atlantic, by Alaskans and by radio fans in the South Seas region.

ONE PROGRAM

Only one program was given yesterday, that at noon. The station was silent the remainder of the day as has been the case on Saturdays during August.

Roy M. Winner, tenor and impersonator, and Kathryn Ensey Black, soprano, were the entertainers. The former was given piano accompaniment by Claire Bowyer, and the latter by Charles Robson.

Mr. Winner sang, "My Wild Irish Rose," "Marching," and "O Sole Mio." He also impersonated a German character in his original recitation, "Yes, I Am Gully." He was formerly with George M. Cohan as tenor soloist in the musical comedy, "The Little Millionaire."

Kathryn Ensey Black's pleasing voice was heard in three selections, "Thank God For a Garden," by Del Rio; "You Dear and I," by Clarke, and "Just that One Hour," by Exile.

The attention of radio fans who have heard the splendid science lectures of Dr. Mars Baumgardt at KHJ is called to the fact that he will speak on "The Total Eclipse of the Sun," at Philharmonic Auditorium, September 4. The lecture will begin at 8:15 p. m. and admission will be free. Dr. Baumgardt will speak through the courtesy of W. A. Clark, Jr., and the Astronomical Society of Los Angeles.

ILLUSTRATED TALK

His talk on the eclipse, which will occur September 10, will be illustrated with lantern slides and animated pictures. This lecture is given for educational purposes in order to acquaint the public with the importance and beauties of this rare event.

Another item of interest to radio fans concerns the innovation of a radio concert room for the benefit of listeners-in at the Manual Arts Radio and Electric Shop, 4154 South Vermont avenue. This concert room, tastefully furnished, is aside from the merchandising department. If necessary accommodations can be made for 200 persons when programs of particular interest are scheduled. Sam Scott, the manager, is featuring KHJ's matinee musicals from 2:30 to 3:30 p. m. daily, and evening concerts from The Times from 8 to 10 p. m. He invites visitors to listen.

TODAY'S PROGRAM

10 a. m. Sermon by Rev. Thomas Lutzman, pastor of Mesa Congregational Church. Mrs. W. C. Wells, soprano, accompanied by Mrs. Stewart, will sing, "Does Jesus Care," and "His Eye is On the Sparrow."

10:30 to 11 a. m. Organ recital from First Methodist Episcopal Church, Arthur Blakely, organist.

1 to 1:30 p. m. Organ recital from First Methodist Episcopal Church, Arthur Blakely, organist.

2 to 3 p. m. Zoellner Quartet, of the Zoellner Conservatory of Music composed of Antoinette, Joseph Jr., Amandus, and Joseph Sr., will present the following program:

"Quartet in D minor," by Franz Schubert (second movement).

"Theme and Variations on 'Hymnus,' by Arthur Hartmann."

Irish Folk Tune, by Percy Grainger "Molly on the Shore."

To A Wild Rose, by MacDowell, arranged by Joseph Zoellner, Sr.

"Dedication," by Laidow.

Sonnata for Two Violins and Piano, composed by Emanuel Moore, Swiss composer.

NOTED SPEAKER ON KHJ TODAY

Rev. Thomas Lutzman

KHJ listeners-in who remember that gripping sermon, "The Storm," given by Rev. Thomas Lutzman several weeks ago will have the benefit of hearing this splendid speaker again at 10 a. m. today.

Rev. Lutzman, pastor of Mesa Congregational Church, will have charge of the forenoon sacred services. He will take as his text "What God Hath Chosen." The sermon will treat of the glorification of so-called "common things." In other words, the spiritual outlook that all things created are divine.

LATERAL SEWERS IN STORM DRAIN URGED

The addition of lateral sewers to the plans for the Arroyo de la Sacatela storm drain system as urged by the Santa Monica Boulevard Board of Trade and the Hollywood Improvement Association was yesterday recommended by the City Engineer, Griffin and the Board of Public Works. The latter will come before the City Council tomorrow morning.

MAN'S PART IN SLAYING QUESTIONED

Virginia La Vallie Admits Killing Henry W. Johnson; Claims Self-Defense

An account of the slaying of Henry Willard Johnson was given to police yesterday by Virginia La Vallie, held as a suspect, and as a result of the disclosures made by the woman, who admitted killing Johnson, police detectives announced that O. G. Link, also held, probably would be released.

Johnson was killed in an apartment at 34 West Eleventh street Friday afternoon and Miss La Vallie was found huddled in a corner of the room when police arrived. A knife had been used to end the man's life and, according to statements by the woman, she had picked up the knife and used it to prevent Johnson from attacking her.

The woman was said to have posed as the wife of Link and shortly after the arrest of Miss La Vallie he was arrested and taken to Central Station for interrogation by Captain of Detectives Home. He declared that he had been at work at the time of the killing and knew nothing of it. He was held pending an investigation of his story.

Two women were said to have visited Johnson's apartment shortly before the slaying and it was said that no noise of a scuffle in the room was heard by occupants of the apartment-house. Miss La Vallie admitted to police that both she and Johnson had been drinking and she blamed liquor for the trouble.

PHOTOGRAPHERS AND VETERANS TO MEET

EMPLOYMENT OF FARMER-SOLDIERS WILL BE DISCUSSED

There will be a meeting of photographers (portrait and commercial) Monday night in lecture auditorium at the Chamber of Commerce Building, 130 South Broadway, for members of the Association of Photographers of Los Angeles and the United States Veterans' Bureau.

This meeting is brought about by reason of the closing of the California School of Photography, where ex-service men have been in training. These trainees have about completed the theoretical course and are now ready for placement in studios for practical training, so that they can gain experience and become employable. The Veterans' Bureau will continue to pay the training maintenance allowance to the men so photographers will not be called on to pay wages at this time.

The matter will be placed before the meeting by M. O. Boyce of district headquarters of the United States Veterans' Bureau, San Francisco, and the chairman of the committee in question speaks only by representatives of the Los Angeles subdistrict office, under management of J. J. Scudler. President Szwarcwald of the Commercial Photographers' Association also will address the gathering regarding the matter of the continuance of the school of photographers in Southern California.

Speak Only Arabic

Juju, a place of considerable importance in Argentina, presents to the world the edifying spectacle of a city councilor who can not address his brother members or understand what they say. who is prominent in legal and political affairs of that State. Spiney graduated from Wellesley College in June; on the eve of graduation she was married to Mr. Gillette. The wedding took place in the college chapel. Miss L. Gillette, the sister of the bridegroom, was maid of honor. The wedding reception was given at the Alpha Chi Sorority House at Wellesley. Mr. Gillette was graduated from Harvard University in the class of 1927, and is now vice-president of the Gillette Realty Company in this city. The bridal pair made an extensive tour to New York, Atlantic City, Washington and Boston through Toronto and Montreal. After spending time with the bride's parents and Mrs. Gillette came to this city where they expect to make home.

Engagement Announced

Mr. and Mrs. Elva M. Kemp of Heliotrope Drive, was hostess at a luncheon on Monday at which she announced the engagement of her daughter, Imogene Viola to Laurin Wood. Both these young people are graduates of Lincoln high school. Miss Kemp is also a graduate of the Girls' Collegiate School and her fiancé of the University of Southern California. Mr. Wood, who is a prominent member of the Phi Rho Sigma fraternity, is now attending the Northwestern University Medical College. The marriage will take place in the spring.

For Bridal Pair

One of the largest receptions this season was given Friday evening at G. G. Grette at his home, 304 Crescent Drive, Beverly Hills, in honor of his son and daughter-in-law, Mr. and Mrs. Waldo Glette. Mrs. Glette before her marriage was Miss Dorothy Burbank Spinney, daughter of Judge E. P. Spinney of North Brattle, Ma.

They were the Hawaiian Islands in March where they were extensively entertained, and where Dr. Hoag plotted his book "The Story of the Hawaiian Islands," dedicating the Governor, William R. Barrington. Dr. Hoag also made a number of the territorial prison for Governor, and made two addresses before the women's organization of Honolulu on the crime situation there. In June Dr. and Mrs. Hoag will leave for Europe. Dr. Hoag were also the incentive for numerous social courtesies. Dr. delivered a course of lectures on the university on mental hygiene and criminology.

En Route Home

Miss Minnie M. Zensen, daughter of Mr. and Mrs. C. T. Zensen, Fourth avenue, arrived in Los Angeles yesterday, en route home from summer in Europe. She will visit Trenton and Davenport, to visit relatives, arriving about September 10. She was accompanied throughout the trip by her former schoolmate, Rachel Markley, of Oakland. Zensen's marriage to William of Livingston, Cal., will take place in the autumn.

The Facts About the "California's" Values

Because the "California" maintains window displays of beautiful home furnishings of the better class, and because the "California" never engages in so-called "special sales," there are those who come to the false conclusion that they cannot afford to buy at the "California."

This conclusion, however, exists only when investigation and value comparison are not made.

The facts in the case are that you can buy home furnishings just as economically at the "California" as you can anywhere, and very frequently the "California's" prices are even lower than so-called "special sale" prices.

This applies not only to the finer home furnishings but to the moderately priced furnishings as well.

To take it for granted that you cannot afford to buy at the "California" without first making your own value comparisons, is unfair to yourself. The very fact that the "California" is fortunately able to secure every price concession that cash and extensive buying can command, and marks its merchandise on the closest consistent selling margin, with no allowance made for some future artificial price reduction, indicates that prices here must be consistently low.

Scarcely a week passes but patrons tell us they are surprised to find such extraordinary values and selections here.

We invite you to come and investigate the "California's" offerings and values even though you may not have any immediate home furnishing requirements.

The public is always welcome here, and it is the policy of this institution that no visitor shall ever be urged to buy.

Announcing Important Acquisitions to the Staff of Feagans & Co.

THE record of Feagans and Company in Los Angeles has been one of conspicuous progress.

Right now, an army of skilled artisans is transforming the Athletic Club corner at Seventh and Olive Streets into a wonderful new business home for Feagans and Company.

But with all its magnificence, its spacious ground floor area and its ideal location, this new business home must be recognized as secondary in importance to the organization that is to render service to the public of Southern California in the name of Feagans and Company.

And so it is particularly appropriate that the important acquisitions which have been made to the Feagans and Company organization should be announced at this time. They include

MR. CHARLES E. MARCELLUS—for many years in charge of the Diamond Department of S. Nordlinger & Sons.

MR. C. S. DOUGLAS—for many years identified with the Silver Department of S. Nordlinger & Sons.

MR. HARRY L. HETTICH—for a number of years identified with the Silver Department of S. Nordlinger & Sons.

MR. HARRY A. SMITH—for a number of years head designer for the Diamond Department of S. Nordlinger & Sons.

MR. WILLIAM A. HERTSCHEL—head of the manufacturing and special order department of S. Nordlinger & Sons.

It is the belief of Feagans and Company that the public will be interested in this information, reflecting as it does the progressive spirit of this store.

Until our new home is ready, which will be about the middle of October, it will be our pleasure to render in full measure the Feagans and Company service to our friends and patrons at our present store.

Mrs. Lawrence C. Spieth and Daughter Alice
(Witsel Photo for Ruth Knight)

A SOCIETY favorite here until her marriage took her to an eastern home, Mrs. Lawrence C. Spieth (Helen Neville Pepper), with her young daughter Alice, has been spending the summer with her mother, Mrs. Enoch Pepper, and her sisters, Mrs. Leon Hamlin Hurst and Miss Elizabeth Pepper. Few young matrons have been so extensively entertained. Mr. Spieth arrived the first of August and together they will return to their home in Cleveland early in September.

Week's Guests, Hosts.

Mrs. Henry W. Dakin and daughter Helen, and Mr. and Mrs. Curtis M. Willock of Pasadena.

Vicount and Vicountess R. Matsudaira of Tokio, Japan, were conspicuous in a group of distinguished Japanese guests at Del Monte, who have been comparing the famous cypresses of the Monterey peninsula with the cypresses of Kobe and Tokyo.

Mr. and Mrs. Enoch Pepper, who is first secretary to the present Mikado, and whose father, head of one of the old noble families of Japan, was adviser to the late Emperor, devoted to Del Monte the last days of a round-the-world honeymoon. One of the most interesting things he had seen in his entire trip, he said, were the familiar cypresses on the seventeen-mile drive. The Vicount, who is an enthusiastic golfer and member of the exclusive Recco San Club of Kobe, played over Pebble Beach course yesterday.

The nucleus of a fashionable yacht club has been formed at Sullwater Cove at Pebble Beach, where the Stuart Haldrons already have a very smart forty-footer in commission. John E. Carberry, the South African planter, who recently has made Pebble Beach his home, had added a handsome steam yacht to the fleet. Mr. Carberry is now arranging a fishing and hunting trip to Lower California in his new yacht and has invited Louis Hill, Mark Daniels and

a number of Pebble Beach sportsmen as his guests.

Marriage Announcements

At the home of Mr. Edwin C. Randolph, 1141 Gower street, Hollywood, Thursday evening, was solemnized the wedding of his brother, Charles Joe Randolph, to Miss Helen Cook, before a few close friends. The bride was attended by Miss Florence Cox and the groom's brothers, Edwin C. and Walter, acted as best men. Mrs. Margaret Burnett, with whom the bride has made her home since coming to Los Angeles, acted as matron of honor. Mr. Randolph is from Macon, Ga., where his family is well known. The young couple will be at home to their many friends in their beautiful new bungalow on North Arizaba avenue, Long Beach.

Society Notes

Mr. and Mrs. Wesley Clark and Miss Inez Clark, who have been living at Hotel Derby, have taken a house for the winter at 1938 Elder avenue.

Mrs. F. S. Ray was hostess at luncheon at the Mary Louise on Friday, complimenting Mrs. Willis Booth.

One of the pleasant luncheons of the past week was given by Mrs. T. J. Steele in the Chinese room of the Mary Louise.

Mary Doerr, Miss Rebecca Pat-
terson, Miss Elwyn Perry, Miss
Alice Penney and Miss Alyce Gay.
Through the exact date of the mar-
riage of Miss Perry and Mr. Adams
has not been divulged, it is
expected that it will take place
late in autumn.

His Peril
Dan Boone, the fearless animal
tamer of the circus, had a dread
of cold air that amounted almost
to an obsession. One day after
his exhibition in a cage with a
ferocious lion he remarked to the
circus manager, "John, old man,
this will be the death of me yet."
"You're not losing your nerve,
are you, Dan?" inquired the other
anxiously. "You're not the other
anxiously." "I should say so,"
said Dan in disgust. "I should say
so, but those cages are the worst
place on earth for drafts. Some-
day I'll take cold in one of them
and it will be the death of me."

scribes Entertained
Arthur W. Kinney, former presi-
dent of the Chamber of Com-
merce, entertained the members
of "The Scribes" with a California
garden supper on Tuesday evening
at his residence on Magnolia ave-
nue. The grounds were decorated
with many flags emblematic of the
Spanish, Mexican, Republic and
American periods in the history of
California. Japanese lanterns
hung throughout the shrubbery
served as a means of decoration
and illumination. Supper was
served on a long table beautifully
decorated with California fruits
and flowers. A feature of the eve-
ning was a number of humorous
speeches by various members of the
company and the rendering of a
song, "Sweet Sunny Southernland,"
the lyric and melody of which
were composed by the host and
sung by Mrs. Gertrude Auld
Thomas. Each of the thirty guests
received a favor embellished with
California colored photographs and
poppies. "The Scribes" is an or-
ganization which includes many
prominent newspaper and maga-
zine writers, and has enjoyed an ex-
istence of nearly thirty years.

Sunday morning Mrs. Josephine
Ladd Jones, daughter of Mr. and
Mrs. Cerepo P. Jones of 1108 Gar-
field avenue, became the bride of
Mr. Franklin Brooks Cole in the
chapel of St. James Church. Rev.
C. Rankin Barnes read the service.
There were no attendants and only
immediate relatives of both fam-
ilies were present.
Announcement was made this
week of the betrothal of Miss Vir-
ginia Irene Schramm, daughter of
Mr. and Mrs. John H. Schramm,
and Mr. Everett Russell Stanford,
son of Mr. and Mrs. T. H. Stan-

BROADWAY AT NINTH

Southern California Hostesses Entertaining Guests From East To Our Friends and Patrons

numbering the girl friends of Mrs. Luber when she made her home in Ontario before her marriage. Three tables were employed in the auction tournament and prizes for the afternoon's play were captured by Mrs. Douglas R. Leeson, Mrs. J. Norton and Miss Louise Dilworth. A tempting collation followed the games. Honoring Mrs. Will H. Mather of Delta, Colo., who is visiting here, Mrs. Edward H. Lichty entertained Tuesday afternoon with a charmingly appointed luncheon at The Sycamores. A yellow color motif was effectively carried out in decorations and appointments. Covers at the luncheon table were marked for Mrs. Will H. Mather, Mrs. Rupert F. Greatfinger, Mrs. Ruth Delahoyde, Miss Lenore Delahoyde and Mrs. Edward F. Lichty.

In honor of the ninth-birthday anniversary of her daughter, Janet, Mrs. Hoyt Hilton entertained a merry group of her girl friends at a lawn party at their home in West Eighth street Wednesday afternoon. The guests included the little Misses Caroline Combs, Jean Moore, Josephine Cushing, Jean Marre, Elizabeth Meek, Betty Jane Gilmore, Elizabeth Goddard, Dorothy Thatcher, Adelaide Gemmell, Phyllis Moore, Charlotte Allen, Marietta Hilton and Edith Hilton. Dr. and Mrs. C. W. Julian were hosts Tuesday evening at their home, 121 East E street, entertaining the members of the Southern California Veterinarians' Association with a musicale and supper. More than a score enjoyed the affair.

children, Marjorie and Frank Monroe, Jr., are expected to return next week from a visit of several months with relatives and friends at Rutland, Vt., and at points in Maine and Massachusetts. **REDLANDS**—This was a week of weddings among the society folk of Redlands, some of them expected and some of them not, but all of them interesting. Probably the most unexpected was that of Walter B. Johnson, one of the most popular of the bachelors of Redlands, and Miss Emily Ethel Irwin at her home in Lawrenceburg, Ky. Miss Irwin and her mother have spent the winters in Redlands for several years. Mr. Johnson left Redlands several days ago announcing a trip to San Francisco

and a vacation. The next word was a telegram telling of his wedding to Miss Irwin at her home in the Blue Grass State. They are to make their home in this city. Another interesting wedding was that of Charles Burris of this city and Miss Violet Jordan of San Bernardino, popular with the young people. They were married in San Bernardino at St. Paul's Methodist Church. Miss Lillian Jordan was maid of honor and Billie Lanner and Lillian Jordan were bridesmaids. Mr. Burris was the best man. The bride wore gray Canton crepe. Miss Lulu Boettger, daughter of Mr. and Mrs. C. A. Boettger, was married to Carl Knickerbocker of Los Angeles in a quiet wedding at the home of the bride's parents. They have now gone to Redondo, where they will make their home.

Two former University of Redlands boys were married during the week when Leo Sievert and Miss Gladys Lillie were married at Alhambra. Also during the week Ernest Henderson, former university student and boys' secretary of the Y.M.C.A., and Miss Margaret Curtis were married at the bride's home in Pasadena. Mr. Henderson is now the secretary of the Y.M.C.A. in South Pasadena. Miss Helen Bristol entertained during the week in honor of Miss Ruth McIver, who is soon to become the bride of Garner Oslick of Los Angeles, also honoring Miss Billy Kline, who is leaving soon for Los Angeles to make her home. Pink and green were used in the color scheme of flowers to decorate the house. There were twelve guests.

BUENA PARK—Weiner bakes are the thing these pleasant evenings. An enjoyable affair was given in the Eucalyptus grove on Court street Tuesday night. After the feed the company gathered around the camp fire and related stories and jokes. Included were the Misses Ruth Garner, Sarah Mitchell, Helen Page, and Dorothy Rankle of Fullerton; John Erickson, Owen Teeter, Vernon Berry, Eldon Langford and Earl Mitchell. Guests at the hospitable J. B. Robinson home for Saturday and Sunday were: Mrs. C. Lockwood and children of Santa Monica. On Sunday other guests for the day were: Mr. and Mrs. Claude Webster Farran gave the program. Morton Kelly, son of Mr. and Mrs. J. C. Kelly of this city, and Miss Elizabeth Budd of New Albany, Ind., were married in Los Angeles during the week. They will make their home in Los Angeles. Miss Harriet Northrop entertained with a delightful luncheon at the Casa Loma Hotel during the week, honoring Miss Adele Northrop, who is visiting here from Dubuque, Iowa. Covers were laid for ten at the tables.

UPLAND—In honor of the birthday anniversary of the hostess and as a farewell compliment to Mr. and Mrs. Wright Hamilton, their son and daughter-in-law, who are shortly to return to their home in Galesburg, Ill., after spending the summer here, Major and Mrs. J. F. Hamilton entertained at dinner Thursday evening at their ranch home in West Seventh street. Dinner was announced at 7 o'clock and was served in courses. Graceful baskets of Japanese daisies in blue, yellow and pink dints were used with artistic effect in decoration. Covers at the dinner table were indicated for Mr. and Mrs. J. A. Evans, Mr. and Mrs. J. E. Hamilton, Mr. and Mrs. Alfred Barr, Mr. and Mrs. Cadet Hamilton, Mr. and Mrs. Robert McFall, Mr. and Mrs. Clinton Evans, Miss Charlotte Jane Evans, Miss Dorothy Hamilton, Springer Evans, Philip Hamilton and Major and Mrs. J. F. Hamilton. Society was out in force Wednesday evening for the annual mountain resort. The hotel was gayly decorated for the occasion and the costumes were gorgeous and of infinite variety. The Camp Baldy orchestra furnished music for the dancing. Prizes were awarded Miss

Elizabeth Walker, Mrs. George Westfall and Herbert C. McCulloch for the best costumes. Supper was served toward the evening's close following the unmasking. An event of unusual interest in Upland society is the approaching marriage of Miss Ruth Craig, charming daughter of Dr. and Mrs. William Howard Craig, of Prentiss, Couder of Chicago, which is to be solemnized in the Spanish Chapel of the Mission Inn, Riverside, on September 1. Miss Craig has spent the greater part of her life here and is one of Upland's most popular belles. Directly following the ceremony, Mr. Crowder will take his bride to Chicago for a visit of several weeks at the home of his parents. They will return about November 1 to make their home in Los Angeles.

THE consolidation of Nordlinger & Sons, Brock and Company is the greatest forward step in the history of the local retail dry business. The union of these two progressive institutions is the combining of merchandising ability, methods and ideas which have stood the test of time. It means greater facilities—greater stocks—greater service. It means the formation of the largest dry establishment west of Chicago.

We desire to say to our valued patrons and friends that though we are merging our "business," we are not giving up our identity and our thirty-three years of good will as employers. We are adding to another great establishment an institution that has steadily to the front through adherence to the same high business ideals and alertness and promptness in merchandising.

The same careful attention received at S. Nordlinger & Sons you will receive at greater Brock and Company. You will own most of our own personnel at the beautiful Seventh Street establishment. We are not "going out of business." We are uniting interests, our methods and the selective and cumulative experience of over a half century in the dry business here in Los Angeles with another large and successful institution.

Mr. Louis S. Nordlinger, been elected a Director and President of Brock and Company and will devote his time and attention to see that our patrons are given an improved service based on combined Nordlinger and Brock standards. We know that we will be able to serve you to even better advantage through this combination of greater strength and more comprehensive facilities.

Thanking you for your past patronage and trusting we may see you often in our new establishment on Seventh Street, we are

Yours sincerely,

Friends and Patrons

THE consolidation of S. Nordlinger & Sons with Brock and Company is the latest forward step in the story of the local retail jewelry business.

The union of these two progressive institutions means a combining of merchandising ability, methods and ideals which have stood the test of time. It means greater facilities—greater stocks—and greater service. It means the formation of the largest jewelry establishment west of Chicago.

We desire to say to our valued patrons and friends that though we are merging our business, we are not giving up our identity and our fifty years of good will as jewelers. We are allying them with other great establishments with institutions that have forged steadily to the front through adversity to the same high business standards and alertness and progressiveness in merchandising.

The same careful attention you received at S. Nordlinger & Sons will be received at greater Brock and Company. You will even see most of our own personnel at the beautiful Seventh Street establishment. We are not "going out of business." We are uniting our interests, our methods and the collective and cumulative experience of over a half century in the jewelry business here in Los Angeles, with another large and successful institution.

Mr. Louis S. Nordlinger has been elected a Director and Vice-President of Brock and Company and will devote his time and attention to see that our patrons are given an improved service based on combined Nordlinger and Brock standards. We know that we will be able to serve you to even better advantage through this combination of greater financial strength and more comprehensive facilities.

Thanking you for your valued patronage and trusting that you may see us often in our new establishment on West Seventh Street, we are

Yours sincerely,

Many Summer Social Events

Mr. and Mrs. D. Weigle, 280 West 10th street, Pomona, were the guests of the Pomona Hospital when the annual affair was given at the Pomona Hotel last evening.

Miss Mary Chadcock has gone to Mills College to resume her studies after being here with her parents, Mr. and Mrs. E. L. Chadcock, during the vacation season.

Mr. and Mrs. James Gearhart have returned from Venice, where they had been since August 1. Mrs. Leroy Paine and daughter, Mrs. Dorothy Paine, who had been in Berkeley for several weeks, have gone on to Venice.

Congressman and Mrs. H. E. Barbour and sons, Jack and Richard, motored to the Coast last Sunday to remain until some time this week.

Mr. and Mrs. L. O. Stephens have been entertaining at their home guests Mr. and Mrs. Scott T. Alford, of Los Angeles.

Miss Eleanor Percival returned home Wednesday from Pasadena, where she had visited friends.

Mr. and Mrs. William H. Bryan, Jr., and son spent the last week-end with Mrs. Bryan's mother, Mrs. B. F. Shepherd, at Carmel.

Other guests of Mrs. J. R. Boyer were Mr. and Mrs. J. R. Boyer, Jr., Mrs. William F. Dunn and son, Gordon Dunn, will be at Santa Monica until the middle of next month.

Mrs. W. A. Sutherland and son, Keith Sutherland, returned Monday from a stay at their place at Rock Haven. They motored next day to San Francisco.

SAN PEDRO

In courtesy to Mrs. F. L. Black of Everett, Wash., Mrs. W. M. Jenkins, also of Everett, and Mr. Edgar Dry of Neppel, Wash., the mother and sisters of F. A. Black of Point Fermin, who are returning north soon, after an extended visit in San Pedro, a luncheon of attractive arrangement was given recently by the Point Fermin Library Club. Places were taken by Mrs. F. L. Black, W. M. Jenkins, Edgar Dry, F. A. Black, H. B. Kirkpatrick, L. A. Waters, Montgomery Phister, Lee Stark, M. P. Decker, W. E. Guidinger, H. A. Linkletter, Frank Cryderman, William A. Rick, F. A. Holmes, Terry Hickman, H. T. Racco, M. F. Neves, E. D. Seward, T. W. Fletcher, O. R. C. Grow, Allan Voorhees, W. L. Spellman, Wilbur Wood, Alan Brouse, Elmer Higgins, I. G. Lewis, L. E. Cuneen and L. W. Wells.

Incentive for a surprise shower jointly given by Mr. and Mrs. Arthur Cobo and Miss Rachael Johnson at the Cobo home, 269 Fourteenth street, was the coming marriage of Miss Margaret Benton and Scott McIntire, which is to take place September 2. Red hearts were the predominant feature of the effective decorations, and red paper hearts also figured in one of the diversions of the evening. At the affair were Mr. and Mrs. George La Grosse, Mr. and Mrs. Herbert Williamson, Mr. and Mrs. Donald Parker, Miss C. B. McIntire, Tina Carey, Mary J. Benton, J. J. Cobo, Thomas Grace and R. R. Morisset, Miss Margaret Benton, Laura Clarke, Joyce Tucker, Sybil Morisset, Mary Benton and Louise Pierson, Messrs. Otto Benton, Mort Jeffrey, Chester Jeffery, Carl Sandlin and Wallace

Fitzgerald, Mr. and Mrs. Arthur Cobo and Miss Rachael Johnson.

Two hundred guests witnessed the charming wedding in which Miss Wanda McKinney, Wednesday evening, became the bride of Roxie Stewart, Rev. M. H. Fagan, pastor of the Wilshire Boulevard Christian Church of Los Angeles, an intimate friend of the McKinney family, performing the ceremony at the First Christian Church of San Pedro, at 8 o'clock. Mrs. Helen Rayburn of San Pedro, was matron of honor and Wesley Westman of Long Beach best man. Miss McKinney, who is the daughter of Mr. and Mrs. W. B. McKinney of 637 Grande avenue, was graduated from the University of Oregon in June and is a member of the Beta Sigma Chi and Alpha Chi Omega societies.

Mr. Stewart is in charge of the Southern California Automobile Club's office in Redondo Beach and he and his bride will live there on their return from their honeymoon.

Among the other features of the evening's entertainment at the social affair given by the Women's Guild of St. Peter's Episcopal Church Friday evening at the Episcopal parish-house was a unique sketch, "The Family Album," in which a number of the guild members took part, representing the various types of the family album. Mrs. Eric L. Barr, wife of Lieut. Commander Barr of the submarine base, read from the album as the characters appeared on the stage. At the close of the informal program, refreshments were served by the committee in charge, which was composed of Mrs. H. G. Beals, Mrs. A. B. Westmoreland and Mrs. George Hayward.

YORBA LINDA

Celebrating the natal anniversary of her daughter, Sarah Elizabeth, Mrs. R. A. Martin entertained a bevy of girls at her home Friday afternoon. Pink and white were the prevailing notes in the decorations. Favours of pink crepe caps and bonbons were at each guest's place. The afternoon was spent in games and music. Those present were: The Misses Mildred Cox, Elinor, Caroline Pickering, Fern Smith, Maxine Hangan, Laurene Colver, Louise Day, Ireta and Blanch Wilson, Marjorie Holland, Rosemary Hurley, Mary Johnson, Ruth F. Friend, Bertha Smith and Elizabeth Bastianchury.

Los Angeles, Alamitos, Westminster, Huntington Beach and Yorba Linda were represented in the fifty guests present at the housewarming on Mr. and Mrs. Edward Jones, in their handsome new home here. The affair was a surprise and a pot-luck dinner was enjoyed by the hosts and guests from the well-laden baskets of good old-fashioned picnic fare. The afternoon was spent in songs and instrumental music, closing the afternoon by a community sing in which the late President's favorite, "Lead Kindly Light," was sung.

Out-of-town guests entertained by the hospitable hostesses of Yorba Linda this last week were Rev. and Mrs. Burton V. Neal and Mr. and Mrs. Albert Fear, at the Frank Day home on Sunday. Mrs. L. D. Ferguson and granddaughters, Elsie, of Alhambra, were dinner guests at the home of Mr. and Mrs. George T. Kellogg. At the ranch home of Mr. and Mrs. E. J. Richards a delightful Sunday dinner was enjoyed by Mrs. Catherine Richards, mother of the host, and his brother and wife, Mr. and Mrs. Ralph Richards, and Miss Laura Ellis, all of Los Angeles.

LINDA

Rev. Bruce Brown, one of the Chautauqua speakers, delivered an address on Thursday evening at the Olinda social hall to the parents and members of the Boy Scouts. This was put on under the auspices of the Yorba Linda Masonic Lodge for the benefit of the Olinda and Yorba Linda Boy Scouts' clubhouse. Mr. Brown's topic, "The Pot of Gold at the Foot of the Rainbow," was listened to with a great deal of interest by the boys. Both Olinda and the sister city, Yorba Linda, have a real live Boy Scout organization and sites for the clubhouse have been secured. It is the intention of the Masons to fit them up completely. These companies have been under the sponsorship of the Masonic lodge for some time.

A day and evening was pleasantly spent by a party of Graham and Loftus Laese folk Saturday at Brookside Park, Pasadena. A picnic dinner was had at noon. The afternoon was spent in swimming and fishing, then water bobs were enjoyed in the evening. Included were: Mr. and Mrs. M. Lotts and son, Walter, Mrs. Calvin Varner and son, Kenneth.

Mr. and Mrs. Jud Stewart, who have been spending some months in San Diego and here, were guests of their daughter, Mrs. C. C. Stewart, at the sweet shop. The visitors left for their home in the East Tuesday.

PLACENTIA

A surprise birthday party was given on "Dick" Gains by his friends Tuesday night. An evening spent in games was followed by a delicious repast in which a huge birthday cake was the center of attraction. Included in the many friends present were: The Misses Helen Thompson, Myrtle Rockwell, Isabelle Dunlap, Florence Carpenter, Jean Dunlap, Mary, Osbourne, Constance, Williams, Vidian Gray, Gerry Janks, Helen Smith, Leland Green, Asher Wallace, Keith Coffey, Claude Leach, Bill Travers, Charles Thamer, Keith Cannon, Hugh Edwards, Ernest Hartz, Bud Ewald, Taubert, Bielefeld and Nelson Gains.

Enjoying a swim in the open-air plunge in Geneva Park, Pomona, talking over the hills, and sitting down to a sumptuous picnic dinner under the beautiful oaks of this park was only part of the fun indulged in by a party of Placentia young folk Sunday. Included were: Mr. and Mrs. Ben Gramer, Mr. and Mrs. C. Riles, Mr. and Mrs. Julian Allen, Mr. and Mrs. H. Poyet, J. C. Willis, C. E. Burnett, Daniel Allee, the Misses Emma Kramer and Mary Ellen and Rose Poyet.

Big Bear Lake is a favorite outing place for many Placentia people. Among those returning this week from there are: Mr. and Mrs. O. W. Little, Mrs. J. W. Edge and daughter, Enid, who had just returned. While in the mountains they were the guests of Mr. and Mrs. C. E. Fuller at their cabin Buick Lake, Mr. and Mrs. Fred Watson returned from Rideout camp and Mr. and Mrs. R. L. Fourman and Mr. and Mrs. William Coker from North Bay.

GARDEN GROVE

Rev. and Mrs. S. W. Gage celebrated their wedding anniversary Wednesday evening at the home of Bixby Park, Long Beach, after which the company attended the Southern California Baptist Assembly at the Long Beach Baptist Church. Included in the party were Mr. and Mrs. Conrad Orley, Mr. and Mrs. J. G. Allen, Mr. and Mrs. J. Cockerham, Mrs. Ernest Arrowsmith, Miss Maud Aronholt, Leroy and Archie Allen and Soule Orley, all of Garden Grove.

Another party which was a family reunion, occurred at Long Beach Sunday. The picnic dinner was enjoyed on the sand by Mr. and Mrs. C. R. Simmons and family, Mr. and Mrs. Robert Kidd and daughter, Ida, of Eagin, Or. Mr. and Mrs. Walter Kidd, and Mr. and Mrs. George Kidd of Santa Ana.

C. A. Mitchell arrived home last week from a five weeks' visit of his old home in the Middle West. He visited Kansas and Nebraska. While in Lincoln, Neb., he witnessed a cyclone that did much damage. Mr. Mitchell's thoughts were of California, where nothing like that happens, and a town lot looked better to him in the land of the setting sun than a whole township in the land of twisters. Another family reunion occurred at the home of Mr. and Mrs. J. W. Tuesday. These were Mr. and Mrs. F. M. Reasfender, who spent six weeks in Salina, Kan. They report a very enjoyable visit, but are glad to be back.

LA HABRA

A housewarming at the new summer cottage at Newport

Beach was the entertainment given by Mr. and Mrs. James Walker of West Central avenue Saturday evening. A 6 o'clock supper was enjoyed on the beach by R. L. Crumrine and M. V. Treaslar, supplemented by many delicious viands from the Walker larder. After supper whilst was played at the five tables until a late hour, when light refreshments were again served. Mrs. Walker was assisted by her daughter, Miss Susan. Guests and members were: Mr. and Mrs. Luther Lindaur, Mr. and Mrs. Clark Hinchaw, Mr. and Mrs. Walter Hole, Mr. and Mrs. C. L. Crumrine, Mr. and Mrs. L. Chandler, Mr. and Mrs. M. V. Treaslar, Mrs. M. F. Davis and Miss Beatrice Proud substituted for Mr. and Mrs. F. E. Proud. Guests were Miss Pauline Crumrine, Miss Charlotte Hallock, Miss Virginia Chandler, Billie Treaslar, Billy Hole and Price Walker.

Mrs. Emory De Gray entertained for her daughter, Miss Helen, at luncheon in honor of Miss Grace Meddings. There was a farewell party for Miss Meddings, who leaves shortly for her home in Santa Rosa, United States. After dinner the revised Kiwanis songs to fit the occasion and were printed on each card tied with a red ribbon, and were sung at the table. The centerpiece and living-room decorations were gorgeous red and orange dahlias. An after-dinner program with some of the guests as performers was an enjoyable event. Miss Riley favored with a song and the young hostess, Miss Helen, with several readings. The afternoon was spent in games. Included were Mrs. J. W. Camp, Mrs.

Frank Chritcher, Miss Reba Riley, Mrs. Helen Taylor, Mrs. Lillian Root of Riverside, Miss Eulalie Ward, Miss Mary Hilda Kelton and the honoree.

BREA

Of much interest to Breaites was the marriage of one of its young business men, Jay B. Taylor, proprietor of the Brea Ignition Works, and Miss Myrtle Peters, both of this city. The wedding occurred at the parsonage of the Rev. and Mrs. J. S. Wood of Santa Ana Saturday, the Rev. Mr. Taylor reading the marriage lines. Only intimate relatives were present. These were: Mr. and Mrs. M. V. Taylor and Mrs. J. S. Woods. After a short honeymoon Mr. and Mrs. Taylor will be at home to their friends on South Flower avenue, Brea.

Mr. and Mrs. Forest Hurst, and mother, Mrs. W. Hurst, accompanied by J. W. Hurst, accompanied by Mrs. C. Bayless, left Wednesday for a vacation trip to Northern California and Oregon, where the party will be the guests of relatives.

Mrs. Fred Clegg and two children, and Mrs. Frank Throop of East Elm street, accompanied by Mrs. J. E. Rymer was the recipient of a special birthday courtesy by her mother, Mrs. J. W. Lutes of Orange Tuesday evening. A very pleasant dinner party was enjoyed by the honoree and guests, who numbered Mr. and Mrs. Rymer, Mr. and Mrs. Lutes, Mr. and Mrs. R. R. Lutes of Santa Ana, and J. W. Lutes of Orange.

Honor guests at a delightful picnic outing at Griffith Park Wednesday evening, were Mrs. C. Courtney and Miss Helen Sawyer, who have been the house guest of Whittier relatives for a number of weeks and who are leaving soon for her home in Chicago. Covers were laid for Mr. and Mrs. Peter Sharp, Mrs. and Mrs. Everett Reese, Miss Mary Bullen and Dr. and Mrs. A. E. Loeys.

Mrs. A. M. Otis returned the first of the week from the T.W. C.A. conference held at Ashland. She went as a delegate from the East Whittier Friends' Church. Miss Wilma Ware also attended the conference with a number of her associates from the Fullerton Junior College, where Miss Ware is in school.

Mrs. Benjamin F. Farquhar was a guest over the week-end at the home of her brother, Dr. Norman T. Hole, and his family at their summer residence in Long Beach. The permanent home of the Holes is in Whittier.

Mr. and Mrs. Carroll Scott of Scott Road entertained with an attractively appointed mid-day dinner, their guests being Mr. and Mrs. Lester O. Baldwin of Huntington Beach, Mr. and Mrs. William C. Shute and two interesting children of Los Angeles.

WHITTIER

Mr. and Mrs. Irving Johnson and their interesting family, consisting of Mr. Kelley Johnson and his young sister, Miss Hannah Johnson, have been recipients of much social attention since their arrival in Whittier last week and every minute of their visit, which will terminate shortly, has been planned with entertainment by the numerous hosts and hostesses of Quaker City, many of whom were

S. Nordlinger & Sons
Now United With
Brock and Company

THE final stage in the consolidation of the Southland's two foremost jewelry establishments, announced several weeks ago, has now been consummated. The store formerly occupied by S. Nordlinger & Sons at 631 Broadway, has been closed. The entire stock is being combined with that of Brock and Company in the Brock and Company building at 517 West Seventh Street.

New Sales Floor To Open

In order to afford patrons ready access to our greatly increased stock we are fitting out the second floor of our building as a beautifully appointed sales room. It is identical in size with the main floor and will be equipped with every facility for convenient and expeditious service to customers.

Patrons of S. Nordlinger & Sons will recognize many of the personnel of that firm in our organization. Mr. Louis S. Nordlinger himself becomes vice-president of Brock and Company and will be actively engaged in the business. S. Nordlinger & Sons is the oldest jewelry store in Los Angeles. It carries into the consolidation a prestige and good will built up by 54 years of progressive, high-minded business administration.

The union of these two firms gives to Los Angeles a jewelry store the equal of which is found only in the very largest cities. Brock and Company, already in the forefront of America's jewelry stores, in the completeness of its departments and the high quality of its merchandise, now takes on a similar importance as one of the largest jewelry institutions in the country.

SIERRA MADRE
Until four years ago, Dr. and Mrs. Mackerras and their three sons were residents of Sierra Madre. Dr. Mackerras coming to California in 1904. While here Dr. Mackerras was well known not only as a physician of high standing, but as an health officer, serving the city in that capacity for ten years; as a member of the local lodge of Masons. He took an active interest in all affairs of civic importance. In addition he was a charming personality which endeared him to all and made him very popular socially. His leaving the foot-hill town for Pasadena was a loss and the regret that both Sierra Madre and the Crown City feel over his untimely demise is sincere, deep, and mutual.

The brother, J. D. Mackerras, still lives in Sierra Madre.

The Civic Association called a meeting of the townfolk on Monday, last for discussion in open forum of the issue to be decided by the County Board of Supervisors, namely "Shall the Sierra Madre grammar school district be annexed to Pasadena?" There was a good deal of discussion pro and con, both by the many local exponents and by the several out-of-town guests, most distinguished among whom were County Superintendent of Schools Mark Keppel, Mr. F. F. Martin, business manager and Mr. W. R. Litsenberg, president of the school board, both of Pasadena, city schools. Mr. Anderson, a member of Sierra Madre's present school board

spoke. Dean William Carson Shaw, its president did not return home until Friday from his long vacation and trip to Chicago, where he remained a week stopping in Detroit and traveling through British Columbia where he has relatives.

Mr. and Mrs. R. W. Finlayson ran down to San Diego for the week-end. Mr. Finlayson, who is an architect, is having his annual holiday. Accompanied by Mr. Jack Buchanan, Mrs. Finlayson's brother, who is recovering from a severe illness, they motored to Murietta Springs where they expect to stay for a week at least.

Mr. H. T. Fennel topped off his summer vacation with a three-day trip (from Monday to Wednesday) to Catalina. He was accompanied by Mrs. Fennel. Their daughter, Miss Viola, a 1922 graduate of Pasadena High School and one of the attractive girls of the younger set is still in San Francisco with her aunt, Mrs. Ireland. Lester the son, after his work at Brice Academy joined the Boy Scouts on their outings on two different occasions to the islands.

The Ernest Greens are also at Catalina, where they plan to stay for a fortnight.

Convict Lake is inviting a number of Sierra Madre people. Among them, five men, the Messrs. James Farndale Cover, Lloyd and Danahon Terr and Fletcher White, Jr. They left Saturday and expect to be at the Lake two weeks. Miss Muriel Tarr and Miss Alice Stanley are also at Convict Lake. Inasmuch as Mr. and Mrs. E. H. Carpenter, their son Edwin and their guests, Mrs. Francis and A. W. Carpenter of Burlington, Iowa, left for Inyo county and Convict Lake. It would appear as if there would be a regular Sierra Madre colony there, the next few weeks.

SANTA ANA
Mr. and Mrs. Lamont Goble of Anaheim were the guests of honor at a charming dinner given at the Gold Room of the Owens Cafe, their forty-fifth wedding anniversary being celebrated by their sons and daughters. Those present beside Mr. and Mrs. Goble, Sr. were Mr. and Mrs. R. L. Goble, Sr. and Mrs. R. L. Goble, Jr. and Mrs. E. S. Goble and daughters, Gaiene and Louise, of Santa Ana; Mr. and Mrs. Edgar Clark and small son Albert, Anaheim; Mr. and Mrs. W. R. Spake, Pasadena; Mr. and Mrs. R. L. Thiedbaud, Wintersburg, and Mrs. Carrie Spake of Dallas, Tex.

Mr. and Mrs. Stanley A. Clem entertained with dancing and cards at their home on Grand avenue, introducing Mrs. Clem's brother and wife, Mr. and Mrs. E. H. Long of Illinois. The guests included Mrs. Clem's mother, Mrs. Laura Long, Mr. and Mrs. Navee of Long Beach, Mr. and Mrs. Floyd Wingard, Mr. and Mrs. B. J. Chandler, Mr. and Mrs. William J. Kelley, Mr. and Mrs. R. E. Emison, Mr. and Mrs. Harry Smith, Mr. and Mrs. W. H. Tway, Mrs. Eleanor Elliott, Miss Prudence Macomber, Miss Betty Newlands, Messrs. Don Minkins, Melvin Trickey and Allen Lester.

Mrs. Leona Seymour left Sunday to resume her work at Mills College. Miss Julia Hansen drove up to Oakland Tuesday night, with her mother and father to begin her studies at Mills College.

Mrs. Mabel Franden has returned from her vacation visit in Mexico and is now filling the position left vacant by Mr. Millen at the Community Center. She is also assisting Mr. Loken and Mrs. Travis on the News.

Mrs. E. A. Willey and her daughter, Mrs. E. A. Willey, were greatly pleased to receive a flying visit from Mrs. Willey's niece, Mrs. Albert Beck of Boston, who has been enjoying a very delightful motor trip across the continent.

THE GOOSE

History tells us that the cackling of geese saved Rome.

A Greek fable tells the story of the countryman who killed the goose that laid the golden eggs.

Tennyson wrote a humorous poem about the gray goose and the golden egg.

The goose has been regarded as silly, and a silly person has been called a goose.

Yet a use has been found for the bird that makes it as valuable to civilization as were the geese that saved Rome.

They are being used in the South to weed cotton.

Negroes are migrating to the North, and the problem of field help is becoming a serious one.

It has been discovered that geese will not touch the cotton plant, and will free the ground from grass and weeds. So they are turned loose in the cotton fields—a goose to the acre if the planter can get that many.

A popular British tradition has it that two geese were served at dinner for Queen Elizabeth on her way to Tilbury, and that calling for a bumper of wine gave as a toast "Destruction to the Spanish Armada." Immediately after a messenger arrived with news that a storm had destroyed the enemy fleet. Then the queen, demanding a second bumper, declared "henceforth shall a goose commemorate this great victory."

History and literature are full of allusions to geese, more or less fanciful and apocryphal, but then...

NEW HIS BIBLE HISTORY

A prominent East Side pastor who is well pleased with his Sunday-school classes was discussing the promise that the beginners' class had shown when he said: "The only funny thing that ever came to my mind in this work was last Sunday when I was walking home with two of the small members when one said to the other: 'What commandment did Adam break when he ate the apple?' 'He didn't break any,' came back the reply, 'because there wasn't any then.'"

FRATERNAL AFFAIRS

An important business meeting of the Pasadena-Union Homestead No. 2131, will be conducted on the evening of the 25th inst. at the K. of P. Hall, 27 Mary street, Pasadena.

Pomona Homestead, No. 1222 meets every second and fourth Wednesday at Odd Fellow Hall. A team dance will be given on the evening of the 25th inst. at Lincoln Hall, Walker Theater Building, under the auspices of California Pacific Homestead, No. 2124.

A business meeting and drill team practice will be conducted next Tuesday evening by Progress Home, Belvedere, No. 5954, at the K. of P. Hall, First street and Hovan avenue.

Woodbine Homestead, No. 2050, meets every second and fourth Thursday at the K. of P. Hall, Ruby street and Avenue 64.

ORDER OF EAGLES

The Eagles' Hall was taxed to capacity last Thursday evening by the largest crowd that ever assembled within its walls. The Aerie being favored with a visitation from Grand Aerie officers, also the Colma Vista Grande prize-winning drum corps, all fresh from the Grand Aerie convention held at Denver, Colo. Worthy President James G. Lowe presided.

It was also the occasion of the advent to Los Angeles Aerie, No. 102, of the national organizer, Charles P. Ohling, Seattle Aerie, No. 7, who is here for an ex-

tended stay to help Los Angeles reach the desired membership roll of 10,000 members by January, 1924.

Enthusiasm ran high, as Judge Thomas P. White moved that the first shot for the new drive be the Griffith Jones class of new candidates to be held next Thursday evening. Assemblyman Otto J. Linne, Grand Trustee; L. V. Westerman, Seattle Aerie; Dr. A. Parker, Walter P. McNamara, Jerome Craite and Bernard Mullen also spoke forcibly in favor of the motion, which was taken up with acclamation.

Griffith Jones thanking the members for the honor paid him and assuring them of his steadfast allegiance to the order, Charles P. Ohling addressed the meeting on the methods of organization. He was assured of the hearty support of all the officers and members for the new membership drive.

The prize-winning drum corps of Colma Vista Grande then took the floor and gave a splendid exhibition of expert drumming and intricate military maneuvers.

ODD FELLOWS

D. D. Grand Master R. S. Clark, in his official visit, has instructed the lodges to form a large class of candidates to receive the first degree at Walker Auditorium, September 25. This degree is to be conferred by an out-of-town degree staff. A committee is now arranging for the second and third

degree, to be announced later. This program will be concluded with a big smoker and entertainment.

Loyal Link Lodge visited the Golden Rule brothers in a body last Monday evening, they brought a class of candidates with them, and the third degree was conferred by the Golden Rule degree staff.

Southwestern lodge is planning to pay fraternal visits to the local lodges, starting with Golden Rule 150.

The publicity secretary received a copy of "Odd Fellow News" from A. Ohlsen of Copenhagen, Denmark, showing the order is strongly established in the Scandinavian countries and has, since the war, organized several lodges in Southern Europe.

Members of Floral Encampment No. 2, the higher, Patriarchal branch of the I.O.O.F. of Phoenix and the Salt River Valley, Ariz., are making plans for a big class initiation on the first Wednesday in October, when candidates from Buckeye, Glendale, Tempe, Mesa, Ray, Haydon, Florence, Yuma and Casa Grande will receive all three degrees in one night.

LOYAL ORDER

OF MOOSE

Fraternal as well as public interest in the rodeo to be given by Golden State lodge at the Cooper ranch on Topanga beach September 3 and 4 is rapidly growing. The committee in charge of the rodeo is gratified at the interest being manifested and it is believed a record-breaking attendance will mark both days of the outing.

Secretary Dave Hurley visited the rodeo grounds last Saturday and watched the expert riders and ropers as they practiced their stunts. One of the features of the riding events will be offered by Miss Dorothy Cooper, daughter of Archie Cooper, on whose ranch the rodeo will take place.

Senior Romero, who will prepare the barbecue, declares the feast is to be a genuine Spanish feast. This chef of outdoor "feasts" is noted in the Southland for his barbecues.

For the night-owls there will be an all-night dance Saturday night. The Moose Orchestra will furnish music in the beach pavilion. Numerous special novelties will be offered to add interest to this occasion. Baiting will be in vogue any time from Saturday noon until "September Morn."

Special guards have been engaged to watch out for children. The committee is making arrangements to handle tourists and non-residents of the State as the members feel this occasion will offer California visitors an opportunity to witness a real Wild West outing event. This will be made possible at the 48 camp where East may meet West in the manner of the olden days and for a few brief hours.

Many inquiries as to the direct route to the rodeo grounds have been received. These directions, as published last Sunday in The Times, will be repeated. Proceed out Wilshire Boulevard to the Palmdale, thence along the Beach Boulevard direct to Cooper's Topanga ranch. Or take P. E. car to Santa Monica, get off at Utah

street station and take Topanga bus to grounds. Bus service will be continuous during rodeo.

Several candidates were initiated into Golden State last Wednesday night. Among the visitors were Secretary W. J. Hamilton of Oakland, who is a member of the Board of Supervisors of Alameda county; Jake Artzer, ex-secretary of Kansas City lodge, and numerous others. Mr. Artzer is a familiar figure at the Legion trolleys and will be present at the one to be held today at Anaheim. This will be one of the largest trolleys Unity Legion has ever conducted. Anaheim will carry off the honors, having 100 candidates for initiation.

Golden State bows to Anaheim lodge and congratulates her upon her wonderful achievement. The local clubrooms will be deserted today owing to the fact that every one will be at Anaheim.

On the 25th inst., the entertainment committee having provided an entertainment, there will be no regular meeting of the lodge. The entertainment will be a play, followed by a dance. All Moose and their friends are invited.

The Women of Mooseheart chapter are planning several features in the way of entertainments for the near future. The first will occur on the 25th inst. and from thence on will continue throughout the winter.

The secretary has been advised that the Supreme Council will meet in Los Angeles in October. It is the intention of the council to come to San Francisco and meet with Supreme Dictator Frances J. Monahan and then tour to Los Angeles to spend three days in this city and at Catalina.

Members are advised that on September 5 and 9, the days of the rodeo, Golden State's clubrooms will be closed.

OLD FOLKS' PICNIC

One of the happy occasions of the year in our Southland is the reunion of the old folks of Southern California. This event is held annually the first Saturday in September, bringing it this time the first day of that month.

The reunion was inaugurated years ago and this coming gathering will be the twelfth and will be held at Bynum Grove Park, To this picnic are invited all who have reached or passed the three-score and ten line. Those attending are asked to bring basket dinners. Hot coffee is supplied free to all. An informal program will be given after the picnic dinner. All those past 30 years of age are called to the platform and individually introduced.

Each year a request is made through the press for all who have automobiles to take old friends out to the park, so that they may enjoy the day with these people.

Each year a request is made through the press for all who have automobiles to take old friends out to the park, so that they may enjoy the day with these people.

NATIVE SONS OF THE GOLDEN WEST

Announcement was made yesterday that a luncheon club is soon to be organized by local Native Sons of the Golden West. Membership will be confined to those affiliated with the Los Angeles parlor. The committee in charge is now searching for suitable quarters in which to have the weekly luncheon.

Louis P. Russell, past president of Ramona Parlor, took his oath as Justice of Los Angeles township last Monday. Justice Russell was presented with a bouquet of flowers by the Native Sons.

The Native Sons have been requested to dedicate Amanda Chapel in Carthay Center. The ceremonies will include the placing of a bronze tablet at the entrance to the chapel and the presentation of a historic mission bell to J. H. McCarthy, who erected the building in memory of his mother, an early pioneer of the State. Date of the dedication will be announced later.

Judge Grant Jackson has secured the portraits of all the judges of the Los Angeles County Court and has presented the County Law Library with a copy of the photographs, handsomely framed.

Native Sons are elated over the appointment by Mayor Cury of their fellow-member, E. R. Orfila, as Public Defender. Mr. Orfila distinguished himself as president of Ramona Parlor.

MOTHS IN NEW ENGLAND

Brown-tail moths, the hairs from the caterpillars of which cause the extremely irritating human skin eruption known as "brown-tail rash," have suddenly shown an increase in New England after an almost complete disappearance, reports Dr. A. L. Quaintance, entomologist of the United States Department of Agriculture. Similar measures to those used against the damaging gypsy moth will be used in an attempt to check the spread of this nuisance.

The brown-tail pest was brought to this country from Europe, and first discovered at Somerville, Mass., in 1897. In a few years it had spread throughout the New England States and became unbearable to the residents of many sections on account of its poisonous wind-borne hairs. Many thousands of acres of forest also were attacked by the insect and the trees defoliated. The prevailing winds have tended to cause the spread in a northeasterly direction into Canada, through disease among the insects in recent years apparently wiped them out. Now, however, they are again on the increase and causing trouble. — [Indianapolis News.]

During the Discussion "Bah, you have no religion." "Yes, I have a religion but I don't get mad over it." — [Louisville Courier-Journal.]

Simple Application That Dissolves Blackheads No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. Get about two ounces of calomine powder from your drugist—sprinkle a little on a hot, wet cloth—rub briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone. Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of calomine powder and water dissolves every particle of them and leaves the skin and pores in their natural condition. — [Advertisement.]

Five Remarkable Selling Days

FIVE days that, in our estimation, should prove to be the most intensive selling days in all the month. Yes, even in all this notable event!

Monday, August 27—Wednesday, August 29
Tuesday, August 28—Thursday, August 30
and Friday, August 31

—In the perfecting of our plans for this Department Managers' Sale, we set out definitely to make the Five Final Days of an event that has run for over a month, even better than the beginning.
—This was our determination and the determination of the Sales Committee.
—Now you see this definite purpose revolving into five of the most wonderful selling days.
—Bringing for your consideration entirely new and exceptional merchandise. Merchandise of an unusual

nature priced on a par with, even excelling in many instances, that previously offered in the event.
—Monday is the beginning of this five-day finish.
—Then Tuesday, the same offerings are available wherever quantities hold out, together with new and surprising opportunities.
—Then on Wednesday and Thursday, a further change of program, culminating in the rounding out of well-laid plans that should make Friday the most notable mid-week selling day in all the event.

—We invite you to be here any one of these five remarkable days.
—We want you to see the windows, read the advertisements. Bring your friends and neighbors—it will be worth coming miles to share in the economies.

Smart Footwear to Sell at \$2.95 Thousands of Pairs in the Assortment!

I'VE determined to make the Finale of this sale a tremendous success in the shoe section. I am out to make a new record, and surely this footwear at this price should do it.
—Some perfect, some soiled, some factory checks. These are real shoe values; there are styles of nearly every description, including straps, oxfords, cut-outs, novelty designs for sports or street wear, satins, patents, ooze leathers. In fact, a grouping of footwear that should bring hundreds to this section, early Monday. \$2.95 is a ridiculously low price for such shoes.

—C. B. Short, Mgr. Men's and Women's Shoes.

Men's Imperfect Footwear at \$3.95

—High and low shoes, branded Regals and other good makes. Splendid assortment
—patents, Russia calf and kidskin.
—I bring these out for the Finish, beginning Monday, at \$3.95.

Monday Brings News of

Infants' Wear
at Less

—I know mother is always interested in savings on clothes for that small girl or boy.

—Monday I am offering a number of very attractive items; for instance:

Play Suits at \$1.19

—These are sturdy little suits that will stand much hard wear and much strain.

—May be had in sizes for small folk. Dark blue material with red trimmings. Less Monday at \$1.19 a suit.

—Mrs. M. E. Turrish,
Mgr. Children's Wear.

Baby Boy Suits at \$1.79

—In plain tan, blue, green and maize, with white trimmings, button-on-waist style.

—Less Monday at \$1.79. Sizes 2 to 4 years.

Little Knitted Capes Less at \$2.19

—These are very becoming little garments. Pink, green, blue and tan, with a stripe of contrasting color and brushed wool collars.

—The Broadway—Second Floor.

Skirts at \$4.95

—have much to commend them, outside the exceptional reasonableness of their pricing. They are of

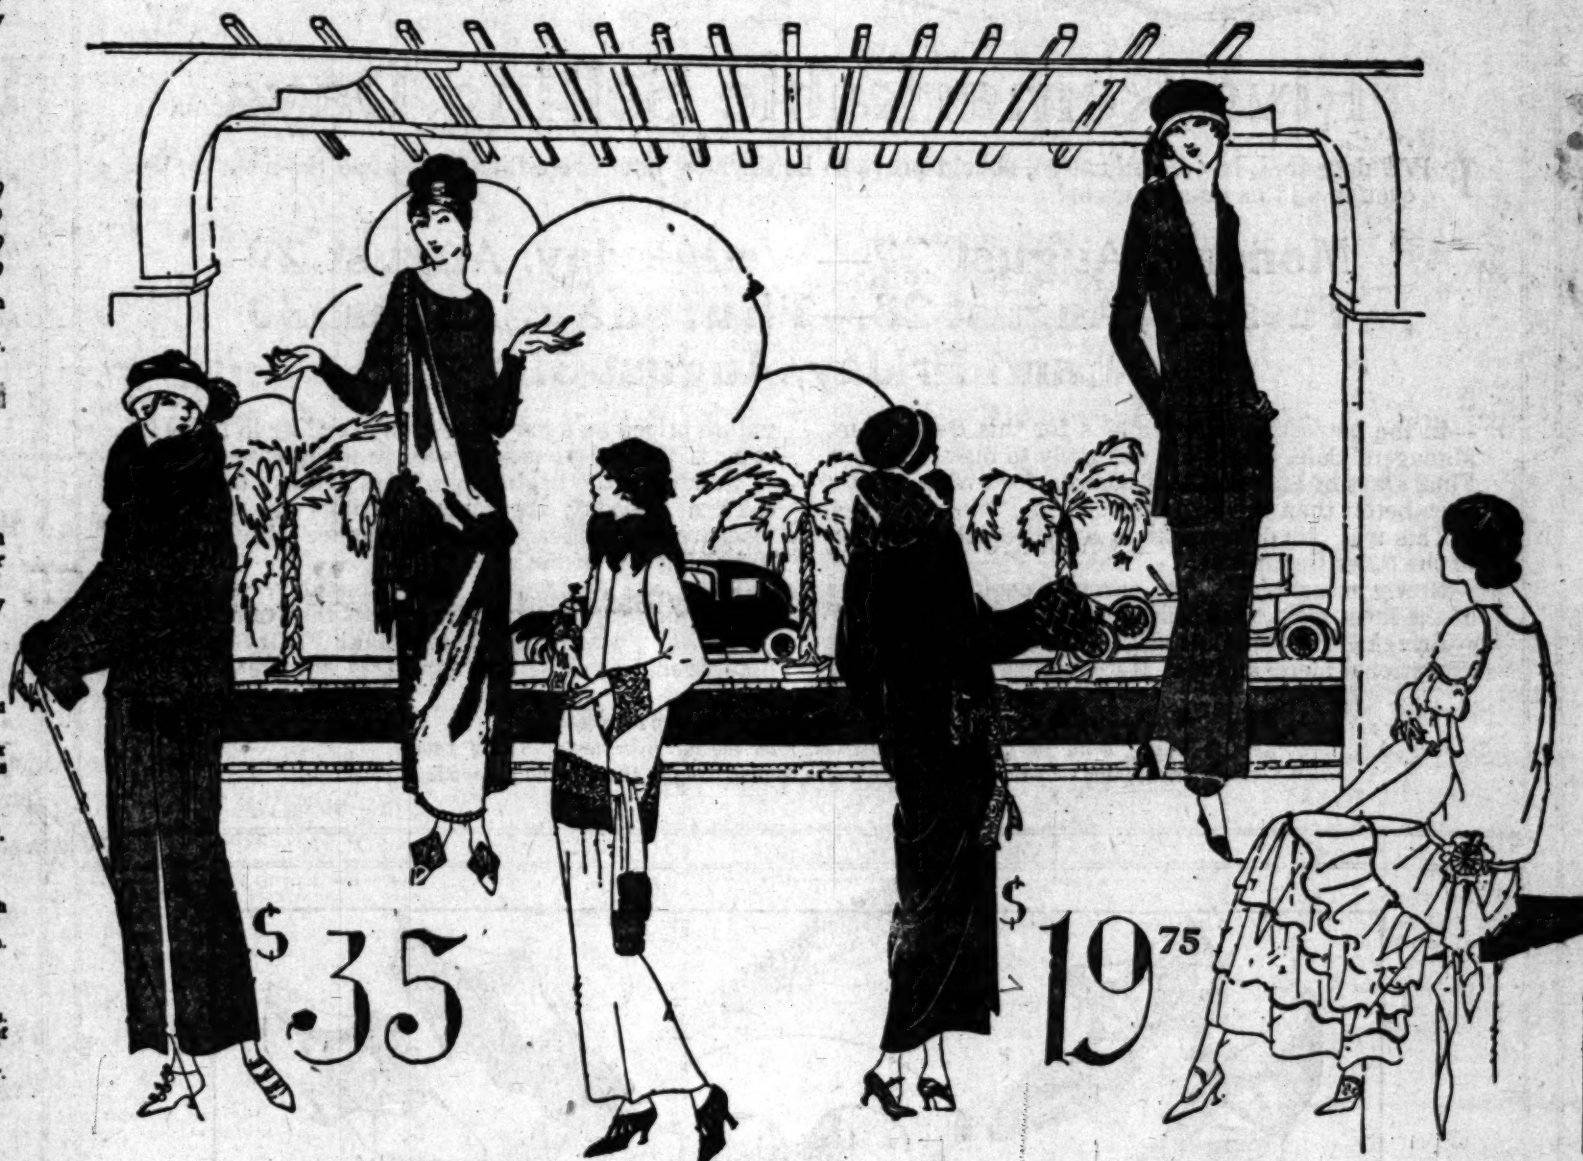

Crepe de Chine, Printed Silks and
Lenox Crepe

—Those of crepe-de chine are in white, tan and gray, knife pleated, all sizes; those of printed silks patterned in conventional designs, orange and cream, blue and white, etc.; those of Lenox crepe, knife pleated, all sizes in white, with sizes 25, 26 and 27 only in tan and gray.

—The Broadway—Third Floor.

Truly, the Last Monday is to Reach a Climax Which Will Put Other Mondays in the Shade!
I Have No Hesitation in Speaking of the Garment Groups Detailed Here as Nothing
Short of Remarkable—In Truth, They Speak for Themselves

Coats, Suits and Dresses at
\$19.75 and \$35.00

—And such good-looking coats, suits and dresses as they are! The amount of money which may be saved on any one of them is palpable at sight; looks as if I'd thrown discretion to the winds in so disregarding former prices—but I'm determined to make the last Monday a real occasion. Come and choose from the garments whose low prices have resulted from my decision.

A. K. Keller, Mgr. Women's Ready-to-Wear

At \$19.75

—DRESSES of blister crepe, plain and satin-faced Canton, Lenox Crepe, lace and moire ribbon combinations, beaded georgette and crepe de chine; sports frocks and more dressy styles included.

—SUITS of twills, tricotine and imported tweed; tailored and sports models; navy, tan, black and brown.

COATS AND CAPES of twills in black and navy; capes of amwolaine in black and brown; coats of velours in taupe, navy and brown; capes and jacquettes of crushed plush.

Knitted Capes
and Jacquettes
\$5.95

—Capes for beach and sports wear, in white, tan and gray with jacquard borders in contrasting colors; also knitted jacquettes, with long sleeves and side-tie fastening, border designs at waistline in contrasting colors.

At \$35.00

—DRESSES of satin sports crepe, georgette, embroidered Canton, satin plain Canton etc.; street and afternoon models; choice of Copenhagen, Lanvin green, sand, cocoa, black, cream, etc.

—SUITS of yalama, duvet de laine and the better fall twills; some fur trimmed; modish for Fall and Winter wear.

—COATS of Normandy and Bolivia in navy, brown and reindeer; capes of crushed plush, plain or combined with Bolivia; some fur-collared, and of black Armadale.

Wash Dresses at \$5.95

—They're of linen, voile, ratine, printed voile with a few of gingham; the voiles are the prettiest things, in orchid, canary, rose and Copenhagen, trimmed with hemstitching, their collars edged with real Irish lace; some black and white ones include mature styles; the gingham are in tiered effect; the linens are tailory in appearance.

A PURCHASE AND SALE OF NEW FALL HATS

\$6.50

PROMPTED by a spirit of determination to bring forward something spectacular for the last Monday of the Department Managers' Sale, our millinery buyer succeeded in making the remarkable purchase which makes possible this exceptional offering.

—To us, it seems all but unprecedented to have hats of this nature at so low a price as \$6.50—Fall hats, mark you; yet the Fall season has not even begun!

They're of All Velvet, of Velvet Combined with Felt or Satin, of All Felt and of More Crepe

—There are large picture styles, tricornes, turbans, pokes, off-the-face effects and droopy brims with wide sides and narrow backs.

—Some of them are effectively trimmed with large rhinestone sunbursts, oriental ornaments, silver lace, metal, handmade flowers, fur, coque, glycerine ostrich, lace and ribbon bows. Then there are all-over embroidery effects in chenille and soutache.

Wonderful Hats, One and All, at \$6.50; Don't Fail to Take Advantage of This Last-Monday Offering!

—The Broadway—Third Floor.

Special—The lovely little baby needful at prices to suit every purse. Some very special little silk and woolen baby dresses, dainty slips at \$1.35, 27-inch dresses at \$1.95 a dozen. All of the tiny togs are hand-made from the most expensive to the highest priced—everything is just right at the Baby's Boudoir—the baby's own store, 44 S. Grand.

—The White Flag—Gene Stratton Porter's latest novel, "The Singing Wall," by Roland Parke, and "The Mother of All Living," by Keable, are much-wanted books found at the Circulating Library of Jones Book Store at Assembly, 644 S. Flower.

There are no many trills and far-below, to say nothing of the necessities of every-day life which one just has to have, that sometimes the question of "where-withal" becomes vitally important! A suggestion right here to look to your treasure chest for help may not come amiss! How about selling these diamonds you are keeping hidden away and never wear? Why not sell them to the Purge at 307 Haas Bldg. Diamonds are worth a great deal today.

Draped veils are seen in almost every woman of fashion abroad and bid fair to be very popular here this season.

Those marvelous patting facials, which harden flabby muscles, tone up and refine the skin, are given at Mrs. Anna Bergeron's Beauty Salon, according to her own special system. Only a few of these facials are necessary—with the continued use of Key to Beauty Toilet Requisites—to feed the skin and give the face that coveted youthful contour. Mrs. Bergeron compounded these preparations especially to prevent the bad effect of western climate and hard water on the skin. They are sold at all leading stores, at Eveready Drug Store in Hollywood, and at her salon, 1221 Haas Building, Seventh at Broadway. Phone for appointment, 42419.

"Laxol"—for better waving! Such is the slogan at the Nestle Shop for Permanent Waving, Seventh floor, Brack-Shops. "Laxol" is a wonderful invention by Mrs. Lux, who has had many years of experience in permanent waving. It will revolutionize the art. When Mrs. Lux waves hair on her Nestle machine she leaves it as soft and lustrous as it was before, and the waves are large, natural looking and beautiful, indeed! The latest improvements are used in this shop and every wave is guaranteed. Phone 63332.

Rug purses made in the design of tiny Oriental rugs are decidedly new and delightful.

The Hollywood Permanent Wave Shop gives a wonderful permanent wave which does not require a water wave afterward, but which lies in beautiful marcel-like waves with ringlets in the back for bobbed heads. \$15 for entire head and every wave guaranteed. Mrs. Ella Conner is the owner at 514 Hollywood Blvd. 42327.

Dollar Special, Shampoo, scalp treatment and marcel, \$1 at Sunnyside Beauty Parlor, 708 New Pantages Bldg., Seventh at Hill, 42094.

Tan and freckles removed by those very effective bleaching facials given by expert operators at Frederickson's Beauty Salon, 123 S. Grand Ave. The permanent waving done at this shop is of the highest order—all of the latest appliances used. Eight curls for \$6—both Frederickson and Nestle systems. Metropolitan 4492 and 41796.

rise before the mth's eye during one of those evening concerts. There are no tooting tasses, still in Paris, nor sounds of tram cars rattling by some open windows. While the second number was being given a nimble young man passed from one gondola to the next, expertly accomplishing the feat with a nonchalance similar to that of his demand for a few lire from each passenger for the privilege of listening.

MUSICAL GONDOLAS

Venetian gondoliers may have their own individual dialect, as well as other peculiarities not common to all Italians, but there is no denying their musical appreciation. They were amongst the first to applaud some well-tuned phrases or to utter applause at something which really deserved it. At appropriate moments these dark-skinned watermen (picturesque in appearance, the older ones) called out demands for some favorite composition.

"We listened to a lyric tenor, who stopped at nothing short of the Che gelida manina from Boheme; and then a fairly competent soprano sang. Standing under the reflected lights, each "artist" was silhouetted effectively against the dark background. No foreign sound (save one) obtruded. This proved to be musical, being nothing else than the strains from a counter-program which was being given a trifle further down the canal. After a time we passed on to this other musical tid-bit, and there we listened to a really excellent soprano voice which was technically well used.

Giovanni Martiniello, the New York Metropolitan Opera Company dramatic tenor, is a Venetian. We do not know whether he ever appeared in one of these Grand Canal concerts. We could not refrain from thinking of him and of how his tones would have soared, borne across the water to gratefully waiting ears.

Yes, Venice has its charms, and not the least of them its music just described.

BUSY IMPRESARIOS

Many people who attend opera have the notion that an impresario has an easy time of it. It is winter-time work, then a summer juggling about. Nothing could be farther from the truth. A few

Special—48 for lacino hair dyeing this week. Dora Dean, 220 Consolidated Building, 607 South Hill, Phone 42546.

Clever arm bands made of ribbon and tinsel are very smart.

Don't discard your headband bag—have it skillfully repaired. Neck-hose restringing for 50 cents and up. See Miss Blumer at the Indian Store, 611 South Hill.

In permanent waving personal attention counts for so much—and this is given by Florence Evans, the quality of whose work is evident to anyone who has seen some of the lovely heads of waves and curls which come from her. Mrs. Evans is a hair care and a desire to have you return to her work wonderful Campbell & Evans, 214 S. Grand Ave. Metropolitan 4481.

The new Romanian jewelry is so delightfully attractive and is seen almost as often as the garnet jewelry.

MacDonald's Hair Dressing College is offering special reductions to students, and will also secure them positions. Permanent waving, lacino, \$15.40. Permanent waving, 310. Efficient operators. 733 South Broadway, Phone 4295.

Inexpensive costume jewelry is worn more than ever—and it is made up in many attractive designs.

Unusually, superlative hair, warts and moles removed with electric needles by Sophie Krumholz, graduate nurse and expert electrolysis, 407 Brack-Shops.

Pure silk hose \$1 at the Beacon Hatery Mill, 414 H. D. Stack Bldg., formerly Mason, 218 W. 4th. Mail orders filled. Postage 10c.

Weeks ago we met Giulio Gattin, of New York's Metropolitan Opera, who came to face with Fortune Gallo, whose San Carlo forces have become increasingly active in the extent of their operations, and promise to develop still more.

Mr. Gallo appeared to be in a complacent mood. He explained that he had engaged some excellent Italian singers. "But," we queried, "you declare there are about four first rate singers in all Italy." "In that case," replied Gallo, "I must have secured every one of them." "Four is the number I have just signed."

The member of this quartet of artists whom the most is expected is Mario Basilio, a baritone. If he is all vocally and interpretative, he should make a place for himself in the United States. The same Chappini is said to be a lyric tenor, and as a tenor, Daluni, and a baritone, Fregeol.

LONG WAIT REWARDED

Musical Milan is still talking about an occurrence which is so unique that it is doubtful if anything similar can be remembered by the "oldest inhabitant." It happened quite recently, at the Verdi Theatre, where there was a specially prepared performance of La Favorita which was given to the other musical tid-bit, and there we listened to a really excellent soprano voice which was technically well used.

Giovanni Martiniello, the New York Metropolitan Opera Company dramatic tenor, is a Venetian. We do not know whether he ever appeared in one of these Grand Canal concerts. We could not refrain from thinking of him and of how his tones would have soared, borne across the water to gratefully waiting ears.

Yes, Venice has its charms, and not the least of them its music just described.

Sanitas

MODERN WALL COVERING

Kitchen walls that can be kept clean merely by wiping with a damp cloth

THE kitchen is the workshop of the home. Here, preparing the food and handling the dishes for three meals daily, the woman of the house spends the larger part of her time. The best wall treatment won't take work out of the kitchen, but an intelligent use of color, finish and material can do much to make that work easier, more congenial and pleasurable.

Enamel-finish Sanitas meets every requirement of light reflection, beauty of pattern, and immaculateness. Sanitas is made on cloth, machine-painted with durable oil colors. It does not absorb grease, moisture, or stains, and can be wiped clean and fresh with a damp cloth. It does not crack, peel, tear, blister, or fade, and can be applied on any flat surface.

Sanitas, for kitchens, bathrooms, landings, etc., comes in enamel-finish plain colors and beautiful tile and mosaic effects. Can be had also in flat-finish tints and decorative patterns for other rooms.

THE STANDARD TEXTILE PRODUCTS CO., 320 BROADWAY, NEW YORK Department L. T.

Sanitas is supplied by decorators. See the new Sanitas patterns at your decorator's. If he cannot supply you write us for sample, booklet and information as to where you can secure Sanitas.

MODERN WALL COVERING

Kitchen walls that can be kept clean merely by wiping with a damp cloth

THE kitchen is the workshop of the home. Here, preparing the food and handling the dishes for three meals daily, the woman of the house spends the larger part of her time. The best wall treatment won't take work out of the kitchen, but an intelligent use of color, finish and material can do much to make that work easier, more congenial and pleasurable.

Enamel-finish Sanitas meets every requirement of light reflection, beauty of pattern, and immaculateness. Sanitas is made on cloth, machine-painted with durable oil colors. It does not absorb grease, moisture, or stains, and can be wiped clean and fresh with a damp cloth. It does not crack, peel, tear, blister, or fade, and can be applied on any flat surface.

Sanitas, for kitchens, bathrooms, landings, etc., comes in enamel-finish plain colors and beautiful tile and mosaic effects. Can be had also in flat-finish tints and decorative patterns for other rooms.

QUALITY OF OUR SCHOOLS IS RATED HIGH IN NATION

Public Institutions Well Known to Be of Best, Yet Private Halls Acclaimed Second to None

Criticism of modern educational systems has become a popular fad in America, especially with those cynics who are incapable of either teaching or learning. However, these persons sometimes utter half-truths which practically compel the attention of those seriously interested in the instruction of youth, and officials in the educational world often accept the half-truth as a basis for educational reform.

For instance, it has been said many times (for it is easy to say it) that American schools and colleges are only 50 per cent efficient. This statement may be 50 per cent true, generally speaking, but it is not true at all in regard to Los Angeles—for even the United States government officials (seeking cold facts for statistical records) have pronounced the educational system of Los Angeles a model for America.

However, there is a class of educational institutions of which the government takes little note and that is the private schools and colleges. In regard to such homes of learning, Southern California boasts scores of institutions comparable, if not superior to others in America. With all due respect to the advantages to be obtained at public schools, teachers of private schools of business, art and other branches of learning, contend that the thoroughness of the latter schools (made possible through special attention to individual students) renders them superior in value to public schools.

In the following columns brief mention is made of some of the private institutions of learning in the Southland, many of which are nationally and internationally famous:

SAN DIEGO ACADEMY
Starting with thirteen students and within four years gaining the highest scholastic rating and accreditation given by the University of California, being one of the three military schools in the State so distinguished; securing the highest rating from the War Department, because of its military instruction and discipline, and now recognized as a national institution—is the history of the San Diego Army and Navy Academy, the president of which is Capt. Thomas A. Davis, a veteran of the Spanish-American War.

Since its founding in 1910 the

Pasadena Glen School for Boys

This unique mountain school with accommodations for a limited number of boys from 10 to 20 years, is the nearest non-military, non-sectarian boarding school for boys to Los Angeles. Its curriculum includes grammar and high school courses together with a year's course in business administration. A class for boys of superior mental ability is also formed. The faculty is composed of college men and the educational council includes five internationally known educators. In session throughout the year and the fall school term opens September 15th.

commissions either in the Army or Navy.

In a recent address given at San Diego, Admiral Roger Welles, then in command of the Eleventh Naval District, paid the Academy the following compliment: "I have seen the cadets at West Point drill; I have seen the drills at Annapolis; now I have seen the San Diego Academy cadets drill—and I want to say that they hold their own with the best of any other institutions in the United States."

WOMEN TO TEACH

Capt. Davis said that while the faculty of the upper school is composed entirely of men of reputation in educational fields (many of whom have been members of college faculties), it has been decided to employ experienced women teachers to conduct the junior school.

The naval training feature has become a reality at the academy, and in a bigger way than the foundation of the academy, which is the training of the boys, who are within the age limit for the Navy Reserve, have enjoyed delightful cruises on the San Diego Bay and look forward with intense pleasure to other cruises next fall.

As for the religious instruction at the academy, Capt. Davis replied: "In this respect, there is but one book—the Bible. There has been but one perfect man—Jesus Christ. This humble Nazarene, who was at the same time the strongest, noblest, holiest character the world has ever known, is held up to the students as the supreme example for conduct, the model after which all men should seek to fashion thought and character."

SAVYER SCHOOL

A study of character analysis, in the art of selling one's self, as well as a thorough knowledge of business practices and finance—these are the things which set the Sawyer School of Commerce apart from the ordinary business college and establish it as an institution among the business firms of Los Angeles.

The business administration course is most complete and thorough, and the young man or woman to enter the commercial world, as headed by Harold M. Clanchan, M.A., who up to date has been on the faculty of Columbia University. Mr. Clanchan was formerly assistant to Coach Stagg of the University of Chicago.

The San Diego Army and Navy Academy is a well-known American institution, democratic in the best meaning of the word, and nobility is said to be unknown in the school. Development of the mind, self-respect and poise are among the chief aims of the academy. It is these qualities which form character and make the young man of greatest worth to his community. In this regard, it may be noted that 40 per cent of the graduates of the academy, who were within the age limits during the World War, received

commissions either in the Army or Navy.

A course in character analysis is given by Mrs. Lou Le Blanche Whitcomb.

COMMERCIAL INSTITUTE

The success of the certified business courses of the Commercial Experts' Training Institute produced a remarkable growth in this institution during the last year. It outgrew the old home at Sixth and Spring streets and now occupies a new building at 909 South Hill street. All features of the building are modern in every respect. The big airy bookkeeping room is so attractive students find it a pleasure to work there. The busy typing department, where beginners learn to type to phonograph music, is a hive of industry.

Within the department of mechanical appliances are book-keeping machines, adding machines, comptometers, dictaphones, bank statement makers. These are of various makes and students, on completing their work, are familiar with the different kinds of mechanical appliances.

The Commercial Experts' Training Institute is one of the best arranged and finest equipped business schools, as well as one of the largest in Southern California. The faculty is of the highest grade. All members of its teaching force are university graduates, and all have had practical business experience in their respective subjects.

The certified courses offered by this school are distinctive. Its president, Mrs. Marie P. Brownlee, in speaking of the "certified way," says: "It has proved the sure way. It is paved with every advantage, broadened by wisdom and experience, shortened by careful planning and made interesting by variety. Those who travel this pathway reach the goal of achievement. More advanced enrollments have been received for the fall term this year than ever before in the history of the school. Applications are being received daily for courses in every department."

When Tuesday, September 4, arrives the institute is expecting a record-breaking attendance of young men and women to start on their "certified" course to guaranteed positions. For the Commercial Experts' Training Institute guarantees good positions to all who complete courses in the school. The placement bureau of the institution constantly has more demands for workers with this special training, than it can supply.

Miss L. Belle Callender, in charge of the business department, says: "Never have the demand for qualified office workers been so great; never wages so good as now, but employees must be better fitted for their work than heretofore."

URBAN MILITARY ACADEMY

In the heart of the Wilshire District, with ample acreage of its own, and surrounded by more than 150 acres of lawns and open country, nestles the Urban Military Academy.

More than twenty years of marked success in educational work, combined with sound business management, are tangibly evidenced by the recent construction of the main residence building and the schoolhouse. These are

splendid examples of pure Colonial architecture, which combine every convenience and comfort for real home life with the most advanced features for efficiency in teaching boys and rearing them to the highest type of sturdy manhood.

The administration building and the infirmary are fine types of Spanish architecture and admirably appointed. Sanitation, ventilation, lighting, heating and sleeping arrangements are the results of thorough study by recognized experts. Even the classroom desks are of the adjustable type, fitted to each individual's height, so that he does his work without danger of eye strain or postural discomfort. Thoroughness is the keynote of the Urban High school, which, sound character training and constant physical development produce the well-rounded education which presages successful careers for the graduates. Many of her alumni enter Yale, Princeton, Harvard, West Point and other universities.

The broad campus, outdoor gymnasium, swimming pool, stables and riding ring, and the radio room accommodate all branches of athletics and recreation. The crack cavalry troop look after the horses in the Southern California Horse Show.

The ages are from 6 years through high school. The fall term begins September 18.

WOODBURY COLLEGE
The marvelous expansion of Southern California has opened up many new fields, and every branch of business is growing at a rapid pace. The most insistent demand is for young persons trained to shoulder responsibilities and advance to positions of leadership, and to meet this demand Woodbury Business College has outgrown its old method of teaching only shorthand, typewriting and book-keeping. It appeals to ambitious young men and women who want to establish an enviable position among the business firms of Los Angeles.

The business administration course is most complete and thorough, and the young man or woman to enter the commercial world, as headed by Harold M. Clanchan, M.A., who up to date has been on the faculty of Columbia University. Mr. Clanchan was formerly assistant to Coach Stagg of the University of Chicago.

requirements for diplomas given in these courses to meet the more rigid and exacting demands of the up-to-date business office. A new course, worth mentioning here will be known as the business administration course, the purpose of which will be not only to train the student in the regular duties of a private secretary, but to educate him for varied executive positions. To this end the officials have called to take charge of the course, Prof. J. B. Knudson, an educator of national reputation, a certified public accountant and member of the Massachusetts bar, who, for nineteen years has been identified with the Burdett College as instructor and lecturer in higher and accountancy subjects.

PAGE ACADEMY

"The big school for little boys," founded in 1908 and now located between Wilshire Boulevard and Pico street, on Calhoun avenue, has grown to be one of the finest institutions of its kind in California. The aim of the school is to supply a thorough mental and physical training for young boys and to develop in each student the qualities that insure success. It is not a military academy in the sense that military maneuvers constitute the principle subject taught. Regular courses from the first to the eighth grade are taught by competent instructors.

"A military school for young boys is not intended to train boys for the army, in spite of the mistaken conception on this point," said Robert A. Henry, manager. "Neither does the training tend to cultivate the fighting spirit. The military drill is given solely for the benefit of the discipline and the cadets from the discipline and exercise."

PASADENA ACADEMY

One of the most creditable and successful schools of its kind in America is the Pasadena Military Academy, which was founded six years ago by Mrs. J. H. Henry and which annually enrolls pupils from practically every State in the Union. This institution, which began its fall term September 18, is located at San Rafael Heights, one mile southwest of Pasadena. The grounds embrace twenty acres, four of which are covered by a beautiful grove, constituting the park and

the younger cadets' playground, ten acres being devoted to the athletic field and parade ground.

"Thorough mastery of courses offered will continue to be the aim of this academy," said Col. C. M. Wood, superintendent of the institution. The academy is making a special feature this year of the junior department, headed by John H. Dean, formerly superintendent of the Dean School at Santa Barbara.

ONEONTA ACADEMY

"Spiritual development, mental culture, physical perfection." That is the creed of the Oneonta Military Academy, which opens its fall term September 12. This institution, which is nonsectarian, is situated at Oneonta Park, one of the most beautiful and healthful locations in the Southland. Maj. M. C. Smith, the headmaster, declares the aim of the school is to provide boys with a happy, refined home and to develop the student's latent faculties to the highest possible point of efficiency.

"We do not want bad boys or boys who have failed to make good in other schools," said Maj. Smith. "However, we do want boys who are full of life and energy, and it is our aim to direct and develop this energy. The military system and drills are especially helpful in the development of habits of obedience, neatness, promptness and self-reliance. Government, corporations and individuals are unanimous in expressing a preference for young men who have received military training and these are at present, more than ever before, a demand for those men who, through such training, have acquired health, character and mental alertness."

THE Y.M.C.A.

In a recent address before the students of the Los Angeles Y.M.C.A. Warren Pillsbury, attorney for the State Industrial Academy Commission, threw the local "Y" a bouquet when he stated that the local association has three times as many students and has accomplished three times as much educational work as the San Francisco Y. Mr. Pillsbury called the local association "a university of the second chance."

BASEMENT

Wraps

THE new straight frocks, all of them so refreshingly different, all of them so decidedly in stride with fashion, women will in all likelihood find exactly the type of frock they desire.

The fur that is found as collar and cuffs of nearly every coat this season is largely Fox, of all the desired sorts, or Squirrel, though Caracul, Beaver and Mole are very widely used. Fur trimmed coats begin in price at \$87.50.

Those gossamer of fur trimmings are furnished with large rolling collars and generous cuffs. Stitching and braided insets supplement the unique natural beauty of many of the coating materials. These begin at \$75.00.

Frocks

AMONG these new frocks, all of them so refreshingly different, all of them so decidedly in stride with fashion, women will in all likelihood find exactly the type of frock they desire.

There are Silks in exquisitely delicate shades, and silks more intense in color. And cloth frocks in dark colors.

The prices in this group of frocks begin at \$75.00.

THIRD FLOOR

Suits

SO soft and velvety are the materials, so rich and heavy the textures that a sense of snug luxury and correctness accompanies whatever suit one may select.

Trimmed collar, cuffs and bands—with the furs, fox and squirrel, that are foremost in popular favor for the fall and winter seasons. These begin in price at \$125.00.

Other suits adhere to the more strictly tailored and are without any fur trimming at all. The prices begin at \$87.50.

Breakfast Coats

A hour when morning beauty dons something languorously and colorfully appealing; and then

—such breakfast coats as these shown by Robinson's, the beautifully correct thing to be seen in.

Exquisitely fashioned of soft satin that falls in folds of artful simplicity. With ruffings and cascades of lace gathered at interesting points.

Magnetic colors in the satin bring brightness to each one in a different way. They are in jade, French blue, American beauty, Coral, Rose, Flame, Orchid and Pink.

And for Monday they will be priced at only \$16.50.

THIRD FLOOR

Net Guimpes \$6.50

A DISTINCTLY unusual pricing will be given these 200 Net Guimpes on Monday.

How unusual one can only realize by seeing the models themselves.

Their styles are the very cream of the autumn Neckwear Mode. The kind which will give the final touch of smartness to one's most cherished tailleur.

And their trimming of real laces is just lavish enough to be irresistibly lovely, yet not too lavish to be in perfect taste. Guimpes in Tuxedo, Peter Pan Camisole styles. All at the really extraordinary price of \$6.50.

FIRST FLOOR

The Wrap sketched is of exceptionally fine Hudson Seal (dyed muskrat), snugly fitting to the knees, and terminating in a wide flare. Priced at \$515.00.

THIRD FLOOR

Jacquettes

THE popularity of the Fur Jacquette is, if possible, on the increase. Its flattering lines endear it alike to the young girl and the older woman.

Many Fur Jacquettes still remain, to be disposed of at August Fur Sale prices.

Models of Kollinsky, mole, Hudson seal (dyed muskrat), natural or Viatka squirrel, caracul and natural muskrat, barunduki and cone—variously priced, beginning at \$95.00.

Notice to Charge Customers

All purchases made during the remainder of this month will appear upon September accounts, payable in October.

Pongee Petticoats \$4.85

A PRICING quite out of the ordinary. A pricing which should attract the attention of every Monday shopper.

Petticoats of pure silk pongee, with all the durability which this silk connotes.

Hemmed to the hips and therefore shadow proof—and in every respect of workmanship and finish, they approach perfection.

In the natural shade, and all sizes to be priced at \$4.85. FOURTH FLOOR

Children's Milan Hats \$1

Armoring Summer Resort All Their Own at San Pedro; Oriental "Sport" in Green Vest

BY HELEN STARR

The majority of people in Los Angeles, I suppose, think of San Pedro as a holiday, indulge in an inspiring perambulation down Main street. In his struggle to become a beach resort, even concede the oriental a fat bag of buttons and are assured that he is fascinated by the display of the terrible lithographs in front of our movie houses.

reaches a gravel-topped bluff, where a pergola stands. The words, "Stage Station, White Point Hotel, San Pedro," are printed across the front of the pergola. The resort, you see, seems to have two names, "Radium Springs" and "White Point," but the latter is the name more frequently used. Park your car near the pergola at the top of the bluff. And don't think your conveyance will have to mingle with a lot of rattle-trap, springless vehicles. You'll be surprised to see some of the luxurious handcars owned by the Japanese merchants and bankers, who swim at White Point on Sunday!

NATURE'S SWIMMING POOL
You'll see what a really charming spot this is when you take your first peep over the edge of the steep bluff.

Far below, the coast is lined with jagged and picturesque rocks. Seaweed, barnacles and brides' mosses trace the rocky shoreline and the water at this spot seems as clear and transparent as in the bay at Catalina Island.

The rocks down there have done a freakish thing. In their natural upheaval they have formed a clear lake of sparkling still water. When the Japanese see this coastline of Southern California can you find a quiet pool of still water for swimming?

The breakers can't quite tumble over the rocky natural breakwater and challenge you to keep your feet. The underfoot can't do any frightful pulling stunts. For anyone who loves real swimming, this salt water pool is simply ideal. Let me see you right in the water. The Japanese are far more generous with their single rock than we are with our many beaches up and down the coast.

THEY ARE POLITE
A party of navy officers, their wives and friends first took me to White Point and the Japanese received us graciously and invited us to enjoy a swim in the rock-rimmed pool. That was just what we had hoped to do, but as we splashed about in the clear, deep water, I felt a bit chagrined because our many American resorts don't offer the same hospitality.

There are no Coney hurdy-gurdy amusements at White Point. I didn't see a hot-dog stand anywhere, but a great pile of boxes full of empty pop bottles seemed to indicate that the Japanese had acquired our depraved American weakness for "soda" in its various forms.

The Japanese at White Point seem to enjoy a day of visiting. You will run across Japanese bankers, exporters and merchants from San Francisco at White Point, and many more from back home. The Japanese are bringing their families down to the hotel for their summer vacations. Of course, that occasions much visiting with cousins in Los Angeles.

MUCH SOCIABILITY
There is much handshaking and chattering, all punctuated by those hisses at polite respect which the Japanese accomplish by a quick drawing of the breath. And every day, but go on until you

NEW LAWS FOR OLD
The Automobilit Must Look Out for After Important Modifications in Regulations

BY GORDON GASSAWAY
There are times for the mighty motoring hordes of California to be warned and rebuke a fresh lungful of law.

head—and they really are for the nonreckless motorist—there is a "hook" in them which will trip up the fellow who slams his car along the road with no thought for anyone but himself.

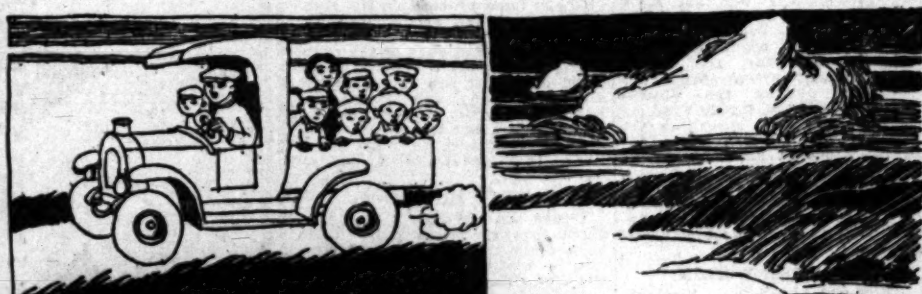

It is this: The law declares it a crime for any person to drive any vehicle on a public highway at such speed as to endanger the life, limb or property of any person. In other words, even if the autist is going along at a speed less than that prescribed by the law, but in such a manner as to endanger the lives of others, he will most certainly be due for prosecution.

SPIRIT OF LAW
The speed-mad motorist who is addicted to obeying the letter of the law, but fails to observe its spirit, will get jumped! In all business districts you must drive at fifteen (or less) miles per hour; also at obstructed railway crossings; at highway intersections where the driver's view is obstructed, and in passing schools where persons are entering or leaving the grounds.

In the residence district the speed limit is twenty miles per hour instead of allowing greater speed at night than in the daytime as under the old law, the new law makes it universal.

How Mrs. Harriet Strong Made Good With a Most Unique Ranch Crop

BY MYRTLE GEBHART
Have you bought your ranch today? What? You are utterly ranchless? How perfectly late you are!

For the newest hobby of prominent Angelenos is to purchase and personally supervise ranches. The term is elastic, for the properties vary from forty-acre fruit groves to estates covering thousands of acres. Movie stars, business men and oil queens find not only recreation in the management of their ranches, but considerable profit, also. And there are stories back of these ranches; stories of heartache, of dreams, of paper farmers. Mine was indeed the courage of ignorance.

A LONE BATTLE
The first year I planted 30000 worth of walnuts, the second year, 40000. At that time, mind you, there was not an orchard between the hills and the vineyards—just rolling stretches of ranch country. First, I had my land surveyed. Then I planted altogether twenty-five miles of walnuts, fifty rows to the mile, spending in five years \$10,000 on trees. I planted on mesa ground, whereas before walnuts had only thrived upon river-bottom land.

A LONG STRUGGLE
"El Rancho del Fuerte was bought by my husband from Don Pio Pico in 1867," Mrs. Strong unfolded the story of her long struggle. "He called it just 'El Rancho,' which means 'the dear little ranch,' and it was his favorite. We added the 'del Fuerte' meaning 'the strong.'"

"Soon after its purchase I was left, in my early twenties—though they said at the time that I didn't look 15—with all these acres to care for and four baby daughters. Irrigation and cultivation as we know them today were unheard of then. The Mexican's way of rolling across this was his favorite. We added the 'del Fuerte' meaning 'the strong.'"

KNOW NAGGER BY HER SHOES

Clerks Dread Girls Who Have Little Feet

Women of Fifty the Easiest Customers

Movie Star Bought Whole Store Out

BY EUNICE MARSHALL
By their shoes you shall know them.

A man may mask his emotions behind a poker face and hide his rakish instincts in a suit of sober black; a woman may put her trust in riches and a French modiste. Yet their efforts to disguise their personalities are as transparent as gauze or a husband's alibi.

"I can pick out a woman who nags her husband as soon as she enters the shop," declares the head salesman of one of Los Angeles' smartest booteries. "And I don't look at her face, either. I look at her shoes. Nine times out of ten, she wears short-vamped slippers with high French heels placed almost in the middle of the sole. And there's a width narrower than the good Lord ever intended her to wear. They hurt and she takes the hurt out on her husband."

RICH MAN'S BRIDE
Twenty years of experience have made this shoe salesman somewhat of a student of human nature. One glance at your shoes, and he has your manners and morals neatly catalogued.

If your foot is long and slender, and you like to wear satin or suede slippers that cling to your high arched feet like a glove, you should marry a rich man, says this button hook philosopher. You would never make a poor man happy. You like silk lingerie and Ritz little dinners, and you just naturally despise washing dishes. In other words, you're the type that would be a great success as a parlor and an awful flop in the kitchen.

LOW-HEEL ONES
If you go in for low-heel walking shoes you might be anything from a college freshman to a movie star. Ten years ago, a penchant for low-heeled shoes brought a college freshman to a mission. "Suffragettes" wore them to walk in parades; dreadful things, they were—the shoes, not necessarily the suffragettes—of heavy black and brown leather, with broad toes guaranteed to give the feet aching pains of room. As coverings for the feet and protection from the weather, they were unlikable, excellent. But as decorative adjuncts to the costume, they left something to be desired.

But the walking shoe of today, how different! The flapper chooses a flat-heeled English last, of sand suede or buckskin with a single strap across the foot. The modern woman chooses a street pump in gray elk, with a slightly higher military heel to give dignity; gray enlivens the decorum of blue serge office frocks and calls for the silvery sheen of chiffon hosiery. Romance is not entirely lost in a business office. The trained nurse must have comfortable shoes for her long hours of duty, so she combines comfort with picturesqueness by choosing white sandals with coquettish straps.

RED AND GREEN
The red and green shoes that were so popular this summer were "sappers" to the shoe clerk was asked.

"Not at all. You see this little model of strawbriar shoes they speak of shoes as 'models' in this establishment, just as they do of automobiles. Another similarity is in the price of blue serge office frocks and the black and white women who bought shoes of this type were not flappers, but older comfort with picturesqueness by choosing white sandals with coquettish straps.

THE EASY FIFTIES
The easiest woman to fit is, strangely enough, the woman of the conservative fifties or over. In this day of exotic foot coverings, the elderly woman clings serenely to the black or brown oxford for street wear, and the black satin dress shoe. The business woman is a better shopper than the home body. In the first place, she is downtown every day and knows what's what in shoe fashions. During her hour she "window shops" until she has a picture of the exact shoe she has in mind. But not so the married woman who only comes downtown occasionally.

FIND LAIR OF FAMOUS OLD BANDIT

Where Tiburcio Vasquez Hid When He Terrorized Los Angeles

BY CORA YOUNG
I have found a brigand's lair! The lair of the picturesque Southern California bandit—Tiburcio Vasquez. A canyon where nature twisted and created up her rock formations, creating an ideal place for a bandit—and only fifty-six miles from the heart of Los Angeles!

I will tell you how to get there. Go up the Mint Canyon highway until you come to the cobblestone Oak Springs on the left. Two and eight-tenths miles, by the speedometer, beyond this garage is the turning off point to the right. As you turn you will see a little white schoolhouse that looks like a dismantled freight car, whitewashed, but bears the faspole and has a playground with two swings in front of which the canyon road runs. As you proceed, over a rise of ground, suddenly before you are jagged miniature mountains that surround the canyon.

The first object of interest is a scooped-out rock, with a level floor, about two feet above the ground about five feet wide and fifteen long, a natural bed, the canopy of which is the overhang of the rock at either end. It is in front would convert it into a closed chamber. The blackened condition of the rock at either end shows that many times have been built there in the past and bits of charcoal are still to be found in the sand floor.

This rock is so placed that anyone approaching the canyon must go through the narrow opening of the rock at either end. It is a natural trap, and the bandit who hid here was a clever fellow.

ROUND ABOUT LOS ANGELES
"Spiritual Adviser" is the reading of a sign on a building not a mile from Seventh and Figueroa streets.

A local concern which rents by the month reports that it has moved ten times in twelve months. Usually because the building was coming down.

One of our best weather vane is on the barn in the rear of an auto park in the 1900 block, South Hill street. It is in the shape of a trotting horse.

With the coming of the heated spell local theaters are getting out their front fringes and their signs which seductively announce that it is "cool within."

What with the magnificent structure of the First Methodist Church now completed, and the steel frame of St. Paul's Pro-Cathedral rising, Los Angeles is certainly providing itself with some spiritual anchors to the windward. In New York they report that downtown churches are dying ready.

Do you ever study faces? Mad, glad, sad faces; faces etched delicately by time; faces on which are stamped pain, fear, lighted by joy. Genius makes its own market. Henry E. Huntington, the bibliophile-art collector, was discussing books. There was suddenly a word of lament regarding the passing of George D. Smith, the Napoleon of the book mart. Mr. Huntington professed to be a devotee of the superlatively successful because he made you want his wares. He had them and set a value on them which the world's accretion of Mr. Huntington and others paid and paid.

ATHLETICS VS. BEAUTY
English Actress Says American Girls Live Too Strenuous Lives for Real Pulchritude

American girls are threatened with loss of their great natural beauty by their intense devotion to violent outdoor exercises.

They may become hard-faced and drawn, too much like the masculine line types.

Soft, beautiful lines, the contour of youth, the delicate complexion and finely textured skins are being endangered by too much of an otherwise beneficial habit.

Such is the opinion of Netta Westcott, London stage star, reputed to possess "the most perfect profile in England," who is making her American debut in pictures in Gansner's screen version of the Broadway stage success, "Maytime."

Apparently the young actress makes out a strong case in support of her contention. She names the outdoor sports she considers harmful and tells why they are working "damages" to American girls' loveliness. "MASHERS" ARE OLD ROMEO

Young Fellows Seldom Annoy Strange Girls

Girl Reporter Tells of Her Experiences

"Make Me Hero of Your Story," Begged One

BY KATHERINE ALBERT
Mention the word masher to most people and they immediately have a mental picture of an individual who looks much like a mashing picture heavy, a dapper person with a waxed mustache and light, gray spats.

There are a lot of these migrating about Los Angeles streets but they do not mash. They have their own girls, and they also they realize the futility of trying to make the grade with just any girl who happens to be by, besides they are afraid that their steady might be lurking somewhere in the offing and see them dicing.

The real mashers are men whom you would never suspect of being anything but somebody's nice, old grandfather. This type seems to see all perspective as they grow older.

Young boys seldom flirt on the street for the same reason that the women do. They have little interest in girls other than their own. When they do flirt, it is in a love with one girl at a time and the rest of the fairer sex hold no appeal. Many young men have been like Romeo and can never be dissuaded of the fact that the lady love of this choice was the very aspiration for all the love-sick poems ever written.

TIE OLD MASHER
But as the years pass a man's peepers change. He looks like a drover and they all seem pretty to him. It is this type who stalks the streets, corners girls in the parks lamping the girls as they go by.

I remember once sitting next to a fairly looking old gentleman on the street car. His hair was white and he had old hands. My watch, as it was, was taken one last gasp and had stopped dead still about an hour before and had an important engagement.

I looked at the kindly old gentleman sitting next to me. He was a thought, "he's a nice, old grandfather; he will tell me the time without having any complications." But little recked I the consequences. Because of my simple curiosity, I asked him the time. He looked at his watch and then he looked at me. He said, "I'm not very young, but I'm not very old either. I'm just a man who has lived a long time and I'm still here."

What with the magnificent structure of the First Methodist Church now completed, and the steel frame of St. Paul's Pro-Cathedral rising, Los Angeles is certainly providing itself with some spiritual anchors to the windward. In New York they report that downtown churches are dying ready.

one seems smartly dressed in good American clothes.

I saw one well-groomed young Japanese clamor forth from a handsome yellow roadster belonging to the 1926 class of cars. He evidently had a penchant for race-track habiliments, for he wore a very vivid green vest and suit of frankly evident black and white checked material.

The women go in rather strenuously for color and some of them don't seem to have inherited characteristic Japanese instincts. The combination of a number of different hues with all the abandon of a screen actress who says, "Oh, what's the difference?" in her photographs just black and white!

LAUGH AT TOGO

I saw two Japanese students sitting on the beach and chortling over Wallace Irwin's "Letters of a Japanese Schoolboy."

I have often wondered how the Japanese liked the dish-smashing student, Hashimura Togo, but I know now that they got just as much fun out of it as we do.

A rebow was bobbing about on the ocean and these two youths were ready to embark with their fishpools and bait—but not until they had finished the latest episode in Hashimura's career.

I am told the Japanese usually go to church on Sunday morning. They either attend their own Japanese service in the church at Jackson and Central streets or go to the Christian service at the Union Church near First and San Pedro streets.

But Sunday evening is "big dance night" at White Point. Somewhere about our wicked city they have learned to undulate to sam music and an American orchestra from San Pedro is always on hand Sunday evenings to play for one step and one total.

HOTEL RATES

As you descend the very steep path which leads down to the Japanese resort you first come to a large pavilion covered in trellis and vines. In this pavilion the Japanese family who come down for the day may spread their umbrellas. Just beyond is the hotel. Evidently, no mean devices are practiced there, for a large black sign distinctly states "No smoking in the hotel." At the top are the words, "Hotel Rite," the Japanese, in characteristic fashion, leaving the English words to the bottom.

It is hard to explain that "one person in one single bed may stay one day for the sum of \$25, two for \$37. But two persons in two single beds are accommodated for \$2.35, or \$12 a week. Now, if the single person insists on the double bed it costs 25 cents more than a couch of similar dimensions and \$11 more if it is a room with a bath. The Japanese gentleman accompanying the gentleman engaged on double bed the rate isn't so awfully much higher. One person will gain a better offer for the better half, and she can stay a whole week for only an additional \$3!

LIKE CHINESE FOOD

Directly opposite the hotel there is a cafe. I was surprised to learn that, despite the prevailing Japanese aversion for the Chinese, certain Chinese dishes are prepared and relished there.

For instance, I saw chop suey on the menu and chicken and pork chow mein. There were typical Chinese noodle dishes, too. I inquired particularly as to why these were printed on the menu of a Japanese resort and Mr. Tagami, who is in charge of the resort at White Point, admitted that the Japanese are very fond of these dishes.

Red, white and blue streamers are festooned about the cafe ceiling, and starched, elaborate and typically Amsterdam-avenue (New York) lace curtains hang at the windows. You see, the cafe on the lower floor caters to Americans and American dishes are served there, but the tea room above on the second floor was really more interesting. The upper room caters strictly to Japanese.

The bill of fare is printed in Japanese so the chances are, if you pointed out what you thought might be agreeable, the waiter would receive raw fish. The Japanese prefer raw fish to hot dogs, but they always serve this delicacy at the Japanese cafe.

JAP WAITRESSES

At each place at the table of this tea room there were two pretty blue-bowling waitresses. The smaller one, I was told, was for tea, the other for a vegetable concoction they devise.

Odd Japanese soups and rice are served there, lobster, devil fish, tea and cakes.

They make what they call "shrimp fufu" and "crab fufu," too. In these dishes shrimp or crab meat are mixed with eggs, meat and vegetables in a course of mince. The waiter will bring a strip of Japanese carved wood is hung on one wall and there are pretty Japanese paper lanterns, too. Japanese ladies serve in the tea room.

The presence of a warm sulphur spring at White Point has saved the resort for the Japanese.

Certain American citizens not so long ago ruled the resort, but that the Japanese could not hold a long lease on White Point, the California alien law. The lease was renewed in January and a decision handed down only last month, in July.

According to the Japanese-American commercial treaty, property may be leased by the Japanese for a sanitarium. Word to that effect may not be in the treaty itself. I am not certain on that point; but at any rate, the treaty board interpreted the treaty as having that sense of meaning, so now White Point is leased permanently to the Japanese under the California law. The company known as the White Point Company was incorporated just after this decision was rendered. The owner of the property, Mr. Ramon D. Sepulveda, an old resident of Los Angeles, is president of the company. The sulphur spring has made a sanitarium possible and the presence of a sanitarium has given our Japanese residents a beach and playground of their own!

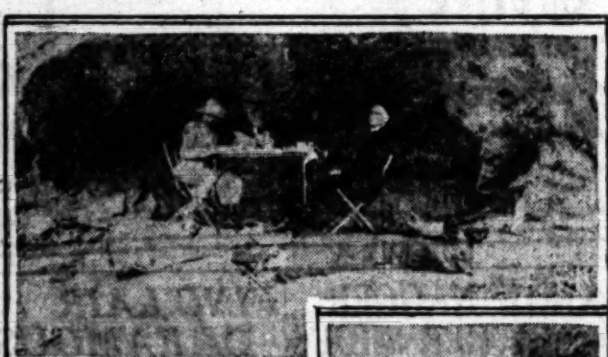

SULPHUR SPRINGS

Last summer a large concrete swimming pool was built just back of the hotel, from sulphur water from the spring is used in this pool.

There is a big, bubbling fountain at the center of the pool and is surrounded by dressing rooms. In one year, the sulphur from the water has yellowed the bath doors to every one of these bath houses!

The water is supposedly an excellent remedy for rheumatism and the patients who come to the hotel to enjoy its beneficial effects, swim in this sulphur pool daily.

Not only do Japanese invalids

go to this resort. A number of Americans are always there too. Electric power from San Pedro has not been extended as far as White Point, so the resort has its own power plant which generates "juice" for the lights and pumps water from the sulphur spring to the pool.

On Sundays, some two-hundred or more people swim in the sulphur pool and you should see the way the Japanese youngsters dive, and burrow along under water.

When it comes to swimming feats, they put some of our own youngsters to shame.

I glimpsed a Japanese lady washing a wonderful head of long, glossy black hair in a bowl of sulphur water. In beauty shop parlance, it "came out swell." Evidence of a sulphur water shampoo has some advantages over gummy soap.

FURNISHED COFFEES. A Japanese family can enjoy a private cottage of their own at White Point. There are a number of these for rent by the week or month, all furnished and equipped with cooking facilities and the necessary pots and pans.

In fact, the whole resort strikes me as quite a family affair. The American Citizens' Club and the Young Men's Association, both Japanese organizations, hold meetings and picnics there families.

The first of June, when the resort has its formal summer opening, the Japanese youth give exhibitions of Jiu Jitsu, have swimming contests in the ocean salt water pool, and do other athletic stunts characteristic of the Orient. And there are always dozens of Japanese children about the resort.

On Sunday, the little girls are so scrupulously neat in their white organdy frocks. In the morning, they go to Japanese Sunday school. I am told. At White Point, they may swim, play and picnic, and—senioritas. Indeed, Vasquez, who was so unscrupulous at this kind of many brown patois, was always to be laughing, but I noticed an air of restrained politeness about these children. They seem particularly well bred, for I saw a tendency to take a wholesale rough-house—something always to be depended upon among certain urchins I have known.

A great many fine improvements are going to be made at White Point. Now that the matter of the lease has been decided, the company can go ahead with the plans.

On the next point of land, Mr. Sepulveda has a certain number of pine trees, palms and gardens. Last summer, during a certain Japanese picnic, a big bushy tree was destroyed, so this summer the use of that point was denied to the public. Mr. Sepulveda plans to replant the place with these trees, and many of the plants, over to White Point resort, year after year to beautify the place.

Transportation to White Point is already provided for the Japanese, who do not own cars. A stage line runs from Point Firmin, and another from Los Angeles. This line is owned and operated by the White Point company. A winding automobile road leads from the beach up the side of the steep cliffs, so that autos can drive down to the White Point resort itself.

A breakwater will be built in order to make the natural ocean swimming pool deeper than ever. It will be a breakwater, and cleaned out of this fine pool, and the Japanese believe that after the breakwater is built, the water stopped by the breakwater, that a natural sandy beach will be formed around the pool.

A swimming park is to be planted out near the end of the point itself. I hope the Japanese will finish the job by building some artistic, peaked roof little cottage houses, just as they "do" them in Japan. That is, the Japanese little dwellings would combine with the natural beauty of rugged rock and jade to make one of the most unique and interesting communities on the entire Pacific Coast.

number that I had given him—if there is such a number—that Margarita Duval did not like it. I wonder if it did not. He, perhaps, cursed himself for being stupid, but having gotten the name or number wrong, he only got out of this adventure is giving the wrong name. This intrigues me immensely. Even one a wonderful vent for the imagination, Margarita Duval, a lovely name.

MAKE ME HERO

One day I was sitting on the mezzanine floor of a downtown hotel, waiting for a friend. She came late and I was spending the time by writing a letter.

As I was writing, I heard some one say, "I think I see that story as the hero."

Amused by the interruption, I looked up. There sat a man with his chair pulled very close to me, and I was writing a letter.

He was writing a letter, and I was writing a letter. He was writing a letter, and I was writing a letter.

pass in front of it. It was an ideal outpost for Vasquez who he was at home with no intention of receiving unexpected visitors!

The story of this hybrid Indian and Mexican bandit, Vasquez, is one of fierce, intensive action. He was born in Monterey in 1853 and fifteen years later began his career as a bandit. The event that started him on this career was a dance at which some American "danced away with the girl he wanted." Gradually he gathered a following of bandits, who robbed and killed and stole horses and—senioritas. Indeed, Vasquez, who was so unscrupulous at this kind of many brown patois, was always to be laughing, but I noticed an air of restrained politeness about these children. They seem particularly well bred, for I saw a tendency to take a wholesale rough-house—something always to be depended upon among certain urchins I have known.

A short distance beyond the outpost rock there is a peculiar cleft, the impenetrable gateway to the bandit's lair. Two small canyons lead to this entrance, in one of which there is a spring, gurgling up and flowing down the canyon, making a green oasis in this region of rocks and cacti.

On the highest branches far below the level of the surrounding rocks, the bandit's lair is a spring, gurgling up and flowing down the canyon, making a green oasis in this region of rocks and cacti.

NEW LAWS FOR
AUTOMOBILIST

(Continued from 17th Page)

the Vice-Presidential nomination failed because 20,000 Kansans carried colored carriages and sticks. That satisfied me that my pampas-plumes had been used—even though I was never paid for them.

"But my plumes proved a friend in need many times," Mrs. Strong said. "During a panic during many of the farmers and fruit-growers around here went broke. Corn was selling at far below the actual cost of production. But I sold 20,000 pampas-plumes—one instance in which a luxury pulled me through a crisis in which necessities had no market value."

At one time Austria was importing from one to two million of Mrs. Strong's pampas-plumes annually. Germany was her main market until the Spanish-American War, when the orders suddenly ceased. London often took 500,000 plumes in a year. During harvest time, with seventy-five hands plucking at plumes, Mrs. Strong and her family lay them on the hot earth and spreading the plumes by hand that they might dry in the sun and not be ruined by a few of the plumes, she believes that they have many possibilities.

ALSO CLUB WOMAN

"They are absolutely insatiable and would make a whole except in the pampas is fine for grazing and much cheaper than alfalfa, because it spreads and covers so much ground, the fiber is very tough and would make splendid paper for bank notes."

But Mrs. Strong—who, by the way, is an active club woman despite her silver locks, having been instrumental in the founding of the Friday Morning Club—is content to oversee her vast properties. Perhaps some other, with the courage that drove her indomitably on during those long, hard years before the pampas plume suddenly waited for to fame and fortune, will carry on her work and convert this hardy South American grass into still more utilitarian purposes.

KNOW NAGGER BY HER SHOES

(Continued from 17th Page)

form her that they deal in nothing but rutabagas and bananas in that particular shop, and asks politely what kind of shoes these country trucks up into units 100 feet apart.

It makes it illegal for a truck with a trailer to follow another truck with a trailer closer than 100 feet. In the past motor truck trains have passed along a highway like elephants holding on to each other's tails with their trunks so close together that it was practically impossible for pleasure vehicles to get by. Instead of allowing this the new law will break such truck trains up into units 100 feet apart.

Much trouble has been caused from motorists stopping their cars on the highways to purchase vegetables or look at a scenery when the spirit prompted them. Under the old law it was only provided that vehicles undergoing repair must be moved off of the road. Instead of this, the new law says that no person shall leave an automobile standing on a road or street outside of the business or residence district when it is practicable to get the car off the road, and even then the owner must see to it that there is fifteen feet allowed for the passing of other motor vehicles.

Under the old law, in that now if the car is out of order and if it is disabled so that it cannot be moved, the owner is allowed to leave it temporarily on the highway while repairing it.

PASSING AND TURNING

A lot of motorists have complained that allowing a car to pass signals for making a turn, some headless driver behind comes whizzing past and pays no heed to the signal. The new law makes it illegal to pass another car at street intersections under the law, no motorist can pass another car who has given a signal, if the signal is given at the street intersection where you are making the turn, except upon the signal of the traffic officer at the street intersection.

A certain movie star last year had his State license revoked because he was arrested for speeding through a red light. From the State Department he secured a new license under another name, which happened to be his real name. There were other instances of motorists having their licenses revoked who went through the same procedure, and continued to drive their cars.

EVADING THE LAWS

Instead of allowing the evasion of the law, the new law makes it illegal for a motorist, whose license has been taken away, to operate a motor vehicle under a subterfuge. It will go very hard with those who are caught driving under such circumstances, and who are caught driving under such circumstances, and who are caught driving under such circumstances.

"Reckless driving" under the new law must be specifically defined. Instead of classifying all reckless driving as reckless driving, it will be defined as reckless driving, including speeding, etc., as "reckless" the new law provides that very definite charges must be made in this respect. In this way the reckless driver will be dealt with more harshly than others who are caught inadvertently speeding, although not actually endangering lives in doing so.

It is suggested that every auto driver get himself a copy of the new Motor Vehicle Act and read it from cover to cover, some summer evening, so that he can be well acquainted with all the angles to the various divisions, upon which this article only touches in the light of the new law.

There is a general sentiment developing among the authorities and members of the Automobile Club that a new era is to dawn when the new Motor Vehicle Act goes into effect. This new era will be in the form of greater law enforcement and less violation of the law.

TALE OF THE SEA

UNIVERSAL'S NEXT

OUTDOOR SCENES FOR NEW ADVENTURE STORY COMPLETED

With long location visits at Catalina and Laguna behind them, the members of the company at Universal City, which is making "The Storm Daughter" are glad that location exteriors are practically completed. Interior scenes of dramatic importance in the Universal-Jewel special are being filmed under the direction of George Archainbaud.

Priscilla Dean is starring at the head of an impressive cast which includes William B. Davidson, Tom Santschi, Bert Roach, Cyril Chadwick, and a host of other notable names of current fame. The story, written by Leete Kenick Brown and scenarized by Edward Montalene, is a sea tale of magnificent adventures, with Miss Dean as the daughter of an old-time skipper. It will require about two weeks more to complete the picture, which is of elaborate and spectacular character.

MOVIE STARS

The elaborate and often startling samples of foot-wear that ornament the shop windows are usually laid aside for stage and screen stars. While over ornate for ordinary wearers, they are "good business" for professionalists. The public, however, is not so easily won by their screen idols and would be horrified disappointed if their favorites appeared in public in such elaborate and gaudy heels. The satin pumps with the rhinestone trimmings, the slippers with the diamond heels, the gold, silver and jeweled sandals and brocade affairs that dazzle the eye. There's a reason for most things, as the breakfast food ads say, and a penchant for red-heeled shoes may not mean a color complex; it may merely denote an eye for business.

Oh, there are more things to be deduced from a shoe than its size, and more to be read than its price-tag.

NEW LAWS FOR
AUTOMOBILIST

(Continued from 17th Page)

the speed cops, under the new law, will have to be specific in their charges when they make out your notice of arrest, so that you will know what the heck you are being pinched for.

This business of driving on the right-hand side of the road contains an "instead of." Under the old law it was only provided that motorists proceed along on the right half of the highway. Instead of this, the new law says that the motorist must proceed on the right of the right half of the highway! In other words, he must keep close to the right-hand edge of the road.

The days when the fresh driver could whizz past you (going in the direction) and arrange the point off your running-board as he passed—are over. Instead of grazing your car, he must allow two feet clearance, according to the new law.

HORN HONKING

Under the old law it was provided that motorists honk their horns every time they passed anyone, no matter where it was. Instead of this, the new law merely provides that the horn must be honked everywhere except in business districts, or residence districts.

Instead of prohibiting you from passing other cars on a highway as was the case under the old law, you cannot pass other machines at curves or when the view is obstructed for a distance of 150 feet. In other words, points out the legal department of the Auto Club, if you can see for 150 feet or more ahead of you on a curve, it will be legal to pass other autos at that point.

A new provision is made in the motor vehicle law in regard to "following" other vehicles. Although it still provides that you cannot follow the vehicle closer than fifteen feet, there is a special provision for motor trucks with trailers.

TRUCKS AND TRAILERS

It makes it illegal for a truck with a trailer to follow another truck with a trailer closer than 100 feet. In the past motor truck trains have passed along a highway like elephants holding on to each other's tails with their trunks so close together that it was practically impossible for pleasure vehicles to get by. multitude to service but they might not have rendered but for a sense of gratitude. Christ thus expresses the rule:

"Her sins which are many, are forgiven; for she loved much; but to whom little is forgiven, the same loveth little."

Paul had been forgiven much and therefore, his love was great. Then, too, one who has been lifted from the depths knows the lifting power of God's love. Those who have felt the grip of an appetite for liquor—those who have yielded to appetite until in their delirium they have been horrified by the blinding of imaginary serpents—can warn the young against

"PLAYING IN CAIN'S"

New York Warehouse Port of Derelict Plays and Missing Revues; Little Salvage Possible

BY FREDERICK J. HASKIN (EXCLUSIVE DISPATCH)

NEW YORK CITY, Aug. 25.—When a theatrical production is staggering along on three legs and box-office receipts only mean gloomy news, the saying begins to go around among the company: "Well, I suppose next week this show'll be playing in Cain's Warehouse."

The institution referred to is a warehouse in New York City. There are other theatrical warehouses besides this one in New York. Most of the important producers now have their own storage rooms for properties and scenery. But "playing in Cain's" is a stock expression for closing a show. Even though a company may be a thousand miles from Broadway the saying remains the same.

This old theatrical warehouse is, accordingly, a well-known tradition, but very little more than the name is ever heard. The transfer and storage business of the theatrical world is not conducted along spectacular lines. Yet, like most everything connected with the stage, it has a picturesque aspect.

It is still the dull season of midsummer to the average citizen, but actors and producers are bustling about preparing new "Tall Tales" and launching them. Rehearsals are in full swing, and there is a great deal of moving and unpacking to be done. A new show is opening here, it is the business of a transfer company to assemble the production from all over the city. The sets have been built in a carpenter shop. Scenery has been painted in a scene painter's studio. The electrical apparatus has been especially constructed in an electrical company's shop. The costumes are at dressmaker establishments, and the man who designed the scenic effects most likely has selected the interior decorations.

Some producers order all these things to be assembled at the theater only three days before the play opens. But, with so many theatrical offerings specializing in elaborateness, assembling in a short time is a considerable task. It is not unusual for a production to be put together two or even three weeks ahead of time.

Rehearsals precede an opening more often than one, and this means an earlier arrangement of the show's belongings.

As reviews and musical comedies depend so greatly on scenic and lighting effects, and, as so many changes of scene are made in the course of a performance, it has been found that one rehearsal is not sufficient for the electricians and property men to master their parts. In a dramatic production, too, the success of the play may hinge on the precision with which these men work. A series of lighting effects badly timed, or too much light on a mysterious scene may spoil the

effect. What becomes finally of all the abandoned productions, the spangled bedecked costumes, the balcony scenes, and the twin beds so peculiar to the modern farce? A play that runs only a week may close with its scenery and costumes but slightly damaged. It would seem that the producer might recover something on his investment by selling a perfectly good drawing room with fireplace and door leading to conservatory.

LITTLE SALVAGE POSSIBLE Joseph Klaw, president of the Cain Company, says this isn't often possible. The trouble with the drawing-room mentioned is that the door probably isn't in the right place for any other play that may be produced in the near future. Playwrights build their stories around definite settings and every door and window must be located exactly according to stage directions given. So even if the door fits the specifications of another play demanding a drawing room, most likely the second drama, and the twin beds so peculiar to the modern farce, the result is not that a \$20,000 production is not worth more than \$500 when the play is done.

Electrical equipment can generally be used again. If period costumes are left over, the producer may sell them to a theatrical costumer. But a stage career is hard on all costumes. They deteriorate quickly, how quickly the statement that if a play is going to a big city after a few months' run, the production has to be renewed to a great extent.

BOOT MON! SIR HARRY'S A-COMIN'!

Dogged Persistence
by Cattish Commentator
Outcome Shows Yoke

William Morris, director of the waters of the sea of matrimony, has re-arranged a New Zealand cable from comedy star, Matt. No, they aren't, even if Harry didn't go quite the way it all happened this week. Harry is a devoted lover of the "big brutes," but she has a play a decided affection for the little tiny ones, and Harry is the sight of em.
Two weeks ago the comedy brought home three first dogs. They were handsome men. "They must go," said the wife.
"They shall stay, my dear," replied Harry.
"Then I shall get married," said Harry's friend with a mis-ling Harry's hatred for the male.
The war was on! The cats arrived in the did trouble.
Cat-quelling and dog-wrecked the home—and entire neighborhood.
"Regardless of the war," declared Mrs. Gibbon in the "Ditto," said Harry.
The landlord, however, was to change their minds, and to give a performance and bought a whole lot of nice, yellow canaries.

SCORES TRIUMPH BEFORE CAMERA

Sheldon Lewis

The outstanding feature in the screen success of Sheldon Lewis, classed at present as one of the finest character actors before the camera, is his ability to put over his characterizations through facial expressions and artistic acting rather than dependence upon artificial means of makeup. Lewis never uses putty to accent physical characteristics. His mimicry is superb and his expressive features lend themselves easily in portraying the thoughts that are passing through his mind.
Those who have seen the rushes of the Baby Peggy special feature production "Whose Baby Are You?" in which Lewis portrays an Italian emigrant proclaim it to be the finest piece of acting that has been seen on the silver sheet for a long time. In fact, it brought Lewis his present engagement of principal character lead in a sea story being directed by Jack O'Brien under the Irving Production banner. Although Lewis returned from the East only a few months ago this is his fourth big engagement.

MEMENTO OF SAMARIA IS PRIZED

Pilgrimage Player Owns
Cameo From Jacob's Well
of Biblical Fame

A quaint, crudely fashioned cameo ring, found by a Samaritan priest at Mt. Ghorizim, where historians record the locale of Jacob's Well, is the prized possession of Gloria Rollin, who plays the role of the Samaritan Woman in the Pilgrimage Play.
Miss Rollin, who was closely associated with the late Christine Vecherill Stevenson, transcriber and producer of this drama portraying the life of the Christ, cherishes the unique ring, not alone as a memento of the Holy Land, but as a gift from Mrs. Stevenson.
During her extensive travels and study in the biblical countries Mrs. Stevenson met the Samaritan priest, the owner of the ring. He was one of but 200 or so direct descendants of the Samaritan race which lived during that period when Christ was a man among men. Traditions and historical facts handed down from generation to generation were in the possession of this priest, who gave to Mrs. Stevenson valuable aid in her work of research in behalf of the Pilgrimage Play.
Among other treasures which the Samaritan priest entrusted to Mrs. Stevenson as rare gifts was this cameo ring, bearing a girl's head for its setting, and surrounding this a crudely wrought band of silver.
Miss Rollin played first under Mrs. Stevenson's direction in the "Light of Asia," produced by her several years ago. When the Pilgrimage Play was written by Mrs. Stevenson she personally selected Miss Rollin to play the part of the Woman of Samaria, a role which the latter has enacted each season of the play's presentation, and which she again fills this season.
Nightly, with the exception of Sundays, this picturesque drama, reverently portraying the life of the gentle Nazarene, is being presented in the beautiful out-of-door theater at the junction of Calhoun and Highland avenues. It's season is limited and throngs are filling the amphitheater to its capacity.

FILMS CUT TO STRAINS OF MUSIC Melody Effect on Screen Fans Learned

Herbert Brenon and Helene Warns

In cutting-room with phonograph

How does music affect people in motion-picture theaters? No one has ever taken the trouble to find out until Herbert Brenon, who has just completed the production for Paramount of Pola Negri's new starring picture, "The Spanish Dancer," and his film editor, Helene Warns, began work editing and cutting the thousands of feet of film made for this production.
Then they discovered a new use for music.
"If I only had music to cut it with," said Miss Warns, "I would know how the audience will feel when it appears on the screen. It would help me with the tempo also."
Mr. Brenon immediately procured his own phonograph with a supply of operatic records and Miss Warns began work.
At 7 o'clock the following morning, Mr. Brenon arrived at the little projection theater in the Paramount studio where film editing is done. He found Miss Warns working away to the strains of "Adeste Fideles."
She had worked twenty-two hours without rest and scarcely noticed the passage of time.
"The Spanish Dancer" will be the world's first motion picture which has actually been edited and cut to music. Antonio Moreno is featured opposite Miss Negri. Heading a strong cast are Wallace Beery, Kathryn Williams, Robert Agnew, Gareth Hughes and Adolphe Menjou.
Coming from the quiet hills of Hollywood, Zasu Pitts is seeing new York for the first time. She went east to play the role of Denise Arnault in Glenn Hunter's first Paramount picture, "West of the Water Tower," which Rollin Sturgeon is directing at the Long Island studio. Tom Gallery, her husband, accompanied her. They parked a 1-year old baby in Chicago.

Wide Appeal

"Hollywood" was so delighted with its western premiere on Tuesday at Grauman's Rialto that the play has settled down to shedding its brilliance for an indefinite run.
This James Cruze production is unique, as it brings the fascinating features of this "Mecca of the movies" before the eyes in a wholly new form. Stars and celebrities flash across the screen during the telling of this story of a little girl's struggle to attain fame as a film star. Hollywood has been thought about, read about and dreamed about throughout the world, and now it is seen in all its vividness. Its streets, studios, famous homes of famous stars, as well as the stars and celebrities, make "Hollywood" the most entertaining picture ever made.
James Cruze, who found success in abundance with his recent photoplay, "The Covered Wagon," has fully duplicated it in "Hollywood." Though both are of entirely different material and have been given different treatment, both have the spark of genius in the simpler things that mean so much in life.
In "Hollywood" the director took a story about a small-town girl who dreamed of a career in pictures and built a drama of thrills, tears and laughs on her experiences. It is the realism pervading every foot of the film that makes its appeal.
The cast of players of the little drama is not well-known, because they have not been seen in many films, but when it comes to the supporting players that is another story. Never in the history of pictures has such an aggregation of famous stars been seen in one production. There are Betty Compson, Theodore Kosloff, Thomas Meighan, Leatrice Joy, William Hart, Cecil and William De Mille, Nita Naldi, Jack Holt and fifty more.
After the Wrong Game
"Maud is forever fishing for compliments."
"Perhaps that is why she doesn't land a husband."

HINDU PHILOSOPHER FILMING HIS IDEAS

A. K. Mozumdar

Perhaps the most interesting of the newest arrivals among the ranks of motion-picture producers is A. K. Mozumdar, a Hindu of royal blood from Bengal and a religious leader, with thousands of followers all over the United States. His present headquarters is at the Cosmos Art Studios, where he is rapidly assembling his production staff and cast for the filming of his own story, entitled "Beyond the Veil." Fundamentally constructed for screen entertainment of the highest type, the story will point its moral in a most unique and persuasive manner.

DERELYS FINDS USE FOR CLAY

Medium Preserves Beauty
of Others Under Deft
Touch of Skilled Fingers

Art connoisseurs who are stopping in Los Angeles for a summer sojourn, together with members of the local art colony, have been trooping at regular intervals during the past month to the beautiful Edgemont Road home of Deryls Perdue, screen star, classical dancer and sculptress. This to admire her collection of clay models of famous modern dancers, as modeled from life by Miss Perdue.
Herself famous as a member of the original Marion Morgan dancers, Miss Perdue has been in contact at various times with the outstanding figures in the world of Terpsichore. For years a square with a mound of clay has been constantly at her side, on her make-up table, in dressing rooms or in her workshop.
"Oh, just one moment, madame," has been the arresting phrase which has enabled Miss Perdue to mold the likenesses of many of her subjects.
"I went back stage after a Pavlova matinee," said Miss Perdue, when questioned as to how she contrived to win the consent of the originals of her famous models. "Madame was just ready to leave when I halted her with my favorite phrase. Immediately I brought my clay into play. The phrase did the work—Miss Pavlova paused just for a minute or so, and with flying fingers I roughed in the outlines of the artist." With a flourish Miss Perdue indicated the statues and statuettes which stood about, among which were to be noted the clay counterparts of Anna Pavlova, Adeline Genee, Labovska, Ruth St. Denis, Ted Shawn, Gertrude Hoffman, Michael Nordkin, Adelaide, Maude Fulton and Bessie McCoy.
Miss Perdue is one of the stars of "Daytime Wives," which comes to Grauman's Million Dollar Theatre Monday.

Phenomenal 16-yr. old Pianiste

The hardest critics in the world are in this theater's private projection room. They were absolutely overwhelmed and gripped as if their own lives were at stake by the grim drama and pulsating tenderness of this magnificent picture. It scored the greatest success the little room ever witnessed.

The Coat Frock of Fall ~ \$35

A remarkable pricing! In Chameen, wool Reps and Poiret twills.

Chameen the much heralded fabric of autumn! Wool Reps—the material that fashions the coat frock of Paris predilection.

New fabrics in new coat frocks for Fall. And a cleverly new handling of the coat frock idea. A lightness of touch, a sureness of decoration that gives to the wearable coat frock—imagination.

Ecru jabots on a brown reps frock. A beltless, moulded waistline. Peasant embroideries. The "lingerie touches" so essential a part of smarter autumn costumes.

And \$35—their pricing—is a happy incident. They are not at all the usual \$35 frock.

The Fashion Sections—Bullock's—Third Floor

from Beller and Mangone!

A velvet frock with the new train!

From Mangone—a tailleur of Indo Chinese silhouette. Sung at the throat—rippling to the hem. Tailored of Rodier's new Rag Ruyon. From Beller—the loveliest of crepe—of mummy brown duvetyn banded, elegantly, in beaver.

Evening gowns of wedding ring velvet. Supple! Trailing the newest of trains. Wearing the inevitable bow of bleu de roi velvet. Bleu de roi—the blue of kings! And this same bleu de roi—in Georgette crepe—lines the sinuous train.

The Fashion Sections—Bullock's—Third Floor

A Tailleur—of Karavana

Bullock's Sportswear Store presents the tucked tailleur. The model sketched is fashioned of Karavana—collared and edged in caracul. A smart symphony in the mummy brown chosen by particular autumn tailleurs.

The coat is a Mangone interpretation of the decree that every smart wardrobe of fall shall possess one sports type coat—beltless, fur collared.

Typical of a comprehensive collection of sports wraps—developed in the plaided wools, the camel's hair, the Cumberland tweeds and striped wools—decreed for fall.

Guimpes whose duplicates have been recently in Bullock Stocks at prices far in excess of their remarkably low price for Monday.

—Do not picture the usual \$1.75 accessory—or the Guimpe that is a splendid value at \$1.75—but picture a Real Lace trimmed Guimpe that under drastic circumstances you might find at \$1.75—and then you may be able to visualize their true value.

—An unexpected and surprisingly unusual bit of good fortune which came to Bullock's—passed on to you, Monday, when these Guimpes come forward—at the pricing, \$1.75!

—Just at an apropos time—the in-between season time—when the well-preserved frock or tailleur of a former season undergoes a remarkable transformation when provided with one of these lovely net and lace creations, in tuxedo, Peggy neck, or full frill styles—Some with extensions—some without. Trimmed with Filet, Valenciennes and Venice.

—All of equal value—values such as Bullock's has never been able to offer before at such a low price: \$1.75 each!

New Linen Frocks, at \$7.95 Arrive With Fall Assurance

—Would new linen dresses arrive now if there were not a demand for them? It may seem late in the season for new linen frocks, but they are just that—not yet unpacked, as this is being written. After all, linen may be worn so attractively and comfortably right now and later may be taken for house use—good for the whole California Winter.

—These are straight piece garments, on semi-tailored lines in lovely colors of gray, tangerine, blue, brown and green. Sizes 16 to 44 all one price \$7.95.

—Section of Inexpensive Wash Dresses, Bullock's Third Floor, North Broadway.

Silk Sweaters Monday at the Surprising Price of \$14.95

—A wonderful value! La Reine of all knitted sweaters to be acquired now for the erstwhile price of a fibre garment. They are in two styles—the Tuxedo coat, which is collared, and the Swagger Coat, which is plainly finished with a knitted band.

—Both models are in novelty weaves which bring out to the fullest extent the gloss and sheen of the silk of which they are made. They are tied with braided sashes ending in tassels. These coats are ideal for occasions when the better sports clothes are demanded. Many soft attractive colors among this lot of but fifty offered for Monday's selling at \$14.95.

—Bullock's Fourth Floor, Monday.

Women Who Made the Pilgrimage Play a Success

The Star of Gold which is in the City Public Library. Mrs. Parslow is one of the many newcomers to the Southland who decided to make it her permanent abiding place. Her studio—she is a painter of landscapes as well as a writer—is at her home, 741 West Twenty-eighth street. In a recent interview she told how she used the French crystals in finishing oil paintings which give a light of nature on hills and water which change from the varying viewpoints as lights on the mountains change at sunset. This finish also brightens the pictures as though they were under artificial light.

Mrs. Parslow was formerly in New York and latterly she has been on the faculty of Jamestown College, North Dakota. Her poem follows:

Tested and tried by life's recording care,
I lay me down to rest, all unaware,
Of what I shall awake; but this I know
Peace pilots me and leads where'er I go.
Peace, bending low, repeats with accent clear
A glad refrain into my listening ear.
The words are there. "You're tried to do your best."
"Fear not, I'm with you now; Be not distressed."
Peace bids me come. Let no one challenge me!
As I embark upon the untrodden sea,
I'll say farewell with neither sigh nor moan.
Knowing full well Peace fears not the unknown.

State and District Federation Notes. Mrs. Robert J. Burdette, California director of the General Federation of Women's Clubs, and Mrs. Charles H. Toll, president of the Los Angeles district, will represent the State and district officials at the meetings of the Inyo County Federation of Women's Clubs, which will be held October 23 to November 2, and the latter October 16, 17 and 18.

The district council of the Los Angeles district will be held at the Bell clubhouse on September 24, from 10 a. m. to 4 p. m. As this is a larger audience than the ones in which former councils have been held, each of the three members of the club, preferably officers, luncheon will be served at 1 o'clock. Reservations may be made with Mrs. John C. Dunn, 209 New High street, telephone 673-19. The program will include addresses by Mrs. J. C. Dunn and Mrs. Toll and the following subjects will be discussed: "How to Budget Your Clubs," "How the District is Trying to Help Each Club," "The League of the Least," "Why We Need the Interest of the Younger Women and the Future of the League," "A short club institute will be conducted and twenty minutes will be allowed for a question box. Mrs. Toll requests each one to bring a notebook for district information.

As an example of club delinquency, Mrs. Toll has written 160 letters of importance to federated clubs and received only eleven replies.

Mrs. Andrew Hansen, president of San Luis Obispo County Federation, announced the convention of that district for November and is arranging for a series of meetings of clubs to be held en route, ending with the convention.

Mrs. John C. Dunn, corresponding secretary, reported that she had written sixty personal letters for district work, 176 president's letters, sixty-four postal, twenty-eight chairman letters and sent fifty blanks in the last month. Add to this she wrote 117 letters during her vacation last month and then she wrote the signal. And all this done for no pay!

Mrs. John W. Shook, chairman of American citizenship, announced the slogan for her department: Every Club Woman a Registered Voter. She said that the aim of the district to accomplish before the next Presidential election.

Mrs. Edna Sterrett, chairman of motion pictures, stated that the public can have better pictures if it will make the necessary sacrifice. Success in this department, she says, lies with the club members who must work and educate to make the best pictures pay best. She stated that she has already outlined work whereby the department will co-operate with the

churches in securing more good pictures.

Miss Frances Hartigan, chairman of education, said: "The children of today are the citizens of tomorrow. It is with them that the greatest work in this department must be done, aiding and educating the young people of the future. This is the purpose of the P. T. A."

The Big Sister League. Last Thursday an SOS call was sent out to all members of the Big Sister League to attend the meeting, prepared with thimbles and needles, to work for the benefit bazaar which will be given in November at the Trinity street home of the Los Angeles district, considering the summer season, and much enthusiasm was manifested in preparations for fall activities.

According to the monthly report of Mrs. R. T. Brain, secretary of the League of California, the league served to the residents of the home last month 2145 meals. In addition to the twenty-five wards of the county who live at the home and are cared for by the Big Sisters there are now seven assisted mothers and their babies, all of whom are enjoying the kindly care of this philanthropic organization.

Woman's City Club. The Woman's City Club will meet in Philharmonic Auditorium Monday, the 17th inst., 1 o'clock. Mrs. Frank A. Vanderlip, regional director of New York State branch of the national organization of the League of Women Voters, will speak. Mrs. Edward A. Simons, state chairman, will preside. Mrs. S. L. Wiley, chairman of membership, will introduce the members of her committee at a luncheon at her home, 956 Magnolia, Wednesday at noon.

Meetings of the Scenario Club are held every Thursday evening at 8 o'clock at the club, 1120 West Eleventh street. Lucius C. Dale is president and Robert W. M. Jr. is director and instructor. At the last meeting Mrs. W. C. Wright of Salt Lake City, where she is well-known in dramatic art circles, gave readings from the Life of Christ.

Hiking Club to Camp at Lake. The Roamer Hiking Club, an organization of young people, has planned a trip to Arrowhead Lake for September 1, 2 and 3, camping at Pinecrest resort.

Among the objects of the club are: to create a more general and thorough interest in hiking, to take the people of the cities out in the open and to work for the preservation of the national forests.

Further information regarding this trip and the club may be obtained from A. V. Taylor, telephone 351-634, or Edwin Sappoe, telephone 235-157.

Personal Notes. Mrs. Frank Geiger of the Wa Wan Club has just returned from a several weeks' tour of Northern California, which included the redwoods and the Russian River. In San Francisco she was the house guest of Mrs. Beaudette Morrow and was delightfully entertained by members of the Los Angeles musical colony who are engaged in professional work there. Since her return Mrs. Geiger has been entertaining as house guest, Katherine Warner Barnard of New York, known here several years ago as one of the leading sopranos of the West.

Katherine Edson, renowned

dancer, daughter of Charles Farwell Edson, the poet, has just returned to remain here until December when she is to present both dance and dramatic recitals before leading clubs of Southern California.

From Los Angeles, Miss Edson goes to New York, where she will present dance recitals for the remainder of the season. She has just appeared in the leading female role in the Sonoma Mission Centennial Pageant, written by Garnet Holme, in which she also directed the dances.

Francis Goldwater, who has furnished a great number of the programs for clubs in the last three seasons, and plans greater activity for the coming year, is going a step further and will have concert appearances for all of the artists she represents at the new Fine Arts Theater, 730 South Grand avenue, which she has just leased.

These concerts will give the clubwomen ideas for new programs, and will also serve to introduce splendid musicians, lecturers, and actors.

Recently Miss Goldwater was appointed the California representative of the Pond Lecture Bureau of New York City.

The Dobinson Players will be comfortably installed in a new home in Los Angeles this fall, according to Florence Dobinson, who plans to have a permanent exhibition of her famous collection of Shakespearean and modern plays. The group will be in the study of current drama in all of its phases.

Gertrude Rothe, who has been prominently identified with the dramatic activities in Los Angeles, will join the Dobinson Players this fall. There is much in the costume as well as modern plays which they will present before the clubs and in recital this coming season.

Pleasures to Come. Fall Vacations Still Has His Time Off to Come. Now is the heyday of the fall vacationist, for his time is still to come. And as each of the other members of the office staff drag their way unwillingly back to be chained to a desk for fifty more weeks he hastens to tell them of it. Their vacations are gone, dimly remembered things of the past. He is a glorious dream of things to be.

Our office, like all offices, I guess, has three classes of workers, said a member of a large organization who has been checking up the statistics for his firm on vacations. "In the first class are the men who have a little place in the country and who want to get off early in the summer to do some painting and other necessary repairs, and perhaps do a little work in the garden. They return jubilantly, relating what progress they have made. How that hen-house they had been intending to build for three years is finally up, what a transformation a few coats of paint effect, or what improvement

they have made in their garage."

"The second class are the regular vacationists, who take their two weeks off either in July or August. They go off to the country somewhere and come back tanned, tired and happy."

"In the third group are the fall or winter vacationists. This group is divided into several subdivisions. There is the crowd that goes off hunting late in the fall. There is another set who wait until the Christmas holidays come around and then they take a trip back home to be with the folks. And then there are those who are the true nature lovers and who go into the woods and mountains and who get half their pleasure from the beauty of the fall foliage. They say, too, that a fall vacation is more healthful, in that when they return the heat of summer is gone and so they do not lose the root of their vacation in the heat as do those who go earlier." [New York Sun and Globe.]

IN THE "GOOD OLD DAYS" It was in the early days of sleeping cars, when they measured the sheets by square inches and weighed the blankets on letter-scales.

It was also a suffering passenger who, in the darkness and jolting through the dark and chilly night, wondered whether, by error, he was sleeping between towels and would possibly find the sheets hanging over the towel-horn next morning.

"Porter," he cried, as the train gave a particularly vicious jolt and dragged his last sheet of bed-clothing aside, "bring me a cork-screw."

The porter came hurrying along the aisle.

"Sorry, sir," he said respectfully, "but we don't allow drinking in the berths."

"I don't want to drink!" retorted the suffering passenger. "I merely want to extract a pillow that has worked its way into my ear."

Delicate Job of Measuring. A matter which has been puzzling scientists since the day of Ben Franklin and before, is the amount and character of the electric current flowing across the surface of the earth. The Carnegie Institution for scientific investigation, has cruised over a large portion of the Atlantic Ocean, and measured or computed the magnetic force around several of the ocean paths. Reports of measurements around the entire United States show that a current of positive electricity of about 1.30 of an ampere square kilometer was found to be flowing upward.

EDUCATION IN BRIEF. A professional ball player and manager of baseball teams has in a few words pointed out a fundamental distinction between the educated and uneducated mind. "The college boy," he says, "or anyone with even a partly trained mind, tries to find out his faults and correct them. The uneducated fellow usually tries to hide his." It is clear enough which of the two will go faster and farther. [Exchange.]

Matting Cases \$1.95. Unusually splendid quality and workmanship for so little price as \$1.95. Made over staunch wood frames—fitted with catches, strong, easy to handle and good lock. These cases are light weight—convenient in use and equal to any value for the distinguished Bullock's Leather Store this August.

3-Pocket Cowhide Bags, \$7.95. 16 or 18 inch size—Calf or Brown from which choose and choice of 3 or 4 piece models. Carefully made of good quality cowhide and leather lining. Monday at Bullock's Leather Shop—\$7.95.

Amber or Shell Finish Cases, \$23.95. And these are the "Fitted in the lid" cases. Any woman would be proud to place these beautiful fittings on her vanity table. The cases are 20 and 22 inch size—reinforced frames covered with elegant leather or cloth and finished with double leather. All are on wheels.

A very special August Monday at \$23.95. Bullock's Hill St.

WOMEN'S WORK. WOMEN'S CLUBS. BY MYRA NYE. Boys went with their Sunday-school teacher and myself to the Pilgrimage Play in the hills at Hollywood last Saturday night. I was an experience I shall never forget.

I had expected a definite story to tell, perhaps tedious and amusing, but the reaction to the play was a great and sustained interest. The story of a midsummer night's dream was set under the stars and saw the magic life of the story unfold before them. The play was a revelation of the life of the Pilgrimage Play and the life of the Pilgrimage Play. The play was a revelation of the life of the Pilgrimage Play and the life of the Pilgrimage Play.

Hundreds of Home Furnishing Selections

1-2 Price

Every item on this page is from regular stock—and each reduced now to exactly ½ former price.

A great collection of very fine home furnishings—now at less than the usual price of the commonplace. A good range of inexpensive merchandise—now amazingly low.

Radically low prices of these offerings compel the ruling: No telephone or mail orders. No goods sent C. O. D. nor held for future delivery. No exchanges or refunds. Right reserved to limit quantities in all cases.

Countless other values—at varying reductions will be found throughout the store.

Sale Begins Monday 9 a. m.
